Notwithstanding the above requirements for prior written consent, the district may administer to students in grades 7-12 anonymous, voluntary, and confidential research and evaluation tools to measure student health risks and behaviors, including tests and surveys about student attitudes or practices related to sex as long as parents/guardians are provided written notice and given an opportunity to request, in writing, that their child not participate. No student shall be subject to penalty for his/her parent/guardian's exercise of any of the rights stated above.

Health Examinations

Authorized school officials may administer to any student any physical examination or screening permitted under California law. However, no student shall be subjected to a nonemergency, invasive physical examination without prior written notice to his/her parent/guardian, unless an applicable state law authorizes the student to provide consent without parent/guardian notification. (20 USC 1232h)

Policy 5030: Student Wellness

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 12/01/2016

The Board of Trustees recognizes the link between student health and learning and desires to provide a comprehensive program promoting healthy eating and physical activity for district students. The Board is committed to providing a school environment that promotes and protects student mental, physical, and emotional health and well-being, recognizing the important connection between healthy lifestyle choices and a student's ability to learn and achieve high standards. The Board values students and respects their right to receive a high quality education in a setting free from commercial influences. The Superintendent or designee shall coordinate and align district efforts to support student wellness through health education, physical education and activity, health services, nutrition services, psychological and counseling services, and a safe and healthy school environment. In addition, the Superintendent or designee shall develop strategies for promoting staff wellness and for involving parents/guardians and the community in reinforcing students' understanding and appreciation of the importance of a healthy lifestyle.

School Wellness Council

The Superintendent or designee shall encourage parents/guardians, students, food service employees, physical education teachers, school health professionals, Board members, school administrators, and members of the public to participate in the development, implementation, and periodic review and update of the district's student wellness policy. (42 USC 1758b; 7 CFR 210.31)

Goals for Nutrition, Physical Activity, and Other Wellness Activities

The Board shall adopt specific goals for nutrition promotion and education, physical activity, and other school-based activities that promote student wellness. In developing such goals, the Board shall review and consider evidence-based strategies and techniques. (42 USC 1758b; 7 CFR 210.31)

The district's nutrition education and physical education programs shall be based on research, shall be consistent with the expectations established in the state's curriculum frameworks and content standards, and shall be designed to build the skills and knowledge that all students need to maintain a healthy lifestyle.

The nutrition education program shall include, but is not limited to, information about the benefits of healthy eating for learning, disease prevention, weight management, and oral health. Nutrition education shall be provided as part of the health education program and, as appropriate, shall be integrated into other academic subjects in the regular educational program, before- and after-school programs, summer learning programs, and school garden programs.

All students shall be provided opportunities to be physically active on a regular basis. Opportunities for moderate to vigorous physical activity shall be provided through physical education and recess and may also be provided through school athletic programs, extracurricular programs, before- and after-school programs, summer learning programs, programs encouraging students to walk or bicycle to and from school, in-class physical activity breaks, and other structured and unstructured activities.

The Board may enter into a joint use agreement or memorandum of understanding to make district facilities or grounds available for recreational or sports activities outside the school day and/or to use community facilities to expand students' access to opportunity for physical activity.

In order to ensure that students have access to comprehensive health services, the district may provide access to health services at or near district schools and/or may provide referrals to community resources.

The Board recognizes that a safe, positive school environment is also conducive to students' physical and mental health and thus prohibits bullying and harassment of all students, including bullying on the basis of weight or health condition.

The Superintendent or designee shall encourage staff to serve as positive role models for healthy eating and physical fitness. He/she shall promote work-site wellness programs and may provide opportunities for regular physical activity among employees.

Nutrition Guidelines for All Foods Available at School

For all foods and beverages available on each campus during the school day, the district shall adopt nutrition guidelines which are consistent with 42 USC 1758, 1766, 1773, and 1779 and federal regulations and which support the objectives of promoting student health and reducing childhood obesity. (42 USC 1758b)

In order to maximize the district's ability to provide nutritious meals and snacks, all district schools shall participate in available federal school nutrition programs, including the National School Lunch and School Breakfast Programs and after-school snack programs, to the extent possible. When approved by the California Department of Education, the district may sponsor a summer meal program.

The Superintendent or designee shall provide access to free, potable water in the food service area during meal times in accordance with Education Code 38086 and 42 USC 1758, and shall encourage students' consumption of water by educating them about the health benefits of water and by serving water in an appealing manner.

The Board believes that all foods and beverages sold to students at district schools, including those available outside the district's reimbursable food services program, should support the health curriculum and promote optimal health. Nutrition standards adopted by the district for foods and beverages provided through student stores, vending machines, or other venues shall meet or exceed state and federal nutrition standards.

The Superintendent or designee shall encourage school organizations to use healthy food items or non-food items for fundraising purposes.

He/she also shall encourage school staff to avoid the use of non-nutritious foods as a reward for students' academic performance, accomplishments, or classroom behavior.

School staff shall encourage parents/guardians or other volunteers to support the district's nutrition education program by considering nutritional quality when selecting any snacks which they may donate for occasional class parties. Class parties or celebrations shall be held after the lunch period when possible.

To reinforce the district's nutrition education program, the Board prohibits the marketing and advertising of foods and beverages that do not meet nutrition standards for the sale of foods and beverages on campus during the school day. (Education Code 49431.9; 7 CFR 210.31)

Program Implementation and Evaluation

The Superintendent designates the individual(s) identified below as the individual(s) responsible for ensuring that each school site complies with the district's wellness policy. (42 USC 1758b; 7 CFR 210.31)

School Nutrition Director

The Superintendent or designee shall assess the implementation and effectiveness of this policy at least once every three years. (42 USC 1758b; 7 CFR 210.31)

The assessment shall include the extent to which district schools are in compliance with this policy, the extent to which this policy compares to model wellness policies available from the U.S. Department of Agriculture, and a description of the progress made in attaining the goals of the wellness policy. (42 USC 1758b)

The Superintendent or designee shall invite feedback on district and school wellness activities from food service personnel, school administrators, the wellness council, parents/guardians, students, teachers, before- and after-school program staff, and/or other appropriate persons.

In addition, the Superintendent or designee shall prepare and maintain the proper documentation and records needed for the administrative review of the district's wellness policy conducted by the California Department of Education (CDE) every three years.

Policy 5111.1: District Residency

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 05/01/2018

Children attending public school are required to attend school in the school district wherein their parent/legal guardian resides, unless explicitly authorized to attend school in another district. Pacific Grove Unified School District is a "basic aid" school district, unlike most other school districts in the state, and as such, the state does not provide funding to the district to educate children who reside in other school districts. As a result, the enrollment of students whose parent/legal guardian reside in other school districts reduces the educational resources available for resident students and increases class size. It is therefore the District's policy to require valid proof of residency for all students. Reasonable evidence of residency for a pupil living with his or her parent or legal guardian shall be established by documentation showing the name and address of the parent or legal guardian within the school district, including, but not limited to, (Education Code 48204.1) specific requirements as listed in Regulations 5111.1

The Superintendent or designee shall annually notify parents/guardians of all existing attendance options available in the district, including, but not limited to, all options for meeting residency requirements for school attendance. (Education Code 48980)

The Superintendent or designee shall require parents/guardians to provide documentation of the student's residency upon request for admission to a district school. (Education Code 48204) A copy of the document or written statement offered as verification of residency shall be maintained in the student's mandatory permanent record. (5 CCR 432)

When establishing students' residency for enrollment purposes, the Superintendent or designee shall not inquire into the citizenship or immigration status of students or their family members. (Education Code 234.7)

A student's enrollment may be denied when the submitted documentation is insufficient to establish district residency. In any such case, the Superintendent or designee shall notify the parent/guardian in writing, including specific reasons for the denial.

Investigation of Residency

- a. The Superintendent or designee is authorized to require the parent/legal guardians of students to provide to the District verifiable documentary evidence of residency, to execute affidavits attesting to residency, and to otherwise prove residency to the satisfaction of the District on request. Proof of residency shall be required annually.
- b. The Superintendent or designee is authorized to investigate any cases where the District is able to identify specific, articulable facts that support the belief that the parent/guardian has provided false or unreliable evidence of residency (Education Code 48204.1, 48204.2)
- c. The Superintendent or designee may assign a trained district employee to conduct the investigation. The investigation may include the examination of records, including public records, and/or interviews of persons who may have knowledge of the student's residency.
- d. If necessary, the Superintendent or designee may employ the services of a private investigator. Before hiring a private investigator, the Superintendent or designee shall make other reasonable efforts to determine whether the student resides in the district. (Education Code 49204.2)
- e. The investigation shall not include the surreptitious collection of photographic or videographic images of persons or places subject to the investigation. However, the use of technology is not prohibited if done in open and public view. (Education Code 48204.2)
- f. Any employee or contractor engaged in the investigation shall truthfully identify himself/herself as an investigator to individuals contacted or interviewed during the course of the investigation. (Education Code 48204.2)
- g. If the Superintendent or designee determines that a student currently enrolled in the District is not a resident of the District, the student shall be disenrolled from the District, effective the Friday of the week following the determination of non-residency. If the student moves out of the District during the course of the year, and

notifies the District of the change of residency then the student may apply for an interdistrict transfer agreement to allow the student to remain until the end of the current semester. In cases where transferring to a new school district after the end of the first semester would cause a severe hardship, the Superintendent is authorized to grant the interdistrict transfer through the end of the current school year. In determining severe hardship, the Superintendent shall consider evidence provided by the parent.

- h. In the event the District becomes aware of any violation of law during the course of enforcing this policy, including violation of fraud or perjury statutes, the Superintendent or designee may refer such matters to the appropriate law enforcement authorities for criminal investigation.

Appeal of Enrollment Denial

- a. If the Superintendent's designee, upon investigation, determines that a student does not meet district residency requirements and denies the student's enrollment in the district, he/she shall provide the student's parent/guardian an opportunity to appeal that determination to the Superintendent. (Education Code 48204.2)
- b. The Superintendent's designee shall send the student's parent/guardian written notice specifying the basis for the district's determination. This notice shall also inform the parent/guardian that he/she may, within 10 school days, appeal the decision to the Superintendent and provide new evidence of residency.
- c. The burden shall be on the parent/guardian to show why the district's determination to deny enrollment should be overruled. (Education Code 48204.2)
- d. A student who is currently enrolled in the district shall be allowed to remain in attendance at his/her school pending the results of the appeal. A student who is not currently enrolled in the district shall not be permitted to attend any district school unless his/her appeal is successful.

In an appeal to the Superintendent of a determination that district residency requirements were not met, the Superintendent shall review any evidence provided by the parent/guardian or obtained during the district's investigation and shall make a decision within 10 school days of receipt of the parent/guardian's request for the appeal. The Superintendent's decision shall be final.

Regulation 5111.1: District Residency

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 05/01/2018

Criteria for Residency

A student shall be deemed to have complied with district residency requirements for enrollment in a district school if he/she meets any of the following criteria:

1. The student's parent/guardian resides within district boundaries. (Education Code 48200) A minor's residence is presumed to be the legal residence of the parent/guardian who has physical custody of the minor. Temporary residence within district boundaries, solely for the purpose of enrolling a student in a district school is insufficient to establish residency for purposes of enrollment. In addition, a person who owns, rents, or leases property within district boundaries, but who does not reside within district boundaries, is not a resident for purposes of enrollment. In order to be enrolled in a district school, the student's primary parent/guardian must continually reside within district boundaries at the time of the student's application for enrollment and throughout the entire period of enrollment in the district. A post office box will not be accepted as proof of residency.
2. The student is placed within district boundaries in a regularly established licensed children's institution, a licensed foster home, or a family home pursuant to a court-ordered commitment or placement. (Education Code 48204)
3. The student is admitted through an interdistrict attendance option. (Education Code 46600, 48204, 48301, 48356)
4. The student is an emancipated minor residing within district boundaries. (Education Code 48204)
5. The student lives with a caregiving adult within district boundaries and the caregiving adult files an affidavit executed under penalty of perjury in accordance with Family Code 6552. The caregiving adult shall establish residency within the district by providing the required documentation specified in this regulation. (Education Code 48204)
6. The student resides in a state hospital located within district boundaries. (Education Code 48204)
7. The student is confined to a hospital or other residential health facility within district boundaries for treatment of a temporary disability. (Education Code 48204, 48207)
8. The student's parent/guardian resides outside district boundaries but is employed within district boundaries and lives with the student at the place of employment for a minimum of three days during the school week. The employer shall establish residency within the district by providing the required documentation specified in this regulation and shall confirm the employment of the parent/guardian and the employed residency of parent/guardian and student. (Education Code 48204)
9. The student's parent/guardian, while on active military duty pursuant to an official military order, is transferred or is pending transfer to a military installation within the state. In compliance with AB 2949. (Education Code 48204.3)
10. The student's parent/guardian was a resident of California who departed the state against his/her will due to a transfer by a government agency that had custody of the parent/guardian, a lawful order from a court or government agency authorizing his/her removal, or removal or departure pursuant to the federal Immigration and Nationality Act, and the student lived in California immediately before moving out of state as a result of his/her parent/guardian's departure. (Education Code 48204.4)
11. When there is a shared custody court order or custody agreement, or a split family household, and the student resides within district boundaries for the majority (at a minimum, three) of school weeknights. In cases where there is a court ordered custody agreement of a minor student and only one parent/guardian resides within the district, the student must maintain his/her residence with the parent/guardian who resides in the district for the majority (at a minimum, three) of school weeknights. The parent/guardian shall provide a certified copy of the court order or custody agreement to the district. In the absence of a certified court order or custody

agreement, the parent/guardian residing within the district must complete the Custody Declaration section of the PGUSD Residency Affidavit.

Proof of Residency

Prior to admission in district schools, students shall provide proof of residency. A student can only have one residence for purposes of establishing residency. Residency within the district is required and defined as residence within the district for a minimum of three school nights per week. The superintendent or designee will annually verify each student's district residency status and retain a copy of the document or written statement offered as verification in the student's mandatory permanent record.

The district shall not solicit or collect information or documents regarding the citizenship or immigration status of students or their family members for the purpose of determining residency within the district. (Education Code 234.7)

Evidence of residency may be established by documentation showing the name and address of the parent/guardian within the district, including, but not limited to, any of the following: (Education Code 48204.1)

1. The most recent copy of the Monterey County property tax bill or a mortgage statement in the name of the parent/guardian; or

However, a homeless or foster youth

(Education Code 48645.5, 48852.7, 48853.5; 42 USC 11432)

Safe at Home/Confidential Address Program

When a student or parent/guardian participating in the Safe at Home program requests that the district use the substitute address designated by the Secretary of State, the Superintendent or designee may request the actual residence address for the purpose of establishing residency within district boundaries but shall use the substitute address for all future communications and correspondence and shall not include the actual address in the student's file or any other public record. (Government Code 6206, 6207)

Investigation of Residency

The following requirements apply to a district investigation into the residency of a student:

- a. The private investigator or district employee may not surreptitiously photograph or video-record students who are being investigated. "Surreptitious photographing or video-recording" means the covert collection of photographic or video-graphic images of persons or places subject to an investigation. - b. Employees or contractors of the district engaged in student residence investigations (including private investigators) must identify themselves truthfully as such to individuals contacted or interviewed during the course of the investigation.

If the Superintendent or designee determines that a student currently enrolled in the district is not a resident of the district, the student shall be disenrolled from the district, effective the Friday of the week following the final determination of nonresidency by the Superintendent or designee.

In the event the district becomes aware of any violation of law during the course of enforcing this policy and regulations, including violation of fraud or perjury statutes, the Superintendent or designee may refer such matters to the appropriate law enforcement authorities for criminal investigation.

Policy 5112.3: Student Leave Of Absence

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 07/01/2012

The Board of Trustees recognizes the importance of regular school attendance in promoting student achievement. However, the Board also recognizes that, in rare circumstances, it may be beneficial for a student to participate in opportunities outside the school which contribute to his/her educational experience.

The Superintendent or designee may grant student leaves of absence for the purpose of supervised travel, study, training, or work not available to the student under another educational option. Such leave may be granted to a student 15 years of age or older in the regular program and to a student age 16-18 in the continuation education program. (Education Code 48232, 48416)

No more than one percent of the students enrolled and attending a school shall be granted a leave of absence during any school year. (Education Code 48232, 48416)

When feasible, students shall be encouraged to instead enroll in the district's independent study program to allow for greater contact and coordination with district staff.

Regulation 5112.3: Student Leave Of Absence

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 07/01/2012

Upon request, the Superintendent or designee may grant a student a leave of absence from school for the purpose of supervised travel, study, training, or work. To be eligible for such leave, the student shall, at the time the leave of absence is to begin, be at least 15 years of age or, if he/she is enrolled in continuation education classes or exempted from continuation education classes pursuant to Education Code 48410, be 16-18 years of age. (Education Code 48232, 48416)

A written agreement shall be entered into that is signed by the student's parent/guardian, the principal or designee of the school which the student would otherwise attend, a classroom teacher familiar with the student's academic progress, and the district's supervisor of child welfare and attendance. In the case of a continuation education student, the student also shall sign the written agreement. The agreement shall include: (Education Code 48232, 48416)

1. The purpose of the leave
2. The length of the leave
3. Provision for a meeting or contact between the student and a designated school official at least once a month while the student is on leave
4. A statement that the leave is for the purpose of supervised travel, study, training, or work not available to the student under another educational option

The length of the leave may be up to one semester, or up to two semesters for a continuation education student. The leave may be extended for an additional semester upon approval of all parties to the written agreement and the local school attendance review board. No leave of absence may be taken that would continue past the end of the school year in which the leave is taken. (Education Code 48232, 48416)

The student shall be permitted to return to school at any time and shall not be prevented from completing his/her academic requirements within a time period equal to that of his/her classmates who did not take leave, plus a period of time equal to the leave of absence. If the student re-enrolls at a time other than the beginning of a semester, the school shall not be required to provide make-up sessions for classes missed. (Education Code 48232, 48416)

If the student does not contact the designated school official as required by the written agreement, the leave shall be nullified. The agreement also may be nullified for cause at any time by any party to the agreement. (Education Code 48232, 48416)

Policy 5112.5: Open/Closed Campus

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 07/01/2018

The Board of Trustees strongly believes that student safety is of the highest priority. In order to keep students in a supervised, safe and orderly environment, the Board of Trustees establishes a closed campus at all district schools for students in grades K through 10th. However, in order to give upper grade students (Juniors and Seniors) an opportunity to demonstrate responsibility and positive citizenship, the Board of Trustees establishes an open campus which gives eligible Junior and Senior students the privilege of leaving campus during lunch. The Board believes that a closed campus for freshmen and sophomores encourages them to participate in school activities, rather than following other pursuits that may not be in their best interests and aligns with the Board's efforts to maintain a safe school environment.

Closed Campus

Students shall not leave the school grounds at any time during the school day without written permission of their parents/guardians and school authorities. Students who leave school without authorization shall be classified truant and subject to disciplinary action.

Student handbooks shall fully explain all rules and disciplinary procedures involved in the maintenance of the closed campus.

Open Campus - Junior and Senior

The Board of Trustees establishes a closed campus at all district schools; however Juniors and Seniors who meet eligibility requirements may leave campus during lunch. The Board views this program as an opportunity for those students to demonstrate responsibility and positive citizenship. Eligibility requirements are based upon academic performance and attendance standards. The open campus privilege may be revoked for Juniors and Seniors who do not meet the eligibility standards or for disciplinary reasons. The Superintendent or designee may temporarily close the campus to all students at different times of the year as deemed appropriate for school safety and school spirit.

At the beginning of the school year, the Superintendent or designee shall notify parents/guardians about the open/closed campus policy option as required by law. (Education Code 44808.5)

The district, Board of Trustees members and district employees shall not be liable for the conduct and safety of students who leave school grounds during the lunch period. (Education Code 44808.5)

Policy 5113: Absences And Excuses

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 03/01/2017

The Board of Trustees believes that regular attendance plays an important role in student achievement. The Board shall work with parents/guardians and students to ensure their compliance with all state attendance laws and may use appropriate legal means to correct problems of chronic absence or truancy.

Absence from school shall be excused only for health reasons, family emergencies, and justifiable personal reasons, as permitted by law, Board policy, and administrative regulation. (Education Code 48205)

Student absence for religious instruction or participation in religious exercises away from school property may be considered excused subject to law and administrative regulation. (Education Code 46014)

Inasmuch as school attendance and class participation are integral to students' learning experiences, parents/guardians and students shall be encouraged to schedule medical and other appointments during non-school hours.

Students shall not be absent from school without their parents/guardians' knowledge or consent, except in cases of medical emergency or, as authorized pursuant to Education Code 46010.1, for a confidential medical appointment.

