PROCEDURES

COMPLAINT PROCEDURES The Pacific Grove Unified School District Board of Education recognizes that the district has primary responsibility for insuring that it complies with state and federal laws and regulations governing educational programs. The district shall follow complaint procedures when addressing complaints alleging unlawful discrimination or failure to comply with state or federal law in adult basic education, consolidated categorical aid programs, migrant education, vocational programs, and special programs.

The Board prohibits retaliation in any form for the filing of a complaint, the reporting of instances of discrimination, or for participation in complaint procedures. Such participation shall not in any way affect the status, grades, or work assignments of the complainant.

The Board acknowledges and respects student and employee rights to privacy. Discrimination complaints shall be investigated in a manner that protects the confidentiality of the parties and the facts. This includes keeping the identity of the complainant confidential except to the extent necessary to carry out the investigation proceedings, as determined by the Superintendent or designee on a case-by-case basis.

The Superintendent or designee shall ensure that employees designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. Such employees may have access to legal counsel as determined by the Superintendent or designee.

The Board recognizes that a neutral mediator can often suggest an early compromise that is agreeable to all parties in a dispute. Whenever all parties to a complaint agree to try resolving their problem through mediation, the Superintendent or designee shall initiate a mediation process before beginning a formal complaint investigation. The Superintendent or designee shall ensure that mediation results are consistent with state and federal laws and regulations.
