## **PRE-PAYMENTS**

Parents are encouraged to pay in advance for meals and snacks. At any time during the school year parents may send in money to be applied to their student(s) meal account(s). As the student makes purchases in the cafeteria, the amount will be deducted from the balance. The cafeteria staff will remind the student when it is time to add more money to their account. You may send cash or a check with your student or you can also pay online. If your student does not know their lunch number the cafeteria staff would be happy to look it up for them.

## **NOW ACCEPTING ONLINE PAYMENTS**

The Pacific Grove Unified School District Food Service Department is now offering a new internet service to help parents better manage their student's school meal account. This new service is available now at [www.EZSchoolPay.com](http://www.EZSchoolPay.com). You can use EZSchoolPay.com to make pre-payments to your student's meal account anytime using your VISA or MasterCard (credit or debit). Online payments are available for students to use within minutes.

Parents will be instructed to create an account and link their student to the account before entering a credit. To do this you will need your student's number. To receive your student's number please email or call the Student Nutrition Director.