The Board shall, by resolution entered into its minutes, approve reasonable methods that may be used to verify student absences due to illness or quarantine. (5 CCR 421)

(Education Code 46014)

13. Work in the entertainment or allied industry (Education Code 48225.5)

Unexcused Absences

The Board desires to emphasize the importance of school attendance. Therefore, students with excessive unexcused absences (25% of the school days in a grading period) may receive a failing grade and may not receive credit for the class(es).

Allowable Credit Due to Unexcused Absences

Parents or guardians may be allowed, on a limited basis, to have students submit pre-approved class work or assignments for partial or full credit due to an unexcused absence.

- a. The parent/guardian must request approval from the site principal in advance of the absence. Parents are strongly discouraged from scheduling non-medical appointments, business or vacation travel during times when school is in session, as these are considered unexcused absences. Any parent contemplating family travel during school must contact the school at least two weeks prior to the absence to ascertain its probable impact on their child's academic and credit situation.
- b. Approval for allowable credit due to an unexcused absence may be granted for up to ten (10) days per school year if the absence is due to business or travel that has demonstrable educational value and the student's academic progress will not be impeded as a result.
- c. Teacher or Administrative pre-approved students absences for school sponsored events may be eligible for full credit outside of the allowable days noted in (b) above.
- d. The maximum number of days of allowable credit shall be ten (10) days per school year, except in unusual circumstances.
- e. Make-up work and/or tests will not be provided for unexcused absences in excess of the established limits.

Method of Verification

For other absences, the student shall, upon returning to school following the absence, present a satisfactory explanation, either in person or by written note, verifying the reason for the absence. Absences shall be verified by the student's parent/guardian, other person having charge or control of the student, or the student if age 18 or older.

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 10/01/2020

Definitions

Chronic absentee means a student who is absent for any reason on 10 percent or more of the school days in the school year, when the total number of days the student is absent is divided by the total number of days the student is enrolled and school was actually taught in the regular schools of the district, exclusive of Saturdays and Sundays. (Education Code 60901)

Truant means a student who is absent from school without a valid excuse three full days in one school year, or tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof. (Education Code 48260)

Habitual truant means a student who has been reported as a truant three or more times within the same school year, provided the district has made a conscientious effort to hold at least one conference with the student and the student's parent/guardian after either of the two previous reports. (Education Code 48262, 48264.5)

Chronic truant means a student who has been absent from school without a valid excuse for 10 percent or more of the school days in one school year, from the date of enrollment to the current date, provided the district has met the requirements of Education Code 48260, 48260.5, 48261, 48262, 48263, and 48291. (Education Code 48263.6)

A valid excuse may include other reasons that are within the discretion of school administrators and, based on the facts of the student's circumstances, are deemed to constitute a valid excuse. (Education Code 48260)

Addressing Chronic Absence

When a student is identified as a chronic absentee, the Superintendent, attendance supervisor, or designee shall communicate with the student and the student's parents/guardians to determine the reason(s) for the excessive absences, ensure the student and parents/guardians are aware of the adverse consequences of poor attendance, and jointly develop a plan for improving the student's school attendance.

The student may be referred to a student success team or school-site attendance review team to assist in evaluating the student's needs and identifying strategies and programs to assist the student. When necessary, the student may be referred to a school attendance review board (SARB) program, a truancy mediation program established by the district attorney or the probation officer, or a comparable program deemed acceptable by the Superintendent or designee, in accordance with Education Code 48263 and item #3 in the section "Addressing Truancy" below.

A student who is struggling academically may be offered tutoring or other supplemental instruction, extended learning opportunities, and/or alternative educational options as appropriate.

Students who are absent shall be given an opportunity to make up missed assignments or assessments and shall receive full credit for satisfactory completion of the work. Students with excessive absences shall be supported to the extent possible to limit the impact of absences on the student's grades.

Whenever chronic absenteeism is linked to a health, social-emotional, family, or other nonschool issue, the Superintendent or designee may recommend school or community resources and/or collaborate with community agencies and organizations to address the needs of the student and the student's family.

Addressing Truancy

An attendance supervisor or designee, peace officer, probation officer, or school administrator or designee may, as applicable, arrest or assume temporary custody during school hours of any minor student found away from home who is absent from school without a valid excuse. - e. The Superintendent, attendance supervisor, or designee may notify the district attorney and/or probation officer of the student's name and the name and address of the student's parents/guardians. (Education Code 48260.6)

2. Second truancy

- f. The Superintendent or designee may notify the district attorney and/or probation officer when the student continues to be classified as a truant after the parents/guardians have been notified in accordance with item #1b above. (Education Code 48260.6)

3. Third truancy (habitual truancy)

- a. A student who is habitually truant, a chronic absentee, or habitually insubordinate or disorderly during attendance at school may be referred to, and required to attend, a SARB program, a truancy mediation program established by the district attorney or the probation officer, or a comparable program deemed acceptable by the Superintendent or designee. (Education Code 48263, 48264.5)
- b. Upon making a referral to the SARB or the probation department, the Superintendent, attendance supervisor, or other person designated to make the referral shall provide the student, the student's parent/guardian, and SARB or probation department with documentation of the interventions undertaken at the school. The attendance supervisor or designee shall also provide the student and the student's parent/guardian, in writing, the name and address of the SARB or probation department and the reason for the referral. This notice shall indicate that the student and the student's parent/guardian shall be required, along with the district staff person making the referral, to meet with the SARB or a probation officer to consider a proper disposition of the referral. (Education Code 48263)
- c. If the student does not successfully complete the truancy mediation program or other similar program, the student shall be subject to item #4 below. (Education Code 48264.5)
- d. If the Superintendent or designee determines that available community services cannot resolve the problem of the truant or insubordinate student or if the student and/or the student's parents/guardians have failed to respond to the directives of the district or to services provided, the Superintendent or designee may so notify the district attorney and/or the probation officer. (Education Code 48263)

4. Fourth truancy

- a. Upon the fourth truancy within the same school year, the student may be referred to the jurisdiction of the juvenile court. (Education Code 48264.5; Welfare and Institutions Code 601)
- b. If a student has been adjudged by the county juvenile court to be a habitual truant, the Superintendent or designee shall notify the juvenile court and the student's probation or parole officer whenever the student is truant or tardy on one or more days without a valid excuse in the same or succeeding school year, or is habitually insubordinate or disorderly at school. The juvenile court and probation or parole officer shall be notified within 10 days of the violation. (Education Code 48267)

5. Chronic truancy (unexcused absence for 10 percent of school days)

- a. The Superintendent or designee shall ensure that the student's parents/guardians are offered language-accessible support services to address the student's truancy.
- b. If a chronically truant student is at least age six years and is in any of grades K-8, the Superintendent or designee shall notify the student's parents/guardians that failure to reasonably supervise and encourage the student's school attendance may result in the parent/guardian being found guilty of a misdemeanor pursuant to Penal Code 270.1.

Records

The Superintendent, attendance supervisor, or designee shall maintain accurate attendance records for students identified as habitual or chronic truants. In addition, the attendance supervisor, designee, and/or the staff persons who have direct contact with the student or parent/guardian shall document all their contacts regarding the

student's attendance, including a summary of all conversations and a record of all intervention efforts.

The Superintendent, attendance supervisor, or designee shall gather and transmit to the County Superintendent of Schools the number and types of referrals made to the SARB and of requests for petitions made to the juvenile court.

Policy 5113.2: Work Permits

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 12/01/2020

The Board of Trustees recognizes that part-time employment can provide students with income, job experience, and valuable life skills and should be permitted to the extent that such employment does not interfere with a student's education. Before accepting any offer of employment, district students who are minors shall obtain work permits from the Superintendent or designee, regardless of whether the employment will occur when school is in session and/or not in session, unless otherwise exempted by law.

In determining whether to grant or continue a work permit, the Superintendent or designee shall consider whether employment is likely to significantly interfere with the student's schoolwork. Students granted work permits shall be required to demonstrate and maintain a 2.0 grade point average and satisfactory school attendance, except during periods of extended school closure due to an emergency as described in Education Code 49200 and the accompanying administrative regulation. On a case-by-case basis, the Superintendent or designee may approve a maximum work hour limit that is lower than the limit specified in law and administrative regulation.

Students with work permits may be exempted from attendance in a full-time day school provided they attend part-time classes. (Education Code 48230)

Work permits shall be limited to part-time employment as defined by law, except when the Superintendent or designee determines that circumstances warrant the granting of a permit for full-time employment.

Any student authorized to work full time when school is in session shall be enrolled in part-time continuation classes. A student age 14 or 15 who receives a permit to work full time shall also be enrolled in a work experience education program. (Education Code 49130, 49131, 49135)

Regulation 5113.2: Work Permits

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 12/01/2020

Before accepting employment, a student under the age of 18 who is subject to the state's compulsory attendance law, including a student who has not yet graduated from high school or has not received a certificate of proficiency, shall obtain a work permit.

The district may issue a permit authorizing employment while school is in session, including employment connected with a work experience education program pursuant to Education Code 51760-51769.5, to a student 14-17 years of age. The district also may issue a permit to any student 12-17 years of age to be employed during a regular school holiday, during a regular or specified occasional public school vacation, and when the student is exempt from compulsory school attendance pursuant to Education Code 48231 because the student arrived from another state within 10 days before the end of the school term. (Education Code 49111, 49113, 49160)

If a student has obtained an offer of employment in the entertainment industry, the student shall request a work permit from the California Department of Industrial Relations, Division of Labor Standards Enforcement, pursuant to Labor Code 1308.5 and 8 CCR 11752-11753.

A work permit shall not be required for a student who is not receiving pay or financial reimbursement for services rendered in volunteer services or educational purposes, is not in an employer-employee relationship in accordance with the Fair Labor Standards Act, is serving as an unpaid trainee or volunteer or in an in-school placement, and has submitted written parent/guardian permission. (5 CCR 10121)

In addition, a student shall not be required to obtain a work permit if the student is self-employed; is working at odd jobs such as yard work and babysitting in private homes where the student is not regularly employed; is a self-employed news carrier delivering newspapers to consumers on a regular route; is employed in agricultural, horticultural, viticultural, or domestic labor during non-school hours when the work is performed for or under the control of the parent/guardian and is performed upon or in connection with premises the parent/guardian owns, operates, or controls; or is otherwise exempted by law.

Persons Authorized to Issue Work Permits

The following individuals are authorized to issue a work permit to a student in the district: (Education Code 49110)

1. The Superintendent
2. An employee holding a services credential with a specialization in pupil personnel services or a certificated work experience education teacher or coordinator, when authorized by the Superintendent in writing
3. A principal, or another school administrator designated by the principal, provided that the principal or designee:
 - a. Provides a self-certification that the principal or designee understands the requirements of law for issuing a work permit
 - b. Does not issue a work permit to the principal's or designee's own child

If the person designated to issue work permits is not available and delay in issuing a permit would jeopardize a student's ability to secure work, the Superintendent may temporarily authorize another person to issue the permit. (Education Code 49110)

Application

The student's parent/guardian, foster parent, caregiver with whom the student resides, or residential shelter services provider shall file a written request for a work permit. (Education Code 49110)

The request for a work permit shall be submitted to the Superintendent or designee on a form approved by the California Department of Education (CDE).

If the student is applying for a full-time work permit, the student and the student's parent/guardian shall generally be

required to appear before, and submit the application to, the Superintendent or designee. (Education Code 49132)

In the event of an extended physical closure of the campus due to a natural disaster, pandemic, or other emergency, the required documentation, including signatures, may be collected electronically. In addition, if the application is for a full-time work permit, the student and parent/guardian shall not be required to appear in person before the Superintendent or designee if the completed application has been successfully submitted electronically and the student and parent/guardian have attended a video conference with the person issuing the work permit. (Education Code 49132, 49200)

Approval Process

The Superintendent or designee shall have discretion to determine whether or not to issue the work permit.

In determining whether to approve a work permit, the Superintendent or designee shall verify the student's date of birth, the type of work permit to be issued, and whether the student meets any other criteria established by the Board of Trustees. The Superintendent or designee may inspect the student's records and/or may confer with at least one of the student's teachers for evidence of satisfactory grades and school attendance and to determine whether the student possesses the motivation and maturity to maintain academic progress while working.

However, a work permit shall not be denied based on a student's grades, grade point average, or school attendance under either of the following circumstances: (Education Code 49120, 49200)

1. The student's school has been physically closed for an extended time due to a natural disaster, pandemic, or other emergency.
2. The student is applying for a work permit in order to participate in a government-administered employment and training program that will occur during the regular summer recess or vacation of the student's school.

Students shall not be approved to work in environments declared hazardous or dangerous for young workers or otherwise prohibited by child labor laws. (Labor Code 1290-1298; 29 CFR 570.33, 570.50-570.72)

The Superintendent or designee shall ensure that the requested work hours do not exceed the maximum work hours specified in law based on the student's age and whether the employment will occur while school is in session and/or not in session. (Education Code 49111, 49112, 49116; Labor Code 1391-1391.1; 29 CFR 570.35)

Full-time employment may be authorized for students 14-17 years of age in accordance with Education Code 49130-49135.

All work permits shall be issued on forms provided by or authorized by CDE. (Education Code 49117)

Each permit shall authorize work for a specific employer. Whenever a student changes employers, the student shall request a new permit.

The student may be issued more than one work permit if the student works concurrently for more than one employer, provided that the total number of hours worked does not exceed the total number of hours allowed by law and the district.

Whenever a work permit is issued by a principal or other designated school administrator, the principal or designee shall submit to the Superintendent a copy of each work permit issued, along with a copy of the application. (Education Code 49110)

The Superintendent or designee shall periodically inspect the grades and attendance records of students granted work permits to ensure maintenance of academic progress and any additional criteria established in Board policy.

Expiration of Work Permits

Work permits issued during the school year shall expire five days after the opening of the next succeeding school year. (Education Code 49118)

Before the work permit expires, a student may apply for a renewed work permit in accordance with the procedures specified in the section "Approval Process" above.

Revocation of Work Permits

The Superintendent or designee shall revoke a student's work permit whenever the Superintendent or designee determines that the employment is impairing the health or education of the student, any provision or condition of the permit is being violated, the student is performing work in violation of law, or any condition for the issuance of the permit no longer exists or never existed. (Education Code 49116, 49164; Labor Code 1300)

The Superintendent may revoke a work permit issued by a principal of a public or private school located within the district if the Superintendent becomes aware of any grounds upon which the student may be deemed ineligible for a work permit under law. (Education Code 49110)

Retention of Records

The Superintendent or designee shall retain a copy of the work permit application and the work permit until the end of the fourth year after the work permit was issued. (5 CCR 16026)

Policy 5116: School Attendance Boundaries

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 07/01/2006

The Board of Trustees shall establish school attendance boundaries in order to maximize the efficient use of district facilities and effective administration of district schools. The Superintendent or designee shall periodically review school attendance boundaries and, as necessary, make recommendations to the Board for boundary adjustments.

When reviewing school attendance boundaries, the Superintendent or designee shall consider the following factors:

1. School enrollment data, including declining enrollment patterns
2. Facility capacity and design, including potential commercial and residential developments
3. School feeder patterns, including maintaining, to the extent practicable, continuity of student attendance
4. Federal, state, or court mandates
5. Community input
6. Student safety
7. Transportation capacity
8. Community and neighborhood identity
9. Geographic features of the district, including traffic patterns
10. Educational programs, such as magnet schools and charter schools
11. Consistency between municipal boundaries and high school boundaries
12. Other factors

Students residing in a community facilities district shall have priority, to the extent provided by law, for attendance at schools financed in whole or in part by the community facilities district. The degree of priority must reflect the proportion of each school's financing provided through the community facilities district. (Government Code 53312.7)

In order to alleviate overcrowding, the Superintendent or designee may place some students in a school outside of their attendance area. Parents/guardians of students who are attending schools outside of their attendance area shall be notified of the school their child will be attending as soon as possible. If available, transportation shall be provided for such students.

Policy 5116.1: Intradistrict Open Enrollment

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 12/01/2019

The Board of Trustees desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also maximizing the efficient use of district facilities and resources. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of their residence within the district. (Education Code 35160.5)

The Board shall annually review this policy. (Education Code 35160.5, 48980)

Enrollment Priorities

No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area. (Education Code 35160.5)

The Superintendent or designee shall grant priority for the enrollment of a student in a district school outside of the student's attendance area, if the student:

1. Is enrolled in a district school designated by the California Department of Education (CDE) as "persistently dangerous" (20 USC 7912; 5 CCR 11992)
2. Is a victim of a violent crime while on school grounds (20 USC 7912)
3. Is a victim of an act of bullying committed by another district student, as determined through an investigation following the parent/guardian's submission of a written complaint with the school, district, or local law enforcement agency pursuant to Education Code 234.1 (Education Code 46600)

If the district school requested by the student is at maximum capacity, the Superintendent or designee shall accept an intradistrict transfer request for another district school. (Education Code 46600)

4. Is currently enrolled in a district school identified by CDE for comprehensive support and improvement, with priority given to the lowest academically achieving students from low-income families as determined pursuant to 20 USC 6313(a)(3) (20 USC 6311)
5. Is experiencing special circumstances that might be harmful or dangerous to the student in the current attendance area, including, but not limited to, threats of bodily harm or threats to the emotional stability of the student. Any such student may transfer to a district school that is at capacity and otherwise closed to transfers. To grant priority under these circumstances, the Superintendent or designee must have received either:
(Education Code 35160.5)
 - a. A written statement from a representative of an appropriate state or local agency, including, but not necessarily limited to, a law enforcement official or a social worker, or a properly licensed or registered professional, including, but not necessarily limited to, a psychiatrist, psychologist, marriage and family therapist, clinical social worker, or professional clinical counselor
 - b. A court order, including a temporary restraining order and injunction
6. Is a sibling of another student already attending that school
7. Has a parent/guardian whose primary place of employment is that school

Application and Selection Process

Selection Procedures

1. The Superintendent or designee shall annually identify those schools which may have space available for additional students. A list of these schools and open enrollment applications shall be available at all school

offices.

2. Students whose parents or guardians submit applications to the District by January 1 of the preceding school year shall be eligible for admission to their school of choice the following school year under the District's open enrollment policy.
3. Enrollment in a school of choice shall be determined in accordance with the enrollment priorities set forth in Board Policy 5116.1. After the enrollment priorities have been applied in accordance with Board policy, if there are more requests for a particular school than there are spaces available, and a waiting list shall be established in accordance with the date of receipt of the application to indicate the order in which students may be enrolled in schools with enrollments in excess of capacity as openings occur during the year. Late applicants during that year may be added to the waiting list in the order in which they apply.
4. The Superintendent or designee shall inform applicants by phone and/or mail as to whether their applications have been approved, denied, or placed on a waiting list. If the application is denied, the reasons for denial shall be stated.
5. Applicants who receive approval must confirm their enrollment within two weeks.
6. Admission to a particular school shall not be influenced by a student's academic or athletic performance except insofar as academic standards are required for admission to specialized schools or programs such as programs for gifted and talented students. Such standards shall be uniformly applied to all students. (EC 35160.5)

Any complaints regarding the selection process should be taken to the Superintendent or designee.

The Superintendent or designee shall calculate each school's capacity in a nonarbitrary manner using student enrollment and available space. (Education Code 35160.5)

Except for the enrollment priorities listed above, the Superintendent or designee shall use a random, unbiased selection process to determine which students shall be admitted whenever a district school receives admission requests that are in excess of the school's capacity. (Education Code 35160.5)

Enrollment decisions shall not be based on a student's academic or athletic performance. However, existing entrance criteria may be used for enrolling students in specialized schools or programs, provided that the criteria are uniformly applied to all applicants. In addition, academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students. (Education Code 35160.5)

Transportation

In general, the district shall not be obligated to provide transportation for students who attend school outside their attendance area.

However, upon parent/guardian request, the district shall provide transportation assistance to any student who is eligible for free or reduced-price meals and whose enrollment in a district school outside the student's attendance area is a result of being a victim of bullying. (Education Code 46600)

Regulation 5116.1: Intradistrict Open Enrollment

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 12/01/2019

Transfers for Victims of a Violent Criminal Offense

Within a reasonable amount of time, not to exceed 14 calendar days, after it has been determined that a student has been the victim of a violent criminal offense while on school grounds, the student's parents/guardians shall be offered an option to transfer their child to an eligible school identified by the Superintendent or designee. In making the determination that a student has been a victim of a violent criminal offense, the Superintendent or designee shall consider the specific circumstances of the incident and consult with local law enforcement as appropriate. Examples of violent criminal offenses include, but are not limited to, attempted murder, battery with serious bodily injury, assault with a deadly weapon, rape, sexual battery, robbery, extortion, or hate crimes.

The Superintendent or designee shall consider the needs and preferences of the affected student and parent/guardian in making the offer. If the parent/guardian elects to transfer the student, the transfer shall be completed as soon as practicable.

Transfers from a "Persistently Dangerous" School

Upon receipt of notification from the California Department of Education (CDE) that a district school has been designated as "persistently dangerous," intradistrict transfers shall be granted as follows:

1. Within 10 days of receipt of the notification from CDE, the Superintendent or designee shall provide parents/guardians of students attending the school with notice of the school's designation. Along with this notification, or at least 14 calendar days before the start of the school year, the Superintendent or designee shall provide a list of other district schools to which any student of the school that is designated as persistently dangerous may transfer.
2. Parents/guardians who desire to transfer their child out of the school shall provide a written response to the Superintendent or designee and shall rank-order their preferences from among all schools identified by the Superintendent or designee as eligible to receive transfer students.
3. The Superintendent or designee shall consider the needs and preferences of students and parents/guardians before making an assignment, but is not obligated to accept the parent/guardian's preference if the assignment is not feasible due to space constraints or other considerations. The Superintendent or designee shall notify the parents/guardians of the assigned school.
4. For students whose parents/guardians accept the offer, the transfer shall be made as quickly as possible. If the parents/guardians decline the assigned school, the student may remain in the current school.

The transfer shall remain in effect as long as the student's school of origin is identified as "persistently dangerous." The Superintendent or designee may choose to make the transfer permanent based on the educational needs of the student, parent/guardian preferences, and other factors affecting the student's ability to succeed if returned to the school of origin.

The Superintendent or designee shall cooperate with neighboring districts to develop an interdistrict transfer program in the event that space is not available in a district school.

Other Intradistrict Open Enrollment

Except for transfers for victims of a violent crime and from a "persistently dangerous school," the following procedures shall apply to intradistrict open enrollment:

1. The Superintendent or designee shall identify those schools which may have space available for additional students. A list of those schools and open enrollment applications shall be available at each school site, the district office, and on the district's web site.
2. After the enrollment priorities have been applied in accordance with Board policy, if there are more requests for a particular school than there are spaces available, a random drawing shall be held from the applicant pool. A waiting list shall be established to indicate the order in which applicants may be accepted if openings occur

during the year. Late applicants shall not be added to the waiting list for the current year but shall instead wait for a subsequent lottery.

3. The Superintendent or designee shall provide written notification to applicants as to whether their applications have been approved, denied, or placed on a waiting list. If the application is denied, the reasons for denial shall be stated.
4. Approved applicants must confirm their enrollment within 10 school days.

Any student who is granted a transfer out of a school that had been identified by CDE for comprehensive support and improvement shall be allowed to remain in the school of enrollment until completing the highest grade offered at that school. (20 USC 6311)

A student granted intradistrict enrollment under other circumstances shall not be required to reapply for readmission but may be subject to displacement due to excessive enrollment.

Any complaints regarding the open enrollment process shall be submitted in accordance with the applicable complaint procedure.

Notifications

Notifications shall be sent to parents/guardians at the beginning of each school year describing all current statutory attendance options and local attendance options available in the district. Such notification shall include: (Education Code 35160.5, 48980)

1. All options for meeting residency requirements for school attendance
 2. Program options offered within local attendance areas
 3. A description of any special program options available on both an interdistrict and intradistrict basis
 4. A description of the procedure for application for alternative attendance areas or programs and the appeals process available, if any, when a change of attendance is denied
 5. A district application form for requesting a change of attendance
 6. The explanation of attendance options under California law as provided by CDE
-

Policy 5116.2: Involuntary Student Transfers

Status: DRAFT

Original Adopted Date: Pending

The Board of Trustees desires to enroll students in the school of their choice, but recognizes that circumstances sometimes necessitate the involuntary transfer of some students to another school or program in the district. The Superintendent or designee shall develop procedures to facilitate the transition of such students into their new school of enrollment.

As applicable, when determining the best placement for a student who is subject to involuntary transfer, the Superintendent or designee shall review all educational options for which the student is eligible, the student's academic progress and needs, the enrollment capacity at district schools, and the availability of support services and other resources.

Whenever a student is involuntarily transferred, the Superintendent or designee shall provide timely written notification to the student and his/her parent/guardian and an opportunity for the student and parent/guardian to meet with the Superintendent or designee to discuss the transfer.

Students Convicted of Violent Felony or Misdemeanor

A student may be transferred to another district school if he/she is convicted of a violent felony, as defined in Penal Code 667.5(c), or a misdemeanor listed in Penal Code 29805 and is enrolled at the same school as the victim of the crime for which he/she was convicted. (Education Code 48929)

Before transferring such a student, the Superintendent or designee shall attempt to resolve the conflict using restorative justice, counseling, or other such services. He/she shall also notify the student and his/her parents/guardians of the right to request a meeting with the principal or designee. (Education Code 48929)

Participation of the victim in any conflict resolution program shall be voluntary, and he/she shall not be subjected to any disciplinary action for his/her refusal to participate in conflict resolution.

The principal or designee shall submit to the Superintendent or designee a recommendation as to whether or not the student should be transferred. If the Superintendent or designee determines that a transfer would be in the best interest of the students involved, he/she shall submit such recommendation to the Board for approval.

The Board shall deliberate in closed session to maintain the confidentiality of student information, unless the parent/guardian or adult student submits a written request that the matter be addressed in open session and doing so would not violate the privacy rights of any other student. The Board's decision shall be final.

The decision to transfer a student shall be subject to periodic review by the Superintendent or designee.

The Superintendent or designee shall annually notify parents/guardians of the district's policy authorizing the transfer of a student pursuant to Education Code 48929. (Education Code 48980)

Other Involuntary Transfers

Students may be involuntarily transferred under either of the following circumstances:

1. If a high school student commits an act enumerated in Education Code 48900 or is habitually truant or irregular in school attendance, he/she may be transferred to a continuation school. (Education Code 48432.5)
2. If a student is expelled from school for any reason, is probation-referred pursuant to Welfare and Institutions Code 300 or 602, or is referred by a school attendance review board or another formal district process, he/she may be transferred to a community day school. (Education Code 48662)

Policy 5117: Interdistrict Attendance

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 12/01/2019

Because the Pacific Grove Unified School District is a "basic aid" district, the State does not provide funding to educate children who reside in other school districts. As a result, enrollment of students whose parents or guardians reside in other school districts reduces the educational resources available for resident students and increases class size. It is therefore the District's general policy not to accept interdistrict transfer students who might otherwise be allowed to enroll under Education Code sections 46600 et seq. or subdivision (b) section 48204 of the Education Code.

School District of Choice

The District elects not to be a "school district of choice" as defined in Education Code 48300 through 48316, and no transfers will be accepted pursuant to Education Code 48300 et seq.

Interdistrict Attendance Agreements

The Board may enter an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the Districts. The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It may also contain standards agreed to by both districts for reapplication and/or revocation of the student's permit. (Education Code 46600)

Interdistrict Attendance Permits

The Board of Trustees delegates to the Superintendent or designee the authority to grant or deny interdistrict attendance permit requests. The Superintendent or designee may make exceptions to the District's general policy of denying interdistrict attendance permit requests under those circumstances set forth in this policy and Administrative Regulation #5117.

Victims of Bullying

In accordance with law, students who have been determined to be victims of bullying as defined in Education Code section 48900, subdivision (r), shall be given priority consideration for an interdistrict transfer permit as set forth in Administrative Regulation #5117.

Annual Reapplication Required

Once a student is admitted to a school on the basis of an interdistrict attendance permit, he/she shall not be required to reapply for an interdistrict transfer and shall be allowed to continue to attend the school in which he/she is enrolled, unless reapplication standards are otherwise specified in the interdistrict attendance agreement. Existing interdistrict attendance permits shall not be rescinded for students entering grade 11 or 12 in the subsequent school year. (Education Code 46600)

Updated and Accurate Information

Any student enrolled in the District pursuant to this policy shall immediately notify the District of any change in circumstances which would affect the student's eligibility for admittance under this policy. Failure to provide such notification may result in disenrollment and/or disqualification from future enrollment under this policy.

Falsification of Information

In no event shall interdistrict attendance be approved, and any such permission for attendance previously approved shall be immediately revoked, if false information has been provided to the District in a student's interdistrict attendance application or in any initial or subsequent residency claim or documentation provided to the District.

Regulation 5117: Interdistrict Attendance

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 12/01/2019

Exceptions to General Policy

The District Superintendent or designee may make exceptions to the District's general policy of denying interdistrict attendance permits only if capacity is available and only for the following students:

1. **Students Moving Into the District in the Immediate Future.** Interdistrict attendance permits may be approved for students whose parent(s) or guardian(s) provides written evidence that the family will be moving into the District in the immediate future and would like to the student to start the school year in the District.
2. **Students of District Employees Living Outside the District Boundaries.** Interdistrict attendance permits may be approved for students of District employees (certificated, classified, confidential or management) living outside of District boundaries and who are employed by the District for a minimum of 20 hours per week or 0.5 FTE. District employees whose children have been admitted under this policy must apply for readmission annually, and permits will only be approved for so long as the parent or guardian continues to be employed by the District for a minimum of 20 hours per week or 0.5 FTE.

Unless the Superintendent or designee grants an extension, the student's interdistrict attendance permit shall be revoked within 30 calendar days if for any reason the employee is released, resigns, or reduces his or her working hours below the minimum threshold.

3. **Mid-Year Residency Changes.** Interdistrict attendance permits may be approved for a student whose residency changes after mid-year and who notifies the District of the change of residency, in order to permit the student to continue his or her attendance in a District school only until the end of the current school semester. In cases where transferring to a new school district after the end of the current semester would cause a severe hardship, the Superintendent is authorized to grant the interdistrict attendance permit through the end of the current school year. Such permits shall not be renewed.
4. **High School Juniors and Seniors.** No existing interdistrict attendance permits will be rescinded for students after June 30 following the completion of 10th grade or for students in grades 11 or 12. (EC 46600 (a)(4).)

In determining whether to approve an interdistrict attendance permit, the Assistant Superintendent or designee shall consider the following factors:

- a. Whether there is available space in existing programs to admit the student without disruption of the current student-teacher ratios.
 - b. Any discipline and attendance problems.
 - c. Whether education would require the District to create a new program or new services to address the student's needs.
5. **High School Seniors.** A new interdistrict attendance permit may be approved for a student who would like to continue attending their senior year even though their parent(s) or guardian(s) have recently moved outside the district's boundaries. To be eligible to apply, a candidate for Senior Privilege must have successfully completed their junior year at the high school and are currently attending their senior year. Parent(s) or Guardian(s) must first apply for the interdistrict transfer from the district in which their new residence is located. If the new district agrees to release the student, then a Senior Privilege Request Form is to be completed and submitted to the high school. In addition, but not limited to 3 a., b., and c. above, Senior Privilege will also be evaluated based on:
 - Student academic standing
 - Year of original enrollment
 - Date of move out of district

Victims of Bullying

Where a student has been determined by personnel of the District or his or her district of residence to have been the victim of an act of bullying as defined in Education Code 48900(r), committed by a student enrolled in the student's district of residence, at the request of the student's parent(s) or guardian(s), the student shall be given priority for interdistrict transfer under any existing interdistrict attendance agreement between the District and another district, subject to the terms of the interdistrict attendance agreement and a review of the individual student's circumstances. In the absence of an existing interdistrict attendance agreement between the District and another district, if a student desiring to transfer is determined to have been the victim of an act of bullying under Education Code 48900(r), the District shall give additional consideration to the creation of an interdistrict attendance permit. (Education Code 46600, 48900(r)) Students seeking an interdistrict transfer on the basis that they were a victim of bullying under Education Code section 48900(r), must provide documentation confirming that they were in fact a victim of bullying within the past school year, as determined by their district of residence.

Initial Requests

The Assistant Superintendent may approve or deny initial interdistrict attendance permit requests in accordance with applicable law and District policy and regulation.

Within 30 calendar days of the receipt of a "current year request" for interdistrict attendance, which means a request received beginning 15 calendar days before start of the school year for which the transfer is sought, the Assistant Superintendent shall notify the parent(s) or guardian(s) of a student who is denied interdistrict attendance regarding the process for appeal. (46600.1(c) and 46600.2 (a)(5)(A).)

Within 14 calendar days of the receipt of a "future year request" for interdistrict attendance, which means a request received up until 15 calendar days before the start of the school year for which the transfer is sought, the Assistant Superintendent shall notify the parent(s) or guardian(s) of a student who is denied interdistrict attendance regarding the process for appeal. (46600.1 (c) and 46600.2 (a)(5)(B).)

Appeal Process

An appeal to the District Superintendent may be filed within ten (10) calendar days of the date listed on the denial by the Assistant Superintendent. The parent(s) or guardian(s) of a student whose interdistrict transfer request has been denied will be offered an opportunity to meet with the District Superintendent and within twenty (20) calendar days after the appeal was filed, the District Superintendent will give his or her final decision, in writing, to the parent(s) or guardian(s). Except in cases where good cause is shown, the record shall not be reopened to consider evidence or argument which was not presented in the initial interdistrict transfer request. Failure to appeal to the District Superintendent within the required time shall be considered as cause for denial of an appeal.

If denied by the District Superintendent, the parent or guardian will be notified in writing of the right to appeal to the District's Board of Trustees by filing a written notice of appeal no later than ten (10) days from the date of receipt of the District Superintendent's denial. The Board of Education shall act on the appeal within thirty (30) days of denial by the District Superintendent. If the Board of Education denies the appeal, the District Superintendent or designee shall advise the person requesting the interdistrict attendance permit regarding the process for appeal to the Monterey County Board of Education within thirty (30) calendar days of the final denial. (EC46601 and 46600.2(b).

Within thirty (30) calendar days after the appeal is filed, the County Board of Education will determine whether the student should be permitted to attend the District school and the applicable period of attendance (46610 (b)(2)(a)(i). Failure to appeal within the required time shall be considered good cause for denial of an appeal. (46601 (a).)

The County Board of Education shall render a decision within three school days of any hearing conducted by the County Board of Education unless the parent or guardian requests a postponement. (46601 (b)(2)(B).)

Students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials or decisions while expulsion proceedings are pending or during the term of the expulsion. (Education Code 46601)

Enrollment in ROC or ROP Program

Interdistrict attendance agreements or permits shall not be required for students enrolling in an ROC or ROP program. (Education Code 52317)

Revocation

With the exception of students who have completed 10th grade or who are in grades 11 or 12, a student's interdistrict attendance permit may be revoked at any time during the school year due to unsatisfactory attendance or tardiness, behavior, poor academic performance, disruption of the educational program, or because it is determined that a parent or guardian made false statements or misrepresentations in applying for the student's interdistrict attendance permit. (EC 46600 (a)(4).)

Transportation

Transportation will not be provided for students attending a District school on an interdistrict attendance permit.

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 03/01/2007

If a student expelled from another district is granted enrollment, in accordance with the procedures specified below, he/she shall either establish legal residence in this district or enroll pursuant to an interdistrict attendance agreement. (Education Code 48915.1, 48915.2)

Enrollment During the Term of the Expulsion

The district shall not enroll a student expelled by another district for any of the offenses listed in Education Code 48915(a) or (c) (mandatory expulsion offenses) during the term of the student's expulsion, unless the enrollment is at a community day school. (Education Code 48915.2)

Upon receiving a request for enrollment from a student expelled from another district for acts other than those specified in Education Code 48915(a) or (c), the Board shall hold a hearing to determine whether the student poses a continuing danger to students or staff. The hearing shall be conducted and notice shall be provided in accordance with procedures governing expulsion of students described in Education Code 48918. (Education Code 48915.1)

If the student or parent/guardian neglects to inform the district that the student was expelled from his/her previous district for an act other than those listed in Education Code 48915(a) or (c), the Board shall record and discuss this lack of compliance during the hearing. (Education Code 48915.1)

If the Board finds that a student expelled for acts other than those specified in Education Code 48915(a) or (c) does not pose a continuing danger to students or staff, the student may be admitted or conditionally admitted during the term of expulsion. If the Board determines that the student does pose a continuing danger to students or staff, the student shall not be admitted. (Education Code 48915.1)

Enrollment After the Term of the Expulsion

A student expelled for an act specified in Education Code 48915(a) or (c) may enroll in the district after the term of his/her expulsion if the Board finds, at a hearing, that the student does not pose a continuing danger to students or staff. The hearing shall be conducted and notice shall be provided in accordance with procedures governing expulsion of students described in Education Code 48918. (Education Code 48915.2)

A student expelled for any act other than those specified in Education Code 48915(a) or (c) may request enrollment after the term of his/her expulsion in accordance with the district's procedures for establishing residency or interdistrict transfer.

Policy 5121: Grades/Evaluation Of Student Achievement

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 07/01/2016

The Board of Trustees believes that grades serve a valuable instructional purpose by helping students and parents/guardians identify the student's areas of strength and those areas needing improvement. Parents/guardians and students have the right to receive course grades that represent an accurate evaluation of the student's achievement.

The teacher of each course shall determine the student's grade. The grade assigned by the teacher shall not be changed by the Board or the Superintendent except as provided by law, Board policy and administrative regulation. (EC 49066)

Teachers shall evaluate a student's work in relation to standards which apply to all students at his/her grade level. The Superintendent or designee shall establish and regularly evaluate a uniform grading system, and principals shall ensure that student grades conform to this system. Teachers shall inform students and parents/guardians how student achievement will be evaluated in the classroom.

Grades should be based on impartial, consistent observation of the quality of the student's work and his/her mastery of course content and objectives. Students shall have the opportunity to demonstrate this mastery through a variety of channels such as classroom participation, homework, tests and portfolios. The Board recognizes that portfolios may be especially useful in assessing how skills, knowledge and thought processes have been combined from a number of different subject areas.

When reporting student grades to parents/guardians, teachers may add narrative descriptions, observational notes and/or samples of classroom work in order to better describe student progress in specific skills and subcategories of achievement.

Behavior, effort and attendance shall be reported in separate evaluations, not in the student's academic grade.

Unexcused Absences

If a student misses class without an excuse and does not subsequently turn in homework, take a test or fulfill another class requirement that he/she missed, the teacher may lower the student's grade for nonperformance.

Students with excessive unexcused absences may be given a failing grade and not receive credit for the class(es). Teachers who withhold class credit for this reason shall so inform the class and parents/guardians at the beginning of the semester.

Regulation 5121: Grades/Evaluation Of Student Achievement

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 07/01/2016

- F Little or No Achievement 0
- I Incomplete 0

Whenever it becomes evident to a teacher that a student is in danger of failing a course, the teacher shall arrange a conference with the student's parent/guardian or send the parent/guardian a written report. (EC 49067)

An incomplete is given only when a student's work is not finished because of illness or other excused absence. If not made up within ten school days, the incomplete will become an F.

Plus and minus signs may be used.

No grade of a student participating in a physical education class may be adversely affected due to the fact that the student, because of circumstances beyond his/her control, does not wear standardized physical education apparel. (EC 49066)

Students in grades 6-8 must earn at least a 2.0 or C grade point average in order to participate in extra-curricular activities.

Teachers are encouraged to allow for trends in the quality of student work. When a student finishes a grading period doing high quality work which requires skills acquired throughout the grading period, low grades at the beginning of the grading period need not diminish the appropriate evaluation of the student's achievement. Similarly, high grades at the beginning at the beginning of the grading period may not necessarily compensate for a downward trend in achievement.

In kindergarten through third grade, teachers shall use narrative descriptions to indicate the student's level of achievement and may also furnish examples of student work.

Criteria for determining grades for achievement may include but are not limited to:

1. Preparation of assignments, including accuracy, legibility and promptness.
2. Contribution to classroom discussions.
3. Demonstrated understanding of concepts in tests.

3. Student goes to work immediately, and completes assignments.
4. Student uses free time resourcefully.

Honor Roll

Each school may post an Honor Roll. All courses except Pass/Fail shall be counted in computing eligibility for the Honor Roll. To qualify for the Honor Roll, a student must receive no current grade below a C and have a grade point average of 3.0 or better.

Pass/Fail Grading

A "Pass" or "Fail" grade may be given instead of an A-F grade in the following courses:

1. All courses taken in the Alternative Education Program
2. All courses taken in the Special Education Program
3. All academic courses taken by English Language Learners

Students shall be graded Pass/Fail for classes in which they serve as student aides unless predetermined goals and objectives related to specific subject knowledge are on file and have been approved by the principal or designee.

Repeated Classes

With the approval of the principal or designee, a student may repeat a course in order to raise his/her grade. The student shall receive credit only for taking the course once.

The highest grade received will be the permanent grade on the student's transcript.

Withdrawal from Classes

Withdrawal from Classes

The last day to drop a class without receiving an F during semester one will be 28 calendar days from the start of the first semester. A student who drops a course after the 28th calendar day of the first semester shall receive an F grade on his/her permanent record unless otherwise decided by the principal or designee because of extenuating circumstances.

The last day to drop a class without receiving an F during semester two will be 28 calendar days from the start of the second semester. A student who drops a course after the 28th calendar day of the second semester shall receive an F grade on his/her permanent record unless otherwise decided by the principal or designee because of extenuating circumstances.

If the absence is not verified as excusable within 72 hours, it shall be recorded as unexcused. The person receiving any explanation of the absence by the parent/ guardian shall make a record of this explanation and the date when it was given.

If a student receives a failing grade because of unexcused absences, school records shall specify that the grade was given because of excessive unexcused absences. (Education Code 49067)

Policy 5123: Promotion/Acceleration/Retention

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 07/01/2019

If a student does not have a single regular classroom teacher, the Superintendent or designee shall specify the teacher(s) responsible for the decision to promote or retain the student along with the recommendations of the Student Study Team. (Education Code 48070.5)

The teacher's decision to promote or retain a student may be appealed in accordance with AR 5123 - Promotion/Acceleration/Retention.

When a student is recommended for retention or is identified as being at risk for retention, the Superintendent or designee shall offer an appropriate program of remedial instruction to assist the student in meeting grade-level expectations. (Education Code 48070.5)

Regulation 5123: Promotion/Acceleration/Retention

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 12/01/2013

A student enrolled in kindergarten may be admitted to the first grade at the discretion of the Superintendent or designee and with the consent of the parent/ guardian, upon a determination that the child is ready for first-grade work. (Education Code 48011)

Admission shall be subject to the following minimum criteria: (5 CCR 200)

1. The student is at least five years of age.
2. The student has attended a public school kindergarten for a long enough time to enable school personnel to evaluate his/her ability.
3. The student is in the upper five percent of his/her age group in terms of general mental ability.
4. The physical development and social maturity of the student are consistent with his/her advanced mental ability.
5. The parent/guardian of the student has filed a written statement with the school District approving the placement in first grade.

Continuation in Kindergarten

Students who have completed one year of kindergarten shall be admitted to first grade unless the parent/guardian and the Superintendent or designee agree that the student shall continue in kindergarten for not more than one additional school year. (Education Code 48011)

Whenever a student continues in kindergarten for an additional year, the Superintendent or designee shall secure an agreement, signed by the parent/guardian, stating that the student shall continue in kindergarten for not more than one additional school year. (Education Code 46300)

Retention at Other Grade Levels

The principal and teachers shall identify students who should be retained or who are at risk of being retained at the following grade levels: (EC 48070.5)

Such opportunities may include but are not limited to tutorial programs, after school programs, summer school programs and/or the establishment of a student study team.

Retention or Possible Retention Procedures

Students shall be identified on the basis of a multiple measurement process utilizing grades, curriculum assessments and statewide assessments. A Student Study Team will be established to offer intervention strategies provided for the student during the school year. If the student is not able to meet grade level requirements, a recommendation for retention or promotion will be determined by the classroom teacher in conjunction with the Student Study Team and the Principal. Ultimately, the teacher has the primary responsibility for determining if a student should be promoted or retained.

If the student does not have a single regular classroom teacher, the principal or designee shall specify the teacher(s) responsible for the decision to promote or retain the student. (Ed Code 48070.5)

If a student is identified as performing below the minimum standard for promotion, the student shall be retained in his/her current grade level unless the student's regular classroom teacher determines, in writing, that retention is not the appropriate intervention for the student's academic deficiencies. This determination shall specify the reasons that retention is not appropriate for the student and shall include recommendations for interventions other than retention that, in the opinion of the teacher, are necessary to assist the student in attaining acceptable levels of academic achievement. (Ed. Code 48070.5)

If the teacher's recommendation to promote is contingent on the student's successful completion of summer school or interim session or remediation program, the student's academic performance shall be reassessed at the end of the remediation program, and the decision to retain or promote the student shall be reevaluated at that time. The teacher's evaluation shall be provided to and discussed with the student's parents/guardians and the principal before any final determination or retention or promotion. (Ed Code 48070.5)

When a student is identified as being at risk of retention, the principal shall so notify the student's parent/guardian as early in the school year as practicable. To appeal a teacher's decision, the appealing party shall submit a written request to the Superintendent or designee specifying the reasons that the teacher's decision should be overruled. The appeal must be initiated within 10 school days of the determination of retention or promotion.

Within 30 school days of receiving the request, the Superintendent or designee shall determine whether or not to overrule the teacher's decision. Prior to making this determination, the Superintendent or designee may meet with the appealing party and the teacher. If the Superintendent or designee determines that the appealing party has overwhelmingly proven that the teacher's decision should be overruled, he/she shall overrule the teacher's decision.

The Superintendent or designee's determination may be appealed by submitting a written appeal to the Board within 15 school days. Within 30 days of receipt of a written appeal, the Board shall meet in closed session to decide the appeal. The Board's decision may be made on the basis of documentation prepared as part of the appeal process or, at the discretion of the Board, the Board may also meet with the appealing party, the teacher and the Superintendent/designee to decide the appeal. The decision of the Board shall be final.

If the decision of the Board is unfavorable to the appealing party, he/she shall have the right to submit a written statement of objections that shall become part of the student's record.

Kindergarten

Children five years old or older who have completed one year of kindergarten shall be admitted to first grade regardless of age unless the parent/guardian and the district agree that the child shall continue in kindergarten for not more than one additional school year. (EC 480111)

First Grade Acceleration

A child enrolled in kindergarten may be admitted to the first grade at the discretion of the principal and upon a determination that the child is ready for first grade work. Admission shall be subject to the following minimum criteria: (Code of Regulations, Title 5, Section 200)

1. The child is at least five years of age.
2. The child has attended a public school kindergarten for a long enough time to enable school personnel to evaluate his/her ability.
3. The child is in the upper five percent of his/her age group in terms of general mental ability.
4. The physical development and social maturity of the child are consistent with his/her advanced mental ability.
5. The parent/guardian of the child has filed a written statement with the school district approving the placement in first grade.

Acceleration

In grades 1 - 8, when high academic achievement is evident, the teacher may recommend a student for acceleration into a higher grade level. The student's maturity level shall be taken into consideration in making a determination to accelerate a student. The recommended acceleration process is as follows:

1. Submit a written referral for acceleration to the site principal. A referral for acceleration may be initiated by a parent/guardian, teacher, or other certificated staff member.
2. The principal, after consulting with the appropriate staff such as prior teacher, current teacher, and members of the Student Study Team (SST) will then gather academic progress data such as work samples, letters of recommendation, standardized test scores, and other assessment data to present a packet of evidence. This packet will be presented to the SST for a recommendation. The SST can adequately determine if the student:
 - a. Is ready for the next level of grade work;
 - b. Is in the upper 5% of his/her age group in terms of mental ability; and
 - c. Has the physical development and social maturity consistent with his/her advanced mental ability.
3. The packet will be submitted to the Superintendent or designee for review, including:
 - a. Written referral;

- b. Initial acceleration meeting form;
- c. Acceleration testing consent form;
- d. Acceleration assessment review meeting form.

After review by the Superintendent or designee, the parent(s)/guardians(s) shall be informed of the recommendation by the principal. If the student is to be accelerated, a parent conference shall be held, and written parent consent must be obtained. A record of the conference and parent consent shall be placed in the student's cumulative folder.

Acceleration of students at the high school level shall be dependent upon credits earned and upon the student's achievement, goals, and test scores. A parent conference shall be held, and written parent consent must be obtained if the student is to be accelerated. A record of the conference and parent consent shall be placed in the student's cumulative folder.

Information for Parent/Guardian

California law provides that after a child has been lawfully admitted to kindergarten and has attended for a year, the child shall be promoted to the first grade unless the school district and the child's parent/guardian agree to the child's continuing in kindergarten for not longer than one additional year. This rule applies whether a child begins kindergarten at the beginning of a school year or at some later date, so that a child who begins kindergarten in January, for example, shall be promoted the following January unless it is formally agreed that he/she shall continue in kindergarten. Because kindergarten-age children often do not develop at steady or predictable rates, the California Department of Education recommends that approval to continue in kindergarten not be given until near the anniversary of a child's admittance to kindergarten.

Exhibit (PDF) 5125.1-E PDF(1): Release Of Directory Information

Status: DRAFT

Original Adopted Date: Pending

See PDF on the next page.

Note: The following exhibit is based on a model notice prepared by the U.S. Department of Education and should be modified to reflect district practice. It has been updated to include provisions required by the California Attorney General's model policy developed pursuant to Education Code 234.7, as added by AB 699 (Ch. 493, Statutes of 2017); see the accompanying administrative regulation.

PARENT/GUARDIAN NOTICE
RELEASE OF DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that Pacific Grove Unified School District with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the district may disclose appropriately designated "directory information" without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the district to include this type of information from your child's education records in certain school and/or district publications. Examples include:

- a playbill, showing your child's role in a drama production
- the annual yearbook
- honor roll or other recognition lists
- graduation programs
- sports activity sheets, such as for wrestling, showing weight and height of team members

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent/guardian's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require districts receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA), as amended, to provide military recruiters, upon request, with students' names, addresses, and telephone listings, unless parents/guardians have advised the district that they do not want their child's information disclosed without their prior written consent.

If you do not want the district to disclose directory information from your child's education records without your prior written consent, you must notify the district in writing by September 15. The district has designated the following information as directory information:

Note: The district should modify the following list to specify those categories of information defined by the district as "directory information" in the accompanying administrative regulation. Those items the district does not intend to release as directory information should be deleted.

1. Name

2. Address
3. Telephone number
4. Email address
5. Date of birth
6. Major field of study
7. Participation in officially recognized activities and sports
8. Weight and height of athletic team members
9. Dates of attendance
10. Degrees and awards received
11. Most recent previous school attended

The district also may disclose your child's student identification number, user identification, or other unique personal identifier used to communicate in electronic systems, provided it cannot be used to access education records without a personal identification number (PIN), password, or other factor that only the authorized user knows. Your child's social security number will not be used for this purpose.

Directory information does not include your child's citizenship status, immigration status, place of birth, or any other information indicating national origin. The district will not disclose such information without your consent or a court order.

(Education Code 48904.3)

Upon receiving notice that a student whose grades, diploma, and/or transcripts have been withheld by this district has transferred to another district in California, the Superintendent or designee shall provide the student's records to the new district and notify the new district that the student's grades, diploma, and/or transcripts are being withheld from the student and parents/guardians pursuant to Education Code 48904.

The panel shall be provided with verbatim copies of the information that is the subject of the controversy. The panel shall, in closed session, hear the parent/guardian's objections to the student record and, if the employee is presently employed by the district, the employee's testimony. The proceedings of the hearing shall not be disclosed or discussed by panel members except in their official capacities. Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff shall be expected to demonstrate effective problem-solving and anger management skills.

To discourage cyberbullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative comments about others online.

Behavioral restraint does not include postural restraints or devices used to improve a student's mobility and independent functioning rather than to restrict movement. (Education Code 49005.1)

Mechanical restraint means the use of a device or equipment to restrict a student's freedom of movement. Mechanical restraint does not include the use of devices as prescribed by an appropriate medical or related services professional, including, but not limited to, adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment; vehicle safety restraints during the transport of a student; restraints for medical immobilization; or orthopedically prescribed devices which permit a student to participate in activities without risk of harm. Mechanical restraint also does not include the use of devices by peace officers or security personnel for detention or for public safety purposes. (Education Code 49005.1)

Physical restraint means a personal restriction that immobilizes or reduces the ability of a student to move the torso, arms, legs, or head freely. Physical restraint does not include a physical escort in which a staff member temporarily touches or holds the student's hand, wrist, arm, shoulder, or back for the purpose of inducing a student who is acting out to walk to a safe location. danger of serious physical harm to the student or others

Limited Use of Seclusion or Restraint

Staff shall avoid the use of seclusion and behavioral restraint of students whenever possible. Seclusion or behavioral restraint may be used only to control student behavior that poses a clear and present danger of serious physical harm to the student or others, which cannot be prevented by a response that is less restrictive. (Education Code 49005.4, 49005.6, 49005.8)

(Education Code 49005.8)

If a student is restrained, staff shall afford the student the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the student and others. (Education Code 49005.8)

If a prone restraint technique is used on a student, a staff member shall observe the student for any signs of physical distress throughout the use of the restraint. Policy 5132: Dress And Grooming

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 10/01/2019

District and school rules pertaining to student attire shall be included in student handbooks, may be posted in school offices and classrooms, and may be periodically reviewed with all students as necessary.

Students shall not be prohibited from dressing in a manner consistent with their gender identity or gender expression or with their religious or cultural observance.

In addition, the dress code shall not discriminate against students based on hair texture and protective hairstyles, including, but not limited to, braids, locks, and twists. (Education Code 212.1)

The principal or designee is authorized to enforce this policy and shall inform any student who does not reasonably conform to the dress code. The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, household income, or body type or size.

School administrators, teachers, and other staff shall be notified of appropriate and equitable enforcement of the dress code.

When practical, students shall not be directed to correct a dress code violation during instructional time or in front of other students.

Repeated violations or refusal to comply with the district's dress code may result in disciplinary action.

Gang-Related Apparel

The principal, staff, and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a proposed dress code shall be presented to the Board, which shall approve the plan upon determining that it is necessary to protect the health and safety of the school environment. The dress code policy may be included in the school's comprehensive safety plan. (Education Code 35183)

When determining specific items of clothing that may be defined as gang apparel, the school shall ensure that the determination is free from bias based on race, ethnicity, national origin, immigration status, or other protected characteristics.

Uniforms

The Board may approve a school-initiated dress code requiring students at the school to wear a school uniform whenever the Board determines that such a dress code will promote student achievement, a positive school climate, and/or student safety.

The Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against, or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms. (Education Code 35183)

Regulation 5132: Dress And Grooming

The following guidelines shall apply to all regular school activities:

1. Clothing, jewelry, and personal items shall be free of writing, pictures, or any other insignia which is vulgar, lewd, obscene, profane, or sexually suggestive or which promotes the use of alcohol, drugs, tobacco, or other illegal activity.
2. Appropriate shoes must be worn at all times.

In addition, the principal or designee may impose dress requirements to accommodate the needs of special school activities, physical education classes, athletic activities, and other extracurricular and cocurricular activities.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066)

Students shall be allowed to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day. (Education Code 35183.5)

Gang-Related Apparel

At individual schools that have a dress code prohibiting gang-related apparel at school or school activities, the principal, staff, and parents/guardians participating in the development of the school safety plan shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code 32282)

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received. As necessary, the school shall collaborate with law enforcement agencies to update definitions of gang-related apparel.

Uniforms

In schools that require a schoolwide uniform, the principal, staff, and parents/guardians of the school shall jointly select the specific uniform to be worn. (Education Code 35183)

At least six months before a school uniform policy is implemented, the principal or designee shall notify parents/guardians of this policy. (Education Code 35183)

Parents/guardians shall also be informed of their right to have their child exempted.

The Superintendent or designee shall establish criteria for determining student eligibility for financial assistance when purchasing uniforms.

Students who participate in a nationally recognized youth organization shall be allowed to wear organization uniforms on days when the organization has a scheduled meeting. (Education Code 35183)

The Superintendent or designee shall ask parents/guardians to provide emergency contact information in order to facilitate communication in the event of an accident or illness.

District staff shall appropriately report and document student accidents.

"Do Not Resuscitate" Orders

The Board believes that staff members should not be placed in the position of determining whether or not to follow any parental or medical "do not resuscitate" orders. Staff shall not accept or follow any such orders except under the specific written direction of the Superintendent or designee. The Superintendent or designee may only direct a staff member to follow a "do not resuscitate" order if he/she has received a written parent/guardian authorization, with an authorized health care provider statement, and an order of an appropriate court.

The Superintendent or designee shall ensure that parents/guardians who have submitted a "do not resuscitate" order are informed of this policy.

If the student's parent/guardian or other contact person cannot be reached to provide consent, the principal may seek reasonable medical treatment for the student as needed, unless the parent/guardian has previously filed with the district a written objection to any medical treatment other than first aid.

A person who has filed with the district a completed caregiver's authorization affidavit pursuant to Family Code 6550-6552 shall have the right to consent to or refuse school-related medical care on behalf of the minor student. (Family Code 6550)

The caregiver's consent to medical care shall be superseded by any contravening decision of the parent or other person having legal custody of the student, provided that this contravening decision does not jeopardize the student's life, health, or safety. (Family Code 6550)

Automated External Defibrillators

When an automated external defibrillator (AED) is placed in a district school, the Superintendent or designee shall notify an agent of the local emergency medical services agency of the existence, location, and type of AED acquired. (Health and Safety Code 1797.196, 1797.200)

The Superintendent or designee shall ensure that any AED placed at a district school is maintained and tested according to the operation and maintenance guidelines set forth by the manufacturer. (Health and Safety Code 1797.196)

The Superintendent or designee may develop a written plan which describes the procedures to be followed in the event of a medical emergency, including an emergency that may involve the use of an AED. These procedures should include, but not be limited to, requirements for immediate notification of the 911 emergency telephone number in the event of an emergency that may involve the use of an AED.

The principal of any district school with an AED shall annually provide information to school employees that describes: (Health and Safety Code 1797.196)

1. Sudden cardiac arrest
2. The school's emergency response plan
3. The proper use of an AED

Instructions on how to use the AED, in no less than 14-point type, shall be posted next to every AED. In addition, school employees shall be notified annually of the location of all AED units on campus. (Health and Safety Code 1797.196)

Each AED shall be checked for readiness at least biannually and after each use. In addition, the Superintendent or designee shall ensure that an inspection is made of all AEDs at least every 90 days for potential issues related to operability of the device, including a blinking light or other obvious defect that may suggest tampering or that another problem has arisen with the functionality of the AED. The Superintendent or designee shall maintain records of these checks. (Health and Safety Code 1797.196)

Policy 5141.21: Administering Medication And Monitoring Health Conditions

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 12/01/2019

The Board of Trustees believes that regular school attendance is critical to student learning and that students who need to take medication prescribed or ordered for them by their authorized health care providers should be able to participate in the educational program.

Any medication prescribed for a student with a disability who is qualified to receive services under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973 shall be administered in accordance with the student's individualized education program or Section 504 services plan, as applicable.

For the administration of medication to other students during school or school-related activities, the Superintendent or designee shall develop protocols which shall include options for allowing parents/guardians to administer medication to their child at school, designate other individuals to do so on their behalf, and, with the student's authorized health care provider's approval, request the district's permission for the student to self-administer a medication or self-monitor and/or self-test for a medical condition. Such processes shall be implemented in a manner that preserves campus security, minimizes instructional interruptions, and promotes student safety and privacy.

The Superintendent or designee shall make epinephrine auto-injectors available at each school for providing emergency medical aid to any person suffering, or reasonably believed to be suffering, from an anaphylactic reaction. (Education Code 49414)

The Superintendent or designee may make naloxone hydrochloride or another opioid antagonist available for emergency medical aid to any person suffering, or reasonably believed to be suffering, from an opioid overdose. (Education Code 49414.3)

Because of the conflict between state and federal law regarding the legality of medicinal cannabis, the Board prohibits the administration of medicinal cannabis to students on school grounds by parents/guardians or school personnel.

The Superintendent or designee may collaborate with city and county emergency responders, including local public health administrators, to design procedures or measures for addressing an emergency such as a public disaster or epidemic.

Administration of Medication by School Personnel

When allowed by law, medication prescribed to a student by an authorized health care provider may be administered by a school nurse or, when a school nurse or other medically licensed person is unavailable and the physician has authorized administration of medication by unlicensed personnel for a particular student, by other designated school personnel with appropriate training. School nurses and other designated school personnel shall administer medications to students in accordance with law, Board policy, administrative regulation, and, as applicable, the written statement provided by the student's parent/guardian and authorized health care provider. Such personnel shall be afforded appropriate liability protection.

The Superintendent or designee shall ensure that school personnel designated to administer any medication receive appropriate training and, as necessary, retraining from qualified medical personnel before any medication is administered. At a minimum, the training shall cover how and when such medication should be administered, the recognition of symptoms and treatment, emergency follow-up procedures, and the proper documentation and storage of medication. Such trained, unlicensed designated school personnel shall be supervised by, and provided with immediate communication access to, a school nurse, physician, or other appropriate individual.

The Superintendent or designee shall maintain documentation of the training and ongoing supervision, as well as annual written verification of competency of other designated school personnel.

Emergency Epinephrine Auto-Injectors

The Superintendent or designee shall provide epinephrine auto-injectors to school nurses or other employees who have volunteered to administer them in an emergency and have received training. The school nurse, or a volunteer employee when a school nurse or physician is unavailable, may administer an epinephrine auto-injector to provide emergency medical aid to any person suffering, or reasonably believed to be suffering, from potentially life-threatening symptoms of anaphylaxis at school or a school activity. (Education Code 49414)

At least once per school year, the Superintendent or designee shall distribute to all staff a notice requesting volunteers to be trained to administer an epinephrine auto-injector and describing the training that the volunteer will receive. (Education Code 49414)

The principal or designee at each school may designate one or more volunteers to receive initial and annual refresher training, which shall be provided by a school nurse or other qualified person designated by a physician and surgeon authorized pursuant to Education Code 49414 and shall be based on the standards developed by the Superintendent of Public Instruction (SPI). Written materials covering the required topics for training shall be retained by the school for reference. (Education Code 49414)

A school nurse or other qualified supervisor of health, or a district administrator if the district does not have a qualified supervisor of health, shall obtain a prescription for epinephrine auto-injectors for each school from an authorized physician and surgeon. Such prescription may be filled by local or mail order pharmacies or epinephrine auto-injector manufacturers. Elementary schools shall, at a minimum, be provided one adult (regular) and one junior epinephrine auto-injector. Secondary schools shall be provided at least one adult (regular) epinephrine auto-injector, unless there are any students at the school who require a junior epinephrine auto-injector. (Education Code 49414)

If an epinephrine auto-injector is used, the school nurse or other qualified supervisor of health shall restock the epinephrine auto-injector as soon as reasonably possible, but no later than two weeks after it is used. Emergency Medication for Opioid Overdose

The district may elect to make emergency naloxone hydrochloride or another opioid antagonist available at schools for the purpose of providing emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose. In determining whether to make this medication available, the Superintendent or designee shall evaluate the emergency medical response time to the school and determine whether initiating emergency medical services is an acceptable alternative to providing an opioid antagonist and training personnel to administer the medication. (Education Code 49414.3)

When available at the school site, the school nurse shall provide emergency naloxone hydrochloride or another opioid antagonist for emergency medical aid to any person exhibiting potentially life-threatening symptoms of an opioid overdose at school or a school activity. Other designated personnel who have volunteered and have received training may administer such medication when a school nurse or physician is unavailable, and shall only administer the medication by nasal spray or auto-injector. (Education Code 49414.3)

At least once per school year, the Superintendent or designee shall distribute to all staff a notice requesting volunteers to be trained to administer naloxone hydrochloride or another opioid antagonist, describing the training that the volunteer will receive, and explaining the right of the volunteer to rescind the offer to volunteer at any time, including after receiving training. The notice shall also include a statement that no benefit will be granted to or withheld from any employee based on the offer to volunteer and that there will be no retaliation against any employee for rescinding the offer to volunteer. (Education Code 49414.3)

The principal or designee may designate one or more volunteer employees to receive initial and annual refresher training, based on standards adopted by the SPI, regarding the storage and emergency use of naloxone hydrochloride or another opioid antagonist. The training shall be provided at no cost to the employee, conducted during regular working hours, and be provided by a school nurse or other qualified person designated by an authorizing physician and surgeon. Written materials provided during the training shall be retained at the school for reference. (Education Code 49414.3)

A school nurse, other qualified supervisor of health, or, if the district does not have a qualified supervisor of health, a district administrator shall obtain a prescription for naloxone hydrochloride or another opioid antagonist for each school from an authorized physician and surgeon. Such prescription may be filled by local or mail order pharmacies or manufacturers. (Education Code 49414.3)

If the medication is used, the school nurse, other qualified supervisor of health, or district administrator, as applicable, shall restock the medication as soon as reasonably possible, but no later than two weeks after it is used. In addition, the medication shall be restocked before its expiration date. (Education Code 49414.3)

Information regarding defense and indemnification provided by the district for any and all civil liability for volunteers administering naloxone hydrochloride or another opioid antagonist for emergency aid shall be provided to each volunteer and retained in the employee's personnel file. (Education Code 49414.3)

A school may accept gifts, grants, and donations from any source for the support of the school in carrying out the requirements of Education Code 49414.3, including, but not limited to, the acceptance of the naloxone hydrochloride or another opioid antagonist from a manufacturer or wholesaler. (Education Code 49414.3)

Policy 5141.22: Infectious Diseases

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 07/01/2020

The Board of Trustees desires to protect students from risks posed by exposure to infectious diseases while providing a high-quality education for all students. The Superintendent or designee shall collaborate with local and state health officials to develop and regularly update a comprehensive plan for disease prevention that promotes preventative measures, mitigation, education, communication, and training of students and staff. All measures to limit the spread of infectious diseases shall be nondiscriminatory and ensure that equity is promoted.

The Superintendent or designee may regularly review resources available from health experts to ensure that district programs and operations are based on the most up-to-date information.

The district's comprehensive health education program may provide age-appropriate information about the nature and symptoms of communicable diseases, their transmission, and how to help prevent the spread of contagious diseases.

If the local health officer notifies the district of an outbreak of a communicable disease, or the imminent and proximate threat of a communicable disease outbreak or epidemic that threatens the public's health, the district shall take any action that the health officer deems necessary to control the spread of the disease. The district shall comply with all applicable state and federal privacy laws in regard to any such information received from the local health officer. (Health and Safety Code 120175.5)

Students and staff shall observe universal precautions in order to prevent exposure to bloodborne pathogens and to prevent the spread of infectious diseases.

The Superintendent or designee may inform students of the precautions to be used in cases of exposure to blood or other body fluids through injury, accident, or classroom instruction.

Students with Infectious Diseases

The Superintendent or designee shall exclude students from on-campus instruction only in accordance with law, Board policy, and administrative regulation. Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus, and human immunodeficiency virus (HIV) are not casually transmitted, the presence of infectious conditions of this type is not, by itself, sufficient reason to exclude students from attending school.

Parents/guardians are encouraged to inform the Superintendent or designee if their child has an infectious disease so that school staff may work cooperatively with the student's parents/guardians to minimize exposure to other diseases in the school setting. If necessary, the Superintendent or designee shall inform the local health official of any potential outbreak. The Superintendent or designee shall ensure that student confidentiality and privacy rights are strictly observed in accordance with law.

Regulation 5141.22: Infectious Diseases

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 07/01/2020

Prevention and Mitigation Plan

1. A communication strategy for informing students, parents/guardians, staff, and the community about the disease(s), including symptoms, complications, transmission, and current recommendations from state and local departments of public health
2. Protocols for assessing when campus closures are necessary and when campus(es) may reopen
3. Alternative means of instruction, schedules, and attendance, including the provision of instruction to students with disabilities, English learners, and foster or homeless youth, in the event of campus closures or partial closures
4. Guidelines regarding preventative measures such as social distancing, personal protective equipment, temperature checks, and/or any other health screening allowed by law
5. Protocols regarding the acquisition and provision of personal protective equipment and other supplies
6. Procedures for the cancellation or alteration of extracurricular activities and field trips
7. Protocols for transportation of students using district vehicles
8. Information on effective hygiene practices
9. Provisions for continuing free and reduced-price meal services
10. Processes for protecting students who are at higher risk from the disease
11. Programs that enhance a positive school climate and foster the emotional well-being of all students
12. Guidelines for cleaning and sanitization of district facilities and equipment
13. Protocols for visitors and outside groups that utilize district facilities
14. Staff training

The Superintendent or designee shall immediately report to the local health officer the presence or suspected presence of any communicable disease. (17 CCR 2508)

Universal Precautions in the Classroom

Before students work with blood, blood products, or other body fluids, the teacher shall explain the potentially hazardous nature of blood and body fluids in the transmission of various agents from one person to another and the specific procedures and safety precautions to be used in the lesson.

The following precautions shall be used when students are working with blood or other body fluids:

1. Before and after exposure to blood or other body fluids, students shall wash their hands with soap and water and cover any existing cut, wound, or open sore with a sterile dressing.
2. Students shall wear gloves or other personal protective equipment as appropriate.
3. Blood typing or similar experiments may be conducted by teacher demonstrations. When being performed individually, students shall work with their own blood or use prepackaged ABO/Rh blood cell kits that have

vials of blood previously tested for transmissible agents.

- a. For finger punctures, students shall use individual sterile lancets that have engineered sharps injury protection and shall not reuse them.
 - b. Before the finger is punctured, it shall be wiped with a piece of cotton that has been immersed in alcohol.
 - c. If bleeding persists after the finger is punctured, the student shall apply a sterile bandage using moderate pressure.
4. Lancets and any other materials contaminated with blood or body fluids shall be discarded into a solution consisting of one part bleach to 10 parts water (1:10), made fresh daily.
 5. At the end of the class, surfaces shall be wiped with alcohol or a solution of one part bleach to 10 parts water.

Policy 5141.23: Asthma Management

Status: DRAFT

Original Adopted Date: Pending

The Board of Trustees desires to provide support systems for students with asthma in order to reduce school absences, help ensure that such students receive appropriate intervention if symptoms occur at school, and enable them to participate in the educational program and school activities to the extent possible.

The Superintendent or designee shall involve school nurses, other health professionals, school administrators, and health educators in the development of strategies to help provide a healthy and safe school environment for students with asthma. He/she may also involve school health councils or committees and other interested persons to ensure that the district's strategies are coordinated with other school health programs and practices.

District strategies shall include, but not be limited to, procedures for identifying and addressing individual student needs, providing effective professional development on asthma symptoms and staff responsibilities, and identifying and reducing environmental factors at schools that may trigger and/or worsen asthma symptoms.

Regulation 5141.23: Asthma Management

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 03/01/2009

Identification of Students with Asthma

The Superintendent or designee may, upon a student's registration for school and annually thereafter, request parents/guardians to notify the principal or designee, in writing, if their child has been diagnosed with asthma, has recently experienced symptoms or has a history of asthma, and/or is at risk for potentially severe asthma attacks. The request also may encourage parents/guardians to provide such notification at any time during the school year that their child is so diagnosed.

The Superintendent or designee shall keep a student's medical information in a secure location and maintain the confidentiality of student health records in accordance with law governing student records. A copy of a student's health record shall be provided to the school nurse, if any. In addition, pertinent information from the health record shall be released to other employees whose responsibilities require that they have access to such information in order to provide support services or to respond in an emergency, such as a student's teacher(s), coach(es), bus driver, and any other staff with responsibility for direct supervision of the student.

Individualized Asthma Management

When a student has been diagnosed with asthma or when such a student registers for school, the Superintendent or designee shall request that the parent/guardian submit an asthma action plan. This plan shall be developed by the student's health care provider, in partnership with the student and his/her parents/guardians, and shall include, but not be limited to, information regarding the student's symptoms and severity, asthma triggers, necessary medications, and the parent/guardian's authorization for the health care provider's disclosure of health information to the district. The Superintendent or designee shall request that the parents/guardians submit an updated plan each school year or whenever there are changes in the student's health condition or treatment.

When a student with asthma has been identified as disabled pursuant to Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act, necessary accommodations and services shall be identified as part of the student's Section 504 services plan or individualized education program (IEP), as appropriate.

Any student who needs to take prescribed medication during the school day may be assisted by a school nurse or designated school personnel or allowed to carry and self-administer inhaled asthma medication provided that the district receives written statements from the student's physician and parent/guardian in accordance with Education Code 49423.1 and BP/AR 5141.21 - Administering Medication and Monitoring Health Conditions. Parents/guardians shall be requested to provide quick relief medication to be administered in accordance with the student's asthma action plan.

Students shall be encouraged to notify their teacher, physical education teacher, coach, or other staff when they are experiencing difficulty breathing and/or need to alter their physical activity level. A student experiencing symptoms shall be encouraged to use his/her quick relief medication. The student shall be supervised on school grounds by a responsible adult until he/she is no longer experiencing symptoms and/or his/her parent/guardian has been contacted.

In case of emergency, staff shall call 911 and assist the student in the administration of quick relief medication as authorized in the student's asthma action plan, Section 504 services plan, or IEP. Staff shall contact the student's parent/guardian or other person identified as an emergency contact and shall supervise the student until his/her care has been assumed by a health professional, parent/guardian, or designated emergency contact.

Education and Support Services

Asthma management and support systems shall be coordinated by a school nurse, other qualified health professional, or educator who has received appropriate training.

A school nurse or other qualified personnel may provide education to students with asthma using approved curriculum. Upon request by a student or his/her parents/guardians, the Superintendent or designee may provide information about available medical resources, including school-based health services as appropriate.

Environmental Assessment

The Superintendent or designee may periodically conduct an environmental assessment to identify and reduce the presence of common asthma triggers, including, but not limited to, pesticides, chemical pollutants, mold, and animal and dust mite allergens, in the school environment.

The Superintendent or designee may communicate with each school principal when local health advisories are issued for high ozone days or poor outdoor air quality so that outdoor physical activities may be curtailed as necessary.

The district shall also maintain daily documentation of specific services provided and shall include the signatures of the personnel who performed the procedure. This documentation shall be maintained in accordance with the requirements for confidentiality of student records and shall be classified as mandatory interim student records. (5 CCR 3051.12)

Regulation 5141.26: Tuberculosis Testing

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 10/01/2019

Any student who is reasonably suspected of having active tuberculosis shall be excluded from attendance at a district school until the student provides evidence of a certificate showing that the student is free of communicable tuberculosis. (Health and Safety Code 121485, 121495, 121505)

Students shall be screened or tested for tuberculosis under the following circumstances:

1. When required by the local health department as part of the comprehensive health screening required for school entry, parents/guardians shall, within 90 days after their child's entry into first grade, provide certification evidencing that their child has been screened for risk of tuberculosis within the preceding 18 months. Such certification shall be on a form approved by the California Department of Health Care Services. (Health and Safety Code 124040, 124085, 124105)

In lieu of the certificate, parents/guardians may submit a signed waiver indicating that they do not want or are unable to obtain the health screening and evaluation services for their child and, if applicable, the reasons that they are unable to obtain the services. (Health and Safety Code 124085)

2. Whenever ordered by the local health officer for the preservation and protection of public health, students seeking admission for the first time to a district school at any grade level shall submit to tuberculosis testing. Students who are subject to the health officer's order shall be admitted to school as follows:
 - a. The Superintendent or designee shall unconditionally admit any student who, prior to admission, submits a certificate signed by any public or private medical provider indicating that the student has completed an approved tuberculosis examination and is free from active tuberculosis. (Health and Safety Code 121485, 121490, 121500; 22 CCR 41305, 41311, 41313)

The Superintendent or designee shall exempt a student from the requirement to submit a certificate if the student's parent/guardian, or the student if an emancipated minor, provides an affidavit stating that the required examination is contrary to one's personal beliefs. If there is probable cause to believe that such a student has active tuberculosis, the student may be excluded from school until the Superintendent or designee is satisfied that the student is not afflicted. (Health and Safety Code 121505)
 - b. A student who has not submitted the certificate or personal beliefs affidavit may be admitted on condition that the student receives an approved tuberculin skin test within 10 school days after admission. A student who has had a positive skin test and has not subsequently obtained a chest x-ray may be admitted on condition that the student receives a chest x-ray within 20 school days after admission. Any student who fails to provide the certificate within those time periods shall be prohibited from further attendance until the certificate is provided. (Health and Safety Code 121495; 22 CCR 41315, 41327)
 - c. Whenever the local health officer so orders, a student may be required to complete an additional examination and provide another certificate indicating that the student is free of communicable tuberculosis. (Health and Safety Code 121485)
 - d. At the discretion of the local health officer, the district may admit a student without a certificate if the student is undergoing or has already undergone preventive treatment for tuberculosis infection or treatment for tuberculosis disease. (22 CCR 41319)
3. Whenever the Superintendent or designee suspects that a student who has not been examined for tuberculosis either has the disease or has been exposed, the Superintendent or designee shall immediately report by telephone to the local health officer. When required by the local health officer, the district shall exclude the student from school until the student is certified to be free of communicable tuberculosis. (22 CCR 41329)

The Superintendent or designee shall maintain a record of any student's tuberculosis examination as part of the student's mandatory permanent student record. (22 CCR 41323)

The Superintendent or designee shall annually file a report with the local health department on the results of tuberculosis examinations for all new district students required to complete such examinations in accordance with item #2 above, including, but not necessarily limited to, the number of students unconditionally and conditionally admitted and the number of students exempted on the basis of their personal beliefs. (22 CCR 41325)

Policy 5141.27: Food Allergies/Special Dietary Needs

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 08/01/2013

The Board of Trustees desires to prevent students' exposure to foods to which they are allergic or intolerant and to provide for prompt and appropriate treatment in the event that a severe allergic reaction occurs at school.

The Superintendent or designee may develop guidelines for the care of food-allergic students. Such guidelines shall include, but are not limited to, strategies for identifying students at risk for allergic reactions, avoidance measures, education of staff regarding typical symptoms, and actions to be taken in the event of a severe allergic reaction.

Parents/guardians shall be responsible for notifying the Superintendent or designee, in writing, regarding any food allergies or other special dietary needs of their child in accordance with administrative regulation.

When a student's food allergy or food intolerance substantially limits one or more major life activities, his/her parents/guardians shall be informed of the district's obligation to evaluate the student to determine if he/she requires accommodations pursuant to Section 504 of the federal Rehabilitation Act. The student shall be evaluated in accordance with law and the procedures specified in AR 6164.6 - Identification and Education Under Section 504. If that process results in the development of a Section 504 plan, the district shall provide the accommodations and/or aids and services identified in the plan.

If a student's diet restrictions and needed services are addressed in an individualized education program (IEP), the Superintendent or designee shall ensure compliance with the IEP including any necessary food substitutions.

Students shall not be excluded from school activities nor otherwise discriminated against, harassed, intimidated, or bullied because of their food allergy.

Any complaint of alleged noncompliance with this policy shall be addressed through appropriate district complaint procedures.

The district's food services program may, but is not required to, accommodate individual student preferences or diets that are not supported by a statement from the student's health care provider.

Regulation 5141.27: Food Allergies/Special Dietary Needs

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 12/01/2014

Definitions

Special dietary needs include food intolerances, allergies, and other medical needs that may require avoidance of specific foods.

Food allergies are abnormal responses of the body's immune system to certain foods or ingredients.

Anaphylaxis is a potentially life-threatening hypersensitivity to a substance and may be caused by a food allergy. Symptoms may include shortness of breath, wheezing, difficulty breathing, difficulty talking or swallowing, hives, itching, swelling, shock, or asthma. (Education Code 49414)

Epinephrine auto-injector is a disposable drug delivery system with a spring-activated needle that is designed for emergency administration of epinephrine to provide rapid, convenient first aid for persons suffering a potentially fatal reaction to anaphylaxis. (Education Code 49414)

Notification by Parent/Guardian

The parents/guardians of any student who has a known food allergy or other special dietary need shall notify the Superintendent or designee, in writing, and provide written medical documentation, signed by the student's health care provider, that describes the nature of the student's condition, instructions, and necessary medications. If the student's condition requires food substitutions or modifications in school meals, the written statement shall also describe the specific foods to be restricted and the foods that should be substituted.

Health Plan

Upon receiving notice of a student's food allergy or other special dietary need, the Superintendent or designee shall ensure that a written health plan is developed, in consultation with the student's parents/guardians and health provider, to manage the student's needs while at school or at a school-sponsored activity. The plan shall seek to minimize the student's risk of exposure to the allergen and address actions to be taken if exposure occurs.

As appropriate, the plan may include specific food prohibitions and substitutions, an identification of common school rooms where the student may be exposed, staff responsibilities, information and training to be provided to staff, accommodations and services to facilitate the student's participation in the educational program, and medical/emergency protocols.

When a student with a food allergy or other special dietary need has been identified as disabled pursuant to Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act, necessary accommodations and services shall be identified as part of the student's Section 504 services plan or individualized education program, as appropriate.

Prevention Strategies

To minimize students' exposure to foods to which they are allergic, the Superintendent or designee shall, at a minimum, implement the following preventive measures:

1. Notification to District Staff

When notified by the parent/guardian that a student has a food allergy, the Superintendent or designee shall inform the student's principal, teacher(s), bus driver, school nurse, coach, and/or any other personnel responsible for supervising the student.

The principal or designee shall notify substitute staff of the identity of any students with known food allergies and the school's response plan.

2. Food Services

The district's food services program shall make food substitutions in breakfasts, lunches, and after-school snacks when students are considered to have a disability under Section 504 that restricts their diet and when a health care provider has signed a statement of need that includes recommended alternate foods. (7 CFR 210.10, 220.8)

Substitutions may be made on a case-by-case basis for students who do not have a disability under Section 504 but who cannot consume the regular breakfast, lunch, or after-school snack because of medical or other special dietary needs, when supported by a statement of need signed by a health care provider. (7 CFR 210.10, 220.8, 225.16)

The district's food services staff may check food labels or specifications to ensure that foods do not contain traces of substances to which the student is allergic.

Under no circumstances shall food services staff prescribe nutritional requirements or revise a diet order prescribed by a health care provider.

Food substitutions shall not result in any additional cost to the student.

3. Class Parties/School Activities

Without identifying the student, the principal or teacher may notify parents/guardians of other students in the class that a student is allergic to a specific food and may request that certain foods not be provided at class parties or other school events.

Whenever the ingredients in any food served at class parties or other school activities are unknown, the student may be encouraged to avoid the food.

4. Sanitation and Cleaning

To avoid spreading allergens, cafeteria tables and classroom surfaces shall be cleaned with fresh cloth or disposable paper towels utilizing cleaning products known to effectively remove food proteins, excluding waterless cleaners or instant hand sanitizers that do not involve a wet-wash step. Cross-contact from a sponge or cloth used to clean allergen-containing tabletops shall be avoided.

Staff shall use and promote hand-washing using soap and water before and after food handling.

Students may be notified that exchanging meals or utensils is prohibited.

5. Professional Development

School staff working directly with and managing the care of students with allergies shall be provided appropriate identification of and management of food allergies, including avoidance measures, typical symptoms, the proper use of epinephrine auto-injectors, documentation and storage of medication, and emergency drills.

6. Supervision of Students

When available, staff who are trained and knowledgeable about symptoms of anaphylaxis and actions to take in an emergency shall provide supervision in the classroom and cafeteria, on the playground, and on field trips or other school activities whenever students known to have a food allergy are present.

7. Health Education

The district's health education curriculum may include instruction on food allergies in order to assist food-allergic students in taking responsibility for monitoring their diet and to teach other students about the dangers of sharing foods or utensils with others.

Emergency Response

Epinephrine auto-injectors or other medicine provided for use in the event of an anaphylactic shock reaction shall be stored and used in accordance with law and BP/AR 5141.21 - Administering Medication and Monitoring Health

Conditions.

In addition, staff shall call 911 and seek immediate medical attention for a student experiencing an anaphylactic shock reaction.

As soon as possible, school staff shall contact the student's parents/guardians or other person identified as an emergency contact.

When a student with a known allergy will be off school grounds, such as on a field trip, he/she shall be accompanied by a kit containing at least two doses of epinephrine, other medications as noted by the student's health care provider, and, as appropriate, the student's individualized food allergy plan.

Policy 5141.3: Health Examinations

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 11/01/2010

The Board of Trustees recognizes that periodic health examinations of students may lead to early detection and treatment of conditions that impact learning. Health examinations also may help in determining whether special adaptations of the school program are necessary.

The Superintendent or designee shall verify that students have complied with legal requirements for a comprehensive health screening, an oral health assessment, and immunizations at school entry. In addition, the district shall administer tests for vision, hearing, and scoliosis as required by law.

All students who participate as cheerleaders, song leaders, or athletes in organized competitive sports shall first undergo a medical examination and submit documentation of medical clearance to the district. Upon sustaining an injury or serious illness, a student may be required to have another examination before participating further. This requirement does not apply to participants in occasional play day or field day activities.

The Superintendent or designee shall ensure that staff employed to examine students exercise proper care of each student and that examination results are kept confidential. Records related to these examinations shall be maintained and released only in accordance with law.

Regulation 5141.3: Health Examinations

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 12/01/2014

The principal at each school shall notify parents/guardians of the rights of students and parents/guardians related to health examinations. (Education Code 48980; 20 USC 1232h)

A parent/guardian may annually file with the principal a written statement withholding consent to the physical examination of his/her child. Any such student shall be exempt from any physical examination but shall be subject to exclusion from attendance when contagious or infectious disease is reasonably suspected. (Education Code 49451; 20 USC 1232h)

Vision Tests

Each student's vision shall be appraised, by the school nurse or other personnel authorized under Education Code 49452, during the kindergarten year or upon first enrollment or entry in a district elementary school and subsequently in grades 2, 5, and 8. However, a student who is tested upon first enrollment or entry in the district in grade 4 or 7 shall not be required to be appraised in the next immediate year. (Education Code 49455)

The vision appraisal shall include tests for visual acuity, including near vision. Male students shall also be tested once for color vision in grade 1 or later and the results of the appraisal shall be entered in the student's health record. (Education Code 49455)

Appraisal of a student's vision may be waived under either of the following conditions: (Education Code 49455)

1. The student's parent/guardian requests a waiver and presents a certificate from a physician/surgeon, physician assistant, or optometrist showing the results of an examination of the student's vision, including visual acuity and, in male students, color vision.
2. The student's parents/guardians file with the principal a written statement that they adhere to the faith or teachings of any well-recognized religious sect, denomination, or organization and, in accordance with its creed, tenets, or principles depend for healing upon prayer in the practice of their religion.

Visual defects or any other defects found as a result of the vision examination shall be reported to the parent/guardian with a request that remedial action be taken to correct or cure the defect. The report of a visual defect, if made in writing, shall be made on a form prescribed by the Superintendent of Public Instruction. The report shall not include a referral to any private practitioner. However, the student may be referred to a public clinic or diagnostic and treatment center operated by a public hospital or by the state, county, or city department of public health. (Education Code 49456)

In addition to the vision appraisals described above, the school nurse and/or classroom teacher shall continually and regularly observe students' eyes, appearance, behavior, visual performance, and perception that may indicate vision difficulties. (Education Code 49455)

Hearing Tests

The Superintendent or designee shall provide for the administration of hearing tests to district students by personnel authorized to conduct such testing pursuant to Education Code 49452 and 49454 and in accordance with the procedures specified in 17 CCR 2951.

Each student shall be given a hearing screening test at the following times: (17 CCR 2951)

1. Kindergarten or grade 1
2. Grade 2
3. Grade 5
4. Grade 8
5. Grade 10 or 11

6. Upon first entry into the California public school system

Each student enrolled in a special education program, other than those enrolled because of a hearing problem, shall be given a hearing test when enrolled in the program and every third year thereafter. Hearing tests may be given more frequently as needed, based on the individualized education program team's evaluation of the student. (17 CCR 2951)

A follow-up hearing threshold test shall be administered to any student who fails to respond to any of the required frequencies in the screening test or is otherwise determined to need further evaluation. (17 CCR 2951)

The Superintendent or designee shall provide written notification of test results to the parents/guardians of any student who fails the hearing tests. When the test results fall within the levels specified in 17 CCR 2951 or there is evidence of pathology, such as an infection of the outer ear, chronic drainage, or a chronic earache, the notification shall include a recommendation that a further medical and audiological evaluation be obtained. (17 CCR 2951)

The dates and results of all screening tests and copies of threshold tests shall be included in the student's health records. (17 CCR 2951)

The principal or designee shall prepare an annual report of the school hearing testing program, using forms provided by the Department of Health Services, with copies to the Superintendent and the County Superintendent of Schools. (17 CCR 2951)

Scoliosis Screening

Each female student in grade 7 and each male student in grade 8 shall be screened for scoliosis. (Education Code 49452.5)

The parent/guardian of any student suspected of having scoliosis shall receive a notice which includes an explanation of scoliosis and describes the significance of treatment at an early age. This notice shall also describe the public services available for treatment and include a referral to appropriate community resources. (Education Code 49452.5)

Type 2 Diabetes Information

Because type 2 diabetes in children is a preventable and treatable disease, parents/guardians are encouraged to have their child screened by an authorized health care practitioner for risk factors of the disease, including excess weight, and to request tests of their child's blood glucose to determine if he/she has type 2 diabetes or pre-diabetes.

The Superintendent or designee shall provide parents/guardians of incoming students in grade 7 with an information sheet developed by the CDE regarding type 2 diabetes, which includes: (Education Code 49452.7)

1. A description of the disease and its risk factors and warning signs
2. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with type 2 diabetes be screened for the disease
3. A description of the different types of diabetes screening tests available
4. A description of treatments and prevention methods

The information sheet may be provided with the annual parental notifications required pursuant to Education Code 48980. (Education Code 49452.7)

The Superintendent or designee may provide information to parents/guardians regarding public or private sources from which they may receive diabetes screening and education services for free or at reduced costs.

Policy 5141.31: Immunizations

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 12/01/2020

To protect the health of all students and staff and to curtail the spread of infectious diseases, the Board of Trustees shall cooperate with state and local public health agencies to encourage and facilitate immunization of all district students against preventable diseases.

Each student enrolling for the first time in a district school, preschool, or child care and development program or enrolling in or advancing to grade 7 shall present an immunization record from any authorized private or public health care provider certifying that the student has received all required immunizations in accordance with law. Students shall be excluded from school or exempted from immunization requirements only as allowed by law.

Transfer students shall be requested to present immunization records upon registration at district schools if possible.

Regulation 5141.31: Immunizations

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 12/01/2020

Required Immunizations

Upon a student's registration at a district school, the Superintendent or designee shall provide the student's parents/guardians a written notice summarizing the state's immunization requirements.

The Superintendent or designee shall not unconditionally admit any student to a district school, preschool, or child care and development program for the first time nor admit or advance any student to grade 7, unless the student has been fully immunized. The student shall present documentation of full immunization, in accordance with the age/grade and dose required by the California Department of Public Health (CDPH), against the following diseases: (Health and Safety Code 120335; 17 CCR 6025)

1. Measles, mumps, and rubella
2. Diphtheria, tetanus, and pertussis (whooping cough)
3. Poliomyelitis (polio)
4. Hepatitis B
5. Varicella (chickenpox)
6. Haemophilus influenza type b (Hib meningitis)
7. Any other disease deemed appropriate by CDPH

However, full immunization against hepatitis B shall not be a condition by which the Superintendent or designee shall admit or advance any student to grade 7. (Health and Safety Code 120335)

A student who qualifies for an individualized education program (IEP), unless otherwise exempt, shall be fully immunized in accordance with Health and Safety Code 120335 and this regulation. However, the district shall continue to implement the student's IEP and shall not prohibit the student from accessing any special education and related services required by the student's IEP regardless of whether the student is fully immunized. (Health and Safety Code 120335)

School personnel shall record information for each student regarding all doses of required immunizations and the status of all requirements in accordance with 17 CCR 6070. The school records shall be based on the student's immunization record provided by the student's health care provider, from the student's previous school immunization record, or through the California Immunization Registry (CAIR). (17 CCR 6070)

Exemptions

Exemption from one or more immunization requirements shall be granted under any of the following circumstances:

1. A medical exemption is submitted using the standardized form developed by CDPH and transmitted using CAIR which includes, but is not limited to, a description of the medical basis for which the exemption for each individual immunization is sought and whether the medical exemption is permanent or temporary. (Health and Safety Code 120372)

A student who has a medical exemption issued prior to January 1, 2020 shall be allowed to continue enrollment until the next grade span, except that after July 1, 2021, a student may not be admitted or advanced to grade 7 unless the student has been immunized or a medical exemption form filed as stated above. (Health and Safety Code 120370)

A temporary exemption shall not exceed one year, and all medical exemptions shall not extend beyond the grade span. (Health and Safety Code 120372)

If a student's medical exemption is revoked by CDPH on the basis that the exemption does not meet

applicable criteria for medical exemptions, the student shall continue in attendance and, within 30 calendar days of the revocation, commence the immunization schedule required for conditional admittance pursuant to 17 CCR 6050, as described below. (Health and Safety Code 120372)

The student's parent/guardian may appeal a revocation to the Secretary of California Health and Human Services. If a revocation is appealed, the student shall continue in attendance and shall not be required to commence the immunization schedule required for conditional admittance provided the appeal is filed within 30 calendar days of the revocation. (Health and Safety Code 120372, 120372.05)

2. The student's parent/guardian filed with the district, before January 1, 2016, a letter or written affidavit stating that an immunization is contrary to the student's personal beliefs, in which case the student shall be exempted from the immunization until the student enrolls in the next applicable grade span requiring immunization (birth to preschool, grades K-6, grades 7-12). (Health and Safety Code 120335)

When a student transfers to a different school within the district or transfers into the district from another school district in California, the student's personal beliefs exemption filed before January 1, 2016, shall remain in effect until the next applicable grade span. A student transferring from a school outside the district shall present a copy of the personal beliefs exemption upon enrollment. When a student transfers into the district from outside California and presents a personal beliefs exemption issued by another state or country prior to January 1, 2016, the Superintendent or designee may consult with legal counsel regarding the applicable immunization requirements.

3. The student is enrolled in an independent study program pursuant to Education Code 51745-51749.6 and does not receive classroom-based instruction. (Health and Safety Code 120335)

Conditional Enrollment

The Superintendent or designee may conditionally admit a student with documentation from an authorized health care provider that the student has not received all the immunizations required for the student's age group, but has commenced receiving doses of all required vaccines and is not due for any other doses at the time of admission. The Superintendent or designee shall notify the student's parents/guardians of the date by which the student must complete all the remaining doses as specified in 17 CCR 6035. (Health and Safety Code 120340; 17 CCR 6035)

In addition, a transfer student may be conditionally admitted for up to 30 school days while the student's immunization records are being transferred from the previous school. If such documentation is not presented within 30 days, the student shall be excluded from school until the required immunizations have been administered. (17 CCR 6035)

The Superintendent or designee shall immediately enroll homeless students, foster youth, and students of military families even if their immunization records are missing or unavailable at the time of enrollment. School or district staff shall work with the student's prior school to obtain the student's immunization records or shall ensure that the student is properly immunized. (Education Code 48853.5, 49701; Health and Safety Code 120341; 42 USC 11432)

The Superintendent or designee shall review the immunization record of each student admitted conditionally every 30 days until that student has received all the required immunizations. If the student does not receive the required immunizations within the specified time limits, the student shall be excluded from further attendance until the immunizations are received. (Health and Safety Code 120375; 17 CCR 6040, 6070)

Exclusions Due to Lack of Immunizations

If an enrolled student who was previously believed to be in compliance with immunization requirements is subsequently discovered to not be in compliance with requirements for unconditional or conditional admission, the Superintendent or designee shall notify the parent/guardian that evidence of proper immunization or an appropriate exemption must be provided within 10 school days. This notice shall refer the parent/guardian to the student's usual source of medical care or, if the student has no usual source of medical care, then to the county health department or school immunization program, if any. (Education Code 48216; 17 CCR 6040)

The Superintendent or designee shall exclude from further attendance an enrolled student who fails to obtain the required immunization within 10 school days following the parent/guardian's receipt of the notice specified above. The student shall remain excluded from school until documentation is provided indicating that the student has received a dose of each required vaccine due at that time. (17 CCR 6040, 6055)

The student shall also be reported to the attendance supervisor or principal.

Exclusion Due to Exposure to Disease

If the district has good cause to believe that a student has been exposed to a disease listed in the section "Required Immunizations" above and the student's documentation of immunization does not show proof of immunization against that disease, that student may be temporarily excluded from the school until the local health officer is satisfied that the student is no longer at risk of developing or transmitting the disease. (Health and Safety Code 120370)

Records

Each student's immunization record shall be retained as part of the student's mandatory permanent student record. District staff shall maintain the confidentiality of immunization records and may disclose such information to state and local health departments only in accordance with law. (Health and Safety Code 120375, 120440; 17 CCR 6070)

The district shall also retain in the mandatory student record any physician or health officer statement, personal beliefs letter or affidavit, reason for conditional enrollment, or any other documentation related to the student's immunization record or exemptions.

At least annually, the Superintendent or designee shall file a written report on the immunization status of new students with CDPH and the local department of public health on forms prescribed by CDPH. (Health and Safety Code 120375; 17 CCR 6075)

Audits

If an audit reveals deficiencies in the district's reporting procedures, the Superintendent or designee shall present the Board with a plan to remedy such deficiencies.

Regulation 5141.32: Health Screening For School Entry

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 07/01/2018

Comprehensive Health Screening for Grades K-1

The parent/guardian of a student in kindergarten or first grade shall submit to the Superintendent or designee a certification form developed by the California Department of Health Care Services (DHCS) and signed by the student's health examiner certifying that the student has completed a comprehensive health screening within 18 months prior to entry into first grade or within 90 days thereafter. (Health and Safety Code 124040, 124085)

The Superintendent or designee shall notify parents/guardians of all kindergarten students of the requirement to obtain a health screening and of the availability of the Child Health and Disability Prevention (CHDP) program established pursuant to Health and Safety Code 124025-124110 to assist eligible low-income families in obtaining the health screening. (Health and Safety Code 124100)

The notice and certification form shall be included with the notification of immunization requirements provided to parents/guardians prior to their child's enrollment in kindergarten and shall encourage completion of the health screening simultaneously with immunizations. The notice shall also be provided to the parent/guardian of any student who is enrolling in first grade without having attended kindergarten in the district.

In lieu of the certification, the parent/guardian may submit a waiver on a form developed by DHCS indicating that he/she does not want or is unable to obtain a health screening. If the waiver indicates that the parent/guardian was unable to obtain the services, the reasons should be included in the waiver. (Health and Safety Code 124085)

The waiver form shall be provided to a parent/guardian upon request.

The completed certification form or the waiver shall be maintained in the student's health file or cumulative record. (5 CCR 432)

During the first 90 days of the school year, the Superintendent or designee may contact any parent/guardian of a first-grade student who has not provided either the certification form or the waiver to ensure that the parent/guardian understands the health screening requirement and, if appropriate, his/her possible eligibility for the CHDP program.

The Superintendent or designee shall exclude from school, for not more than five school days, any first-grade student who does not present evidence of a health screening or a waiver on or before the 90th day after entering first grade. The exclusion shall begin on the 91st day after the student's entrance into the first grade, or if school is not in session, then on the next succeeding school day. (Health and Safety Code 124105)

The Superintendent or designee may exempt a student from exclusion when his/her parents/guardians have been contacted at least twice between the first day and the 90th day after the student's enrollment in first grade and the parents/guardians refuse to provide either a certification form or a waiver. (Health and Safety Code 124105)

Following completion of the assessment, the parent/guardian shall submit to the Superintendent or designee a completed certification form which has been signed by the dental health professional.

A parent/guardian may be excused from complying with the oral health assessment requirements if he/she indicates on the certification form that the assessment could not be completed for any of the following reasons: (Education Code 49452.8)

1. Completion of an assessment poses an undue financial burden on the parent/guardian.
2. The parent/guardian lacks access to a licensed dentist or other dental health professional.
3. The parent/guardian does not consent to an assessment.

By July 1 of each year, the Superintendent or designee shall report data on oral health assessments to the state dental director and/or the county office of education in accordance with Education Code 49452.8.

Policy 5141.33: Head Lice

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 07/01/2012

The Board of Trustees recognizes that head lice infestations among students require treatment but do not pose a risk of transmitting disease. The Superintendent or designee shall encourage early detection and treatment in a manner that minimizes disruption to the educational program and reduces student absences.

The Superintendent or designee may distribute information to parents/guardians of preschool and elementary students regarding routine screening, symptoms, accurate diagnosis, and proper treatment of head lice infestations. The Superintendent or designee also may provide related information to school staff.

School employees shall report all suspected cases of head lice to the school nurse or designee as soon as possible.

If a student is found with active, adult head lice, the student's parents will be phoned to pick up the student from school. The parent/guardian of the student shall be given information about the treatment of head lice and encouraged to begin treatment of the student immediately and to check all members of the family. The parent/guardian also shall be informed that the student shall be checked upon return to school the next day and allowed to remain in school if no active head lice are detected.

Upon the student's return to school, the school nurse or designee shall check the student for active head lice. If it is determined that the student remains infected with head lice, the school nurse or designee shall contact the student's parent/guardian to have the student picked up from school and to discuss treatment. As needed, the school health staff may provide additional resources and/or referral to the local health department, health care providers, or other agencies.

If a student is found consistently infested with head lice, he/she may be referred to a multidisciplinary team, which may consist of the school nurse, representatives from the local health department and social services, and other appropriate individuals, to determine the best approach for identifying and resolving problems contributing to the student's head lice infestations.

When it is determined that one or more students in a class or school are infested with head lice, the principal or designee may, at his/her discretion, notify parents/guardians of students in that class or school and provide them with information about the detection and treatment of head lice.

Staff shall maintain the privacy of students identified as having head lice.

District employees shall act only within the authorization and scope of their credential or license. Nothing in this policy shall be construed as authorizing or encouraging district employees to diagnose or treat mental illness unless they are specifically licensed and employed to do so. (Education Code 215)

The Board shall review, and update as necessary, this policy at least every five years. The Board may, at its discretion, review the policy more frequently. (Education Code 215)

Instruction

The district's comprehensive health education program shall promote the healthy mental, emotional, and social development of students and shall be aligned with the state content standards and curriculum framework. Suicide prevention instruction shall be incorporated into the health education curriculum in an age and developmentally

appropriate manner and shall be designed to help students:

The Superintendent or designee shall provide the name, title, and contact information of the members of the district and/or school crisis intervention team(s) to students, staff, parents/guardians, and caregivers and on school and district web sites. Such notifications shall identify the mental health professional who serves as the crisis intervention team's designated reporter to receive and act upon reports of a student's suicidal intention.

Students shall be encouraged to notify a teacher, principal, counselor, designated reporter, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.

Every statement regarding suicidal intent shall be taken seriously. Although any personal information that a student discloses to a school counselor shall generally not be revealed, released, discussed, or referred to with third parties, the counselor may report to the principal or student's parents/guardians when there is reasonable cause to believe that disclosure is necessary to avert a clear and present danger to the health, safety, or welfare of the student or others within the school community. In addition, the counselor may disclose information of a personal nature to psychotherapists, other health care providers, or the school nurse for the sole purpose of referring the student for treatment, or to report child abuse and neglect as required by Penal Code 11164-11174.3. (Education Code 49602)

Whenever schools establish a peer counseling system to provide support for students, peer counselors shall receive training that includes identification of the warning signs of suicidal behavior and referral of a suicidal student to appropriate adults.

When a suicide attempt or threat is reported, the principal or designee shall ensure student safety by taking the following actions:

1. Immediately securing medical treatment and/or mental health services as necessary

2. Notifying law enforcement and/or other emergency assistance if a suicidal act is being actively threatened

The principal or designee shall document the incident in writing, including the steps that the school took in response to the suicide attempt or threat.

The Superintendent or designee shall follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed. If the parent/guardian does not access treatment for the student, the Superintendent or designee may meet with the parent/guardian to identify barriers to treatment and assist the family in providing follow-up care for the student. If follow-up care is still not provided, the Superintendent or designee shall consider whether it is necessary, pursuant to laws for mandated reporters of child neglect, to refer the matter to the local child protective services agency.

For any student returning to school after a mental health crisis, the principal or designee and/or school counselor may meet with the parents/guardians and, if appropriate, with the student to discuss re-entry and appropriate steps to ensure the student's readiness for return to school and determine the need for ongoing support.

Postvention

In accordance with the laws governing confidentiality of student record information, the Superintendent or designee shall consult with the parents/guardians regarding facts that may be divulged to other students, parents/guardians, and staff.

The Superintendent or designee shall implement procedures to address students' and staff's grief and to minimize the risk of imitative suicide or suicide contagion. The Superintendent or designee shall provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. School staff may receive assistance from school counselors or other mental health professionals in determining how to best discuss the suicide or attempted suicide with students.

Any response to media inquiries shall be handled by the district-designated spokesperson who shall not divulge confidential information. The district's response shall not sensationalize suicide and shall focus on the district's postvention plan and available resources.

Disciplinary Strategies

To the extent possible, staff shall use disciplinary strategies that keep students in school and participating in the instructional program. Except when students' presence causes a danger to themselves or others or they commit a single act of a grave nature or an offense for which suspension or expulsion is required by law, suspension or expulsion shall be used only when other means of correction have failed to bring about proper conduct. Disciplinary strategies may include, but are not limited to:

Recess Restriction

Teachers may restrict a student's recess time only when they believe that this action is the most effective way to bring about improved behavior. When recess restriction involves the withholding of physical activity from a student, teachers shall try other disciplinary measures before imposing the restriction. Recess restriction shall be subject to the following conditions:

1. The student shall be given adequate time to use the restroom and get a drink or eat lunch, as appropriate.
2. The student shall remain under a certificated employee's supervision during the period of restriction.
3. The student's teacher shall inform the principal of any recess restrictions imposed.

Students may be detained for disciplinary reasons for up to one hour after the close of the maximum school day, or until the departure of the school bus to which they have been assigned if applicable. (5 CCR 307, 353)

The student shall not be detained unless the principal or designee notifies the parent/guardian.

Students shall remain under the supervision of a certificated employee during the period of detention.

As part of or instead of disciplinary action, the Board, Superintendent, principal, or principal's designee may require a student to perform community service during nonschool hours on school grounds or, with written permission of the student's parent/guardian, off school grounds. Such service may include, but is not limited to, community or school outdoor beautification, community or campus betterment, and teacher, peer, or youth assistance programs. (Education Code 48900.6)

This community service option is not available for a student who has been suspended, pending expulsion, pursuant to Education Code 48915. However, if the recommended expulsion is not implemented or the expulsion itself is suspended, then the student may be required to perform community service for the resulting suspension. (Education Code 48900.6)

**DISCIPLINE MATRIX
AND
RELATED INTERVENTIONS
FOR
GRADES K-12**

In recent years, the adoption of researched-based alternatives to suspension within school communities has proven to help create positive school climates. We must continue to address racial disproportionality in school disciplinary practices, and also remain cautious when ensuring that campus safety does not further drive students into the school-to-prison pipeline. Although there are instances when suspension and or expulsion is warranted, “each school day is full of teachable moments but exclusionary methods of discipline – such as out-of-school suspensions and expulsions – deprive students of the chance to receive the instruction they need to grow into healthy, thriving adults.” (Public Counsel)

The Pacific Grove Unified School District has adopted and implements school-wide positive behavior interventions and supports in effort to identify positive ways of supporting students and improving behavior, which simultaneously enhancing school climate and culture. School and community based interventions are to be implemented as a proactive approach and be considered as an alternative to suspension when appropriate. Proper interventions aid in meeting the academic, social, and emotional needs of students.

Consequences for repeated incidents may include all prior consequences issued for the previous incidents, in addition to those listed for the subsequent incident. Students may be suspended or expelled if the act is related to a school activity or school attendance, including but not limited to the following: (a) while on school grounds; (b) while going to or coming from school; (c) during a school lunch period, whether on or off campus; or (d) during or while going to or coming from a school sponsored activity.

The following discipline matrix indicates the types of disciplinary action that may apply to each offense. These actions may be applied to a first time or repeated incident. Progressive consequences, when applicable, are listed for each subsequent offense within the respective education code violation. School officials use this matrix as a guide intended to standardize disciplinary procedures throughout the District. **The recommendations are not intended to substitute for the judgment of professional personnel based upon knowledge of the student's behavior record and statutory restraints.**

The Board of Trustees desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

Except when otherwise permitted by law, a student may be suspended or expelled only when the behavior is related to a school activity or school attendance occurring within any district school or another school district, regardless of when it occurs, including, but not limited to, the following: (Education Code 48900(s))

1. While on school grounds
2. While going to or coming from school
3. During the lunch period, whether on or off the school campus
4. During, going to, or coming from a school-sponsored activity

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, equally, and in accordance with the district's nondiscrimination policies.

Appropriate Use of Suspension Authority

Except when a student's act violates Education Code 48900(a)-(e), as listed in items #1-5 under "Grounds for Suspension and Expulsion: Grades K-12" of the accompanying administrative regulation, or when the student's presence causes a danger to others, suspension shall be used only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5, 48900.6)

A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to on-campus or off-campus suspension.

No student in grades K-8 may be suspended for disruption or willful defiance, except by a teacher pursuant to Education Code 48910. (Education Code 48900)

Students shall not be suspended or expelled for truancy, tardiness, or absenteeism from assigned school activities.

On-Campus Suspension

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j))

As required by law, the Superintendent or principal shall recommend expulsion and the Board shall expel any student found to have committed any of the following "mandatory recommendation and mandatory expulsion" acts at school

or at a school activity off school grounds: (Education Code 48915)

1. Possessing a firearm which is not an imitation firearm, as verified by a certificated employee, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence
2. Selling or otherwise furnishing a firearm
3. Brandishing a knife at another person
4. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
5. Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 288, 288a, or 289, or committing a sexual battery as defined in Penal Code 243.4
6. Possessing an explosive as defined in 18 USC 921

For all other violations listed in the accompanying administrative regulation, the Superintendent or principal shall have the discretion to recommend expulsion of a student. If expulsion is recommended, the Board shall order the student expelled only if it makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

A vote to expel a student shall be taken in an open session of a Board meeting.

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (Education Code 48917)

No student shall be expelled for disruption or willful defiance. (Education Code 48900)

No child enrolled in a preschool program shall be expelled except under limited circumstances as specified in AR 5148.3 - Preschool/Early Childhood Education.

Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and/or expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5, 48918)

Maintenance and Monitoring of Outcome Data

The Superintendent or designee shall maintain outcome data related to student suspensions and expulsions in accordance with Education Code 48900.8 and 48916.1, including, but not limited to, the number of students recommended for expulsion, the grounds for each recommended expulsion, the actions taken by the Board, the types of referral made after each expulsion, and the disposition of the students after the expulsion period. For any expulsion that involves the possession of a firearm, such data shall include the name of the school and the type of firearm involved, as required pursuant to 20 USC 7961. Suspension and expulsion data shall be reported to the Board annually and to the California Department of Education when so required.

In presenting the report to the Board, the Superintendent or designee shall disaggregate data on suspensions and expulsions by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, foster youth, and homeless students. Based on the data, the Board shall address any identified disparities in the imposition of student discipline and shall determine whether and how the district is meeting its goals for improving school climate as specified in its local control and accountability plan.

Removal from Class by a Teacher

A teacher may remove a student from his/her class for the remainder of the day and the following day only for acts specified in Education Code 48900 and listed under "Grounds for Suspension and Expulsion" above. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, he/she shall be appropriately supervised during the class periods from which he/she has been removed. (Education Code 48910)

As soon as possible after the teacher decides to remove the student, he/she shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if either the parent/guardian or teacher so requests. (Education Code 48910)

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal or designee. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Suspension by Superintendent, Principal, or Designee

The Superintendent, principal, or designee may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above. A student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct in the student. (Education Code 48900.5)

However, the Superintendent, principal, or designee may impose a suspension upon a first offense if he/she determines that the student violated any of items #1-5 listed under "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons. (Education Code 48900.5)

When other means of correction are implemented prior to imposing suspension or supervised suspension upon a student, the Superintendent, principal, or designee shall document the other means of correction used and retain them in the student's record. (Education Code 48900.5)

The Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915(c))

5. Possessing an explosive as defined in 18 USC 921

A decision by the Superintendent, Principal or designee to suspend a student shall be final.

Length of Suspension

The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

A student may be suspended from school for not more than 20 school days in any school year. However, when a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class for the purpose of adjustment, he/she may be suspended for not more than 30 school days in a school year. The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903, 48911, 48912)

These restrictions on the number of days of suspension shall not apply when the suspension is extended pending an expulsion. (Education Code 48911)

Due Process Procedures for Suspension

Suspensions shall be imposed in accordance with the following procedures:

1. **Informal Conference:** Suspension shall be preceded by an informal conference conducted by the Superintendent, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, presented with the evidence against him/her, and given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911)

This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of the conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911)

2. **Administrative Actions:** All requests for student suspension are to be processed by the principal or designee of the school in which the student is enrolled at the time of the misbehavior. The principal or designee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)
3. **Notice to Parents/Guardians:** At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911) This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. **Parent/Guardian Conference:** Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter. (Education Code 48914)

Although the parent/guardian is required to respond without delay to a request for a conference about his/her child's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied reinstatement solely because the parent/guardian failed to attend the conference. (Education Code 48911)

5. **Extension of Suspension:** If the Board is considering the expulsion of a suspended student from any school or

the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911)

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school placement would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

If the student involved is a foster youth, the Superintendent or designee shall notify the district liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting. (Education Code 48853.5, 48911, 48918.1)

In addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct his/her behavior and keep him/her in school.

Suspension by the Board

The Board may suspend a student for any of the acts listed under "Grounds for Suspension and Expulsion" above and within the limits specified under "Suspension by Superintendent, Principal, or Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed under "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold a closed session if a public hearing would lead to disclosure of information violating a student's right to privacy under Education Code 49073-49079. (Education Code 35146, 48912)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by registered or certified mail or personal service. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

Supervised Suspension Classroom

A student for whom an expulsion action has not been initiated and who poses no imminent danger or threat to the school, students, or staff may be assigned to a supervised suspension classroom in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. The student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this

notification shall be made in writing. (Education Code 48911.1)

Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j))

The Board shall order expelled, as required by law, any student found to have committed any offense listed below under "Mandatory Recommendation and Mandatory Expulsion" (Education Code 48915)

For all other grounds listed above under "Grounds for Suspension and Expulsion", the Board shall order a student expelled, upon the recommendation of the Superintendent, principal, or designee, only if the Board makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

Mandatory Recommendation for Expulsion

Unless the Superintendent, principal, or designee determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, he/she shall recommend a student's expulsion for any of the following acts: (Education Code 48915(a))

1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife as defined in Education Code 48915(g) or other dangerous object of no reasonable use to the student
3. Unlawful possession of any controlled substance as listed in Health and Safety Code 11053-11058, except for (a) the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis, or (b) the student's possession of over-the-counter medication for his/her use or other medication prescribed for him/her by a physician
4. Robbery or extortion
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee

In determining whether or not to recommend the expulsion of a student, the Superintendent, principal, or designee shall act as quickly as possible to ensure that the student does not lose instructional time. (Education Code 48915)

Mandatory Recommendation and Mandatory Expulsion

The Superintendent, principal, or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, selling, or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the firearm from a certificated school employee, with the principal or designee's concurrence

However, possession of an imitation firearm, as defined in Education Code 48900(m), shall not be regarded as an offense requiring a mandatory recommendation for expulsion and mandatory expulsion.

2. Brandishing a knife, as defined in Education Code 48915(g), at another person
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 288, 288a, or 289, or committing a sexual battery as defined in Penal Code 243.4

5. Possessing an explosive as defined in 18 USC 921

Upon finding that the student committed any of the above acts, the Board shall order the student expelled. (Education Code 48915)

Students Right to Expulsion Hearing

Any student recommended for expulsion shall be entitled to a hearing to determine whether he/she should be expelled. The hearing shall be held within 30 school days after the Superintendent, principal, or designee determines that the student has committed one of the acts listed above under "Grounds for Suspension and Expulsion." (Education Code 48918(a))

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Stipulated Expulsion

After a determination that a student has committed an offense listed above under "Grounds for Suspension and Expulsion" for which expulsion is permitted or mandatory, the Superintendent, principal, or designee shall offer the student and his/her parent/guardian the option to waive a hearing and stipulate to the expulsion. The offer shall be made only after the student or his/her parent/guardian has been given written notice of the expulsion hearing pursuant to Education Code 48918.

The stipulation agreement shall be in writing and shall be signed by the student and his/her parent/guardian. The stipulation agreement shall include notice of all the rights that the student is waiving, including the waiving of his/her right to have a full hearing, to appeal the expulsion to the County Board of Education, and to consult legal counsel.

A stipulated expulsion shall be effective upon approval by the Board. If a proposed stipulated expulsion is rejected by the Board, the case shall proceed with a hearing as set forth below.

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental, or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present at the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing.
2. A statement of the specific facts, charges, and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c).
5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a non-attorney advisor.

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Non-attorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

Additional Notice of Expulsion Hearing for Foster Youth

At least 10 days prior to a hearing to determine if a student who is a foster youth as defined under Education Code 48853.5 should be expelled for an offense not requiring a mandatory recommendation for expulsion, the Superintendent or designee shall notify the student's attorney and a representative of an appropriate county child welfare agency. If the hearing is pursuant to an offense requiring a mandatory expulsion recommendation, the Superintendent or designee may provide the same notification. The notice shall be provided by the most cost-effective method possible, including by email or a telephone call. (Education Code 48918.1)

Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such a request is made, the meeting shall be public unless another student's privacy rights would be violated. (Education Code 48918(c))

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether or not the student should be expelled. If the Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student also shall be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would

threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))
3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: Technical rules of evidence shall not apply to the expulsion hearing, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel shall be supported by substantial evidence that the student committed any of the acts pursuant to Education Code 48900 and listed in "Grounds for Suspension and Expulsion" above. (Education Code 48918(h))

Findings of fact shall be based solely on the evidence at the hearing. Although no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f))

5. Testimony by Complaining Witnesses: The following procedures shall be observed when a hearing involves allegations of sexual assault or sexual battery by a student: (Education Code 48918, 48918.5)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including, but not limited to, a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted in accordance with Penal Code 868.5.
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

- g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.
 - i. The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
 - ii. At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.
 - iii. The person conducting the hearing may:
 - a. Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness
 - b. Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours
 - c. Permit one of the support persons to accompany the complaining witness to the witness stand
- 6. Decision: The Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures applicable to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing." The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated. The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers, and with the student's parent/guardian. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion order for a period of one year. (Education Code 48917, 48918)

Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel or is waived through the signing of a stipulated expulsion agreement, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j))

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a

school within the district. For a student expelled for any act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review, as well as assessment at the time of review, for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion" (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Board (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918)

Decision Not to Enforce Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class, or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (Education Code 48917)
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status. (Education Code 48917)

3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct. (Education Code 48917)
4. When the suspension of enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order. (Education Code 48917)
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings. (Education Code 48917)
6. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall inform the parent/guardian of the right to appeal the expulsion to the County Board, the alternative educational placement to be provided to the student during the period of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of his/her status with the expelling district, pursuant to Education Code 48915.1(b). (Education Code 48918(j))
7. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board. (Education Code 48917)

Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (Education Code 48919)

The student shall submit a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board. The district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

Notification to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance. In addition, law enforcement authorities shall be notified regarding any acts by students regarding the possession, sale, or furnishing of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering, or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site
3. Not housed at the school site attended by the student at the time of suspension (cf. 6158 - Independent Study)

When the placement described above is not available and when the County Superintendent so certifies, students

expelled for acts described in items #6-13 and #21-23 under "Grounds for Suspension and Expulsion" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion

Readmission procedures shall be as follows:

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (Education Code 48916)
2. Prior to the Board's consideration of readmission, the Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference, the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 49073- 49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.
4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

No student shall be denied readmission into the district based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other such contact with the juvenile justice system. (Education Code 48645.5)

Maintenance of Records

The district shall maintain a record of each suspension and expulsion, including its specific cause(s). (Education Code 48900.8)

Expulsion records of any student shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon written request by that school. (Education Code 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

Suspension/Expulsion of Special Education Students

A student identified as an individual with a disability pursuant to the Individuals with Disabilities Education Act (IDEA), is subject to the same grounds and procedures for suspension and expulsion which apply to students without disabilities, except as set forth in Administrative Regulation 5144.2.

The procedures for such suspensions/expulsions are also contained in Administrative Regulation 5144.2.

Regulation 5144.2: Suspension And Expulsion/Due Process (Students With Disabilities)

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 03/01/2012

A student identified as an individual with a disability pursuant to the Individuals with Disabilities Education Act (IDEA), 20 USC 1400-1482, is subject to the same grounds and procedures for suspension and expulsion which apply to students without disabilities, except as otherwise specified in this administrative regulation.

Suspension

The Superintendent or designee may suspend a student with a disability for up to 10 consecutive school days for a single incident of misconduct, and for up to 20 school days in a school year, as long as the suspension(s) does not constitute a change in placement pursuant to 34 CFR 300.536. (Education Code 48903; 34 CFR 300.530)

The principal or designee shall monitor the number of days, including portions of days, in which a student with a valid individualized education program (IEP) has been suspended during the school year.

The Superintendent or designee shall determine, on a case-by-case basis, whether a pattern of removals of a student from his/her current educational placement for disciplinary reasons constitutes a change of placement. A change of placement shall be deemed to have occurred under either of the following circumstances: (34 CFR 300.536)

1. The removal is for more than 10 consecutive school days.
2. The student has been subjected to a series of removals that constitute a pattern because of all of the following:
 - a. The series of removals total more than 10 school days in a school year.
 - b. The student's behavior is substantially similar to his/her behavior in previous incidents that resulted in the series of removals.
 - c. Additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another, indicate a change of placement.

If a student's removal is determined to be a change of placement as specified in items #1-2 above, or the student is suspended for more than 10 school days in the same school year, the student's IEP team shall determine the appropriate educational services. Such services shall be designed to enable the student to continue to participate in the general education curriculum in another setting, to progress toward meeting the goals set out in his/her IEP, and to address the student's behavior violation so that it does not recur. (20 USC 1412(a)(1)(A); 34 CFR 300.530)

If the IEP of a student with a disability requires the district to provide the student with transportation, the district shall provide the student with an alternative form of transportation at no cost to him/her or to his/her parent/guardian when he/she is to be excluded from school bus transportation. (Education Code 48915.5)

Interim Alternative Educational Placement Due to Dangerous Behavior

The district may unilaterally place a student with a disability in an appropriate interim alternative educational setting for up to 45 school days, without regard to whether the behavior is a manifestation of the student's disability, when the student commits one of the following acts while at school, going to or from school, or at a school-related function: (20 USC 1415(k)(1)(G); 34 CFR 300.530)

1. Carries or possesses a weapon, as defined in 18 USC 930
2. Knowingly possesses or uses illegal drugs
3. Sells or solicits the sale of a controlled substance as identified in 21 USC 812(c), Schedules I-V
4. Inflicts serious bodily injury upon another person as defined in 18 USC 1365

The student's interim alternative educational setting shall be determined by his/her IEP team. (20 USC 1415(k)(1)(G); 34 CFR 300.531)

On the date the decision to take disciplinary action is made, the student's parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

A student who has been removed from his/her current placement because of dangerous behavior shall receive services, although in another setting, to the extent necessary to allow him/her to participate in the general education curriculum and to progress toward meeting the goals set out in his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

Manifestation Determination

The following procedural safeguards shall apply when a student with a disability is suspended for more than 10 consecutive school days, when a series of removals of a student constitutes a pattern, or when a change of placement of a student is contemplated due to a violation of the district's code of conduct:

1. **Notice:** On the date the decision to take disciplinary action is made, the student's parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)
2. **Manifestation Determination Review:** Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

At the manifestation determination review, the district, the student's parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following: (20 USC 1415(k)(1)(E); 34 CFR 300.530)

- a. Caused by or had a direct and substantial relationship to the student's disability
- b. A direct result of the district's failure to implement the student's IEP, in which case the district shall take immediate steps to remedy those deficiencies

If the manifestation review team determines that either of the above conditions applies, the student's conduct shall then be determined to be a manifestation of his/her disability. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

3. **Determination that Behavior is a Manifestation of the Student's Disability:** When the student's conduct has been determined to be a manifestation of his/her disability, the IEP team shall conduct a functional behavioral assessment, unless one had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student. If a behavioral intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

The student shall be returned to the placement from which he/she was removed, unless the parent/guardian and Superintendent or designee agree to a change of placement as part of the modification of the behavioral intervention plan. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

4. **Determination that Behavior is Not a Manifestation of the Student's Disability:** When it has been determined that the student's conduct was not a manifestation of his/her disability, the student may be disciplined in accordance with the procedures for students without disabilities. However, the student's IEP team shall determine services necessary to enable him/her to participate in the general education curriculum in another setting and to allow him/her to progress toward meeting the goals set out in his/her IEP. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

As appropriate, the student also shall receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20

USC 1415(k)(1)(D); 34 CFR 300.530)

Due Process Appeals

If the parent/guardian disagrees with any district decision regarding placement under 34 CFR 300.530 (suspension and removal for dangerous circumstances) or 34 CFR 300.531 (interim alternative placement), or the manifestation determination under 34 CFR 300.530(e), he/she may appeal the decision by requesting a hearing. The district may request a hearing if the district believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a due process hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b). (20 USC 1415(k)(3); 34 CFR 300.532)

Whenever a hearing is requested as specified above, the parent/guardian or the district shall have an opportunity for an expedited due process hearing consistent with requirements specified in 34 CFR 300.507, 300.508 (a)-(c), and 300.510-300.514.

If the student's parent/guardian or the district has initiated a due process hearing under 34 CFR 300.532 as detailed above, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and district agree otherwise. (20 USC 1415(k)(4); 34 CFR 300.533)

Readmission

Readmission procedures for students with disabilities shall be the same as those adopted for students without disabilities. Upon readmission of a student with disabilities, an IEP team meeting shall be convened to review and, as necessary, modify the student's IEP.

Decision Not to Enforce Expulsion Order

The Board of Trustees's criteria for suspending the enforcement of an expulsion order shall be applied to students with disabilities in the same manner as they are applied to all other students. (Education Code 48917)

Notification to Law Enforcement Authorities

Law enforcement notification requirements involving students with disabilities shall be the same as those specified for all students in AR 5144.1 - Suspension and Expulsion/Due Process.

When giving any required notification concerning a student with disabilities to any law enforcement official, the principal or designee shall require the law enforcement official to certify in writing that he/she will not disclose the student's information or records to any other person without the prior written consent of the student's parent/guardian. (Education Code 49076)

Report to County Superintendent of Schools

The Superintendent or designee shall report to the County Superintendent of Schools when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student's name, last known address, and the reason for the action. (Education Code 48203)

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been determined to be eligible for special education and related services and who has violated the district's code of student conduct may nevertheless assert any of the protections under IDEA, if the district had knowledge of the student's disability. (20 USC 1415(k)(5); 34 CFR 300.534)

Knowledge means that, before the occurrence of the behavior that precipitated the disciplinary action, one of the following occurred: (20 USC 1415(k)(5); 34 CFR 300.534)

1. The parent/guardian, in writing, has expressed concern to district supervisory or administrative personnel, or to a teacher of the student, that the student is in need of special education or related services.
2. The parent/guardian has requested an evaluation of the student for special education pursuant to 20 USC 1414(a)(1)(B) or 34 CFR 300.300-300.311.

3. The teacher of the student or other district personnel has expressed specific concerns directly to the district's director of special education or other supervisory district personnel about a pattern of behavior demonstrated by the student.

However, the district shall not be deemed to have knowledge of a student's disability if the student's parent/guardian has not allowed him/her to be evaluated for special education services or has refused services or, after evaluating the student pursuant to 34 CFR 300.300-300.311, the district determined that he/she was not an individual with a disability.

When the district is deemed to not have knowledge of a student's disability, the student shall be disciplined in accordance with procedures established for students without disabilities who engage in comparable behavior. (20 USC 1415(k)(5); 34 CFR 300.534)

If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures pursuant to 34 CFR 300.530, the evaluation shall be conducted in an expedited manner. Policy 5145.11: Questioning And Apprehension By Law Enforcement

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 07/01/2011

The Board of Trustees believes that the safety of district students and staff is essential to achieving the goal of student learning. In accordance with standards specified in law, law enforcement officers may interview and question students on school premises and may remove them when appropriate.

The Superintendent or designee shall collaborate with local law enforcement agencies to establish procedures which enable law enforcement officers to carry out their duties on school campus, including, when necessary, the questioning and/or apprehension of students.

When any law enforcement officer requests an interview with a student, the principal or designee shall request the officer's identity, his/her official capacity, and the legal authority under which the interview is to be conducted. The principal or designee shall maintain a record of all documentation relative to law enforcement interviews of students.

The principal or designee shall accommodate the interview in a way that causes the least possible disruption for the student and school and provides the student appropriate privacy.

At the law enforcement officer's discretion and with the student's approval, the principal or designee may be present during the interview.

Except in cases of child abuse or neglect, the principal or designee shall attempt to notify the student's parent/guardian as soon as practicable after the law enforcement officer has interviewed the student on school premises.

If a minor student is removed from school into the custody of law enforcement, the principal or designee shall immediately notify the parent/guardian or responsible relative regarding the student's release and the place to which he/she is reportedly being taken, except when the minor has been taken into custody as a victim of suspected child abuse. (Education Code 48906)

Subpoenas

Although subpoenas may legally be served at school on students age 12 or older, the Board believes that serving officials should be strongly urged to serve subpoenas at the home of the student whenever possible. When served at school, the principal or designee shall take reasonable steps to protect the student's privacy rights and to minimize loss of class time for the student.

Policy 5145.12: Search And Seizure

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 06/01/2021

The Board of Trustees is fully committed to promoting a safe learning environment and, to the extent possible, eliminating the possession and use of weapons, illegal drugs, and other controlled substances by students on school premises and at school activities. As necessary to protect the health and welfare of students and staff, school officials may search students, their property, and/or district property under their control and may seize illegal, unsafe, or otherwise prohibited items.

The Board urges that employees exercise discretion and good judgment. When conducting a search or seizure, employees shall act in accordance with law, Board policy, and administrative regulation.

The Superintendent or designee shall ensure that staff who conduct student searches receive training regarding the requirements of the district's policy and administrative regulation and other legal issues, as appropriate.

Individual Searches

School officials may search any individual student, his/her property, or district property under his/her control when there is a reasonable suspicion that the search will uncover evidence that he/she is violating the law, Board policy, administrative regulation, or other rules of the district or the school. Reasonable suspicion shall be based on specific and objective facts that the search will produce evidence related to the alleged violation. The types of student property that may be searched by school officials include, but are not limited to, lockers, desks, purses, backpacks, and student vehicles parked on district property.

Cellular phones or other electronic communication devices may be searched with consent from the student or in any other manner consistent with the procedures and instructions in Administrative Regulation 5145.12 - Search and Seizure, and Penal Code section 1546.1.

Any search of a student, his/her property, or district property under his/her control shall be limited in scope and designed to produce evidence related to the alleged violation. Factors to be considered by school officials when determining the scope of the search shall include the danger to the health or safety of students or staff, such as the possession of weapons, drugs, or other dangerous instruments, and whether the item(s) to be searched by school officials is/are reasonably related to the contraband to be found. In addition, school officials shall consider the intrusiveness of the search in light of the student's age, gender, and the nature of the alleged violation.

Employees shall not conduct strip searches or body cavity searches of any student. (Education Code 49050)

Searches of individual students shall be conducted in the presence of at least two district employees.

The principal or designee shall notify the parent/guardian of a student subjected to an individualized search as soon as possible after the search.

Searches of Multiple Student Lockers/Desks

All student lockers and desks are the property of the district. The principal or designee may conduct a general inspection of school properties that are within the control of students, such as lockers and desks, on a regular, announced basis, with students standing by their assigned lockers or desks. Any items contained in a locker or desk shall be considered to be the property of the student to whom the locker or desk was assigned, and not of the District, for purposes of further searches, if any.

Use of Metal Detectors

The Board believes the presence of weapons in the schools threatens the district's ability to provide the safe and orderly learning environment to which district students and staff are entitled. The Board also believes that metal detector searches offer a reasonable means to keep weapons out of the schools and mitigate the fears of students and staff.

The Superintendent or designee shall use metal detectors at district schools as necessary to help provide a safe learning environment. He/she shall establish a plan to ensure that metal detector searches are conducted in a

uniform and consistent manner.

Use of Contraband Detection Dogs

In an effort to keep the schools free of dangerous contraband, the district may use specially trained, nonaggressive dogs to sniff out and alert staff to the presence of substances prohibited by law or Board policy.

The dogs may sniff the air around lockers, desks, or vehicles on district property or at district- sponsored events. Dogs shall not sniff within the close proximity of students or other persons and may not sniff any personal items on those persons without their consent.

Regulation 5145.12: Search And Seizure

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 11/01/2008

Use of Metal Detectors

The Superintendent or designee shall ensure that the following safeguards are used when making metal detector scans:

1. Before walk-through, students shall be asked to empty their pockets and belongings of metallic objects.
2. If an initial metal detector activation occurs, students shall be asked to remove other metallic objects that they may be wearing (e.g., belt and jewelry) and to walk through a second time.
3. If a second activation occurs, a hand-held metal detector shall be used.
4. If the activation is not eliminated or explained, staff shall escort the student to a private area where an expanded search shall be conducted by a staff member of the same gender as the student in the presence of another district employee.
5. The search shall be limited to the detection of the cause of the activation.

Use of Contraband Detection Dogs

Contraband detection dogs shall not be used in classrooms or other district facilities when the rooms are occupied, except for demonstration purposes with the handler present. When used for demonstration purposes, the dog shall be separated from the students and not allowed to sniff any individual.

Prior to conducting an inspection, students shall be asked to leave the room that will be subject to the canine sniff. No student shall be forced to leave personal items behind for inspection, unless school officials have reasonable suspicion to search the item.

Only the dog's official handler shall determine what constitutes an alert by the dog. If the dog alerts on a particular item or place, the student having the use of that item or place, or responsibility for it, shall be called to witness the inspection. If a dog alerts on a locked vehicle, the student who brought the vehicle onto district property shall be asked to unlock it for inspection.

Notifications

At the beginning of each school year and upon enrollment, the Superintendent or designee shall inform students and parents/guardians about the district's policies and procedures for searches, including notice regarding:

1. The possibility of random searches of students, their belongings, their vehicles parked on district property, and district properties under a student's control, including lockers or desks
2. The district's contraband dog detection program
3. The use of metal detector scans

In addition, the Superintendent or designee shall ensure that signs are posted at all schools at which metal detectors are to be used to explain that anyone may be scanned by metal detectors for guns, knives, or other illegal weapons when on campus or attending athletic or extracurricular events.

Search of Student Cell Phones and Electronic Devices

School officials who wish to search a student's phone/electronic device must adhere to the general rules for individual searches discussed in Board Policy 5145.12. In addition to the general individual search rules, officials wishing to search student electronic devices should follow the following procedures:

1. Student Consent: request the student to submit to a search of their electronic device (Pen. Code § 1546.1(a)(3))

2. Parent/Guardian Consent: if the student does not consent, request parent/guardian consent.
 3. Emergency Exception: if the search is desired because of a good faith belief that is necessary to prevent a present emergency and risk of death or serious physical injury to any person, the search may be conducted without consent. The emergency exception does not apply to a search necessary to find evidence of past wrongs, even if those past wrongs resulted in death or serious physical injury.
 4. Non-Emergency Situations: if a student's conduct does not fall under the emergency exception, or otherwise constitute a serious act of wrongdoing, and consent has not been granted:
 - a. Consider whether alternative sources will suffice, and
 - b. If propriety of search is in question, contact the Superintendent's office.
 5. Temporary Possession of Electronic Device by Administrators:
 - a. Administrators may hold on to a student electronic device while an investigation is presently occurring to prevent tampering with other student witnesses or the destruction of evidence.
 - b. Holding on to a student's electronic device while awaiting confirmation from the Superintendent's office on whether a search without consent is appropriate.
 - c. Holding on to a student's electronic device while waiting for law enforcement personnel to arrive is appropriate.

Policy 5145.13: Response To Immigration Enforcement

Status: DRAFT

Original Adopted Date: Pending

The Board of Trustees recognizes the District's responsibilities outlined by Assembly Bill 699 and authorizes the Superintendent or designee to develop administrative regulations and procedures to provide for District compliance of those requirements. Certain provisions of this policy may also be addressed in other District policies and regulations and all the provisions shall be interpreted together as working in coordination with one another.

Collecting and Retaining Student Information

The Superintendent or designated administrator shall maintain in writing District policies and procedures for gathering and handling sensitive student information, and appropriate personnel shall receive training regarding those policies and procedures.

If the District possesses information that could indicate immigration status, citizenship status, or national origin information, the District shall not use the acquired information to discriminate against any students or families or bar children from enrolling in or attending school.

If parents or guardians choose not to provide information that could indicate their or their children's immigration status, citizenship status, or national origin information, the District shall not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.

The District shall not allow school resources or data to be used to create a registry based on race, gender, sexual orientation, religion, ethnicity, or national origin.

Inquiries Regarding Immigration Status, Citizenship Status, and National Origin Information District personnel shall not inquire specifically about a student's citizenship or immigration status or the citizenship or immigration status of a student's parents or guardians; nor shall personnel seek or require, to the exclusion of other permissible documentation or information, documentation or information that may indicate a student's immigration status, such as a green card, voter registration, a passport, or citizenship papers.

Where any law contemplates submission of national origin related information to satisfy the requirements of a special program, District personnel shall solicit that documentation or information separately from the school enrollment process.

Where permitted by law, the Superintendent or designee of the District shall enumerate alternative means to establish residency, age, or other eligibility criteria for enrollment or programs, and those alternative means shall include among them documentation or information that are available to persons regardless of immigration status, citizenship status, or national origin, and that do not reveal information related to citizenship or immigration status.

Where residency, age, and other eligibility criteria for purposes of enrollment or any program may be established by alternative documents or information permitted by law or this policy, the District's procedures and forms shall describe to the applicant, and accommodate, all alternatives specified in law and all alternatives authorized under this policy.

Inquiries About Social Security Numbers or Cards

The District shall not solicit or collect entire Social Security numbers or cards.

The District shall solicit and collect the last four digits of an adult household member's Social Security number only if required to establish eligibility for federal benefit programs.

When collecting the last four digits of an adult household member's Social Security number to establish eligibility for a federal benefit program, the District shall explain the limited purpose for which this information is collected, and clarify that a failure to provide this information will not bar the student from enrolling in or attending the school.

The District shall treat all students equitably in the receipt of all school services, including, but, not limited to, the gathering of student and family information for the free and reduced lunch program, transportation and educational instruction.

Procedures Regarding Information Sharing

The District shall avoid the disclosure of information that might indicate a student's or family's citizenship or immigration status if the disclosure is not authorized by Family Educational Rights and Privacy Act (FERPA).

District personnel shall take the following action steps upon receiving an information request related to a student's or family's immigration or citizenship status:

1. Notify a designated District official about the information request.
2. Provide students and families with appropriate notice and a description of the immigration officer's request.
3. Document any verbal or written request for information by immigration authorities.
4. Unless prohibited, provide students and parents/guardians with any documents issued by the immigration-enforcement officer.

Except for investigations of child abuse, child neglect, or child dependency, or when the subpoena served on the District prohibits disclosure, the District shall provide parental or guardian notification of any court orders, warrants, or subpoenas before responding to such requests.

The District shall require written parental or guardian consent for release of student information, unless the information is relevant for a legitimate educational interest or includes directory information only. Neither exception permits disclosing information to immigration authorities for immigration-enforcement purposes; no student information shall be disclosed to immigration authorities for immigration enforcement purposes without a court order or judicial subpoena.

The District's request for written or parental or guardian consent for release of student information must include the following information: (1) the signature and date of the parent, guardian, or eligible student providing consent; (2) a description of the records to be disclosed; (3) the reason for release of information; (4) the parties or class of parties receiving the information; and (5) if requested by the parents, guardians or eligible student, a copy of the records to be released. The District shall permanently keep the consent notice with the record file.

The parent, guardian, or eligible student is not required to sign the consent form. If the parent, guardian or eligible student refuses to provide written consent for the release of student information that this not otherwise subject to release, the District shall not release the information.

Annual Information Notice to Parents and Guardians

3. A list of the circumstances or conditions under which the District might release student information to outside people or entities.
4. A statement that, unless the District is providing information for a legitimate educational purpose under FERPA and the California Education Code or directory information, the District shall notify parents or guardians and eligible students—and receive their written consent—before it releases a student's personally identifiable information.

Monitoring and Receiving Visitors onto Campus

No outsider—which would include immigration-enforcement officers—shall enter or remain on school grounds of the District during school hours without having registered with the principal or designee. If there are no exigent circumstances necessitating immediate action, and if the immigration officer does not possess a judicial warrant or court order that provides a basis for the visit, the officer must provide the following information to the principal or designee:

1. Name, address, occupation;
2. Age, if less than 21;

District personnel shall report entry by immigration-enforcement officers to any on-site school police or other appropriate administrator as would be required for any unexpected or unscheduled outside visitor coming on campus.

Responding to On-Campus Immigration Enforcement

As early as possible, District personnel shall notify the Superintendent or designated administrator of any request by an immigration-enforcement officer for school or student access, or any requests for review of school documents (including for the services of lawful subpoenas, petitions, complaints, warrants, etc.).

In addition to notifying the Superintendent or designated administrator, District personnel shall take the following action steps in response to an officer present on the school campus specifically for immigration-enforcement purposes:

1. Advise the officer that before proceeding with his or her request, and absent exigent circumstances, school personnel must first receive notification and direction from the Superintendent or administrator.
2. Ask to see, and make a copy of or note, the officer's credentials (name and badge number). Also ask for and copy or note the phone number of the officer's supervisor.
3. Ask the officer for his/her reason for being on school grounds and document it.

7. If the officer does not declare that exigent circumstances exist, respond according to the requirements of the officer's documentation. If the immigration-enforcement officer has:
 - a. An ICE (Immigrations and Customs Enforcement) administrative warrant, District personnel shall inform the agent that he or she cannot consent to any request without first consulting with the District's counsel or other designated agency official.
 - b. A federal judicial warrant (search-and-seizure warrant or arrest warrant; prompt compliance with such a warrant is usually legally required. If feasible, consult with the District's legal counsel or designated administrator before providing the agent access to the person or materials specified in the warrant.

8. While District personnel should not consent to access by an immigration-enforcement officer, except as described above, he/she should not attempt to physically impede the officer, even if the officer appears to be exceeding the authorization given under a warrant or other document. If an officer enters the premises without consent, District personnel shall document his or her actions while on campus.
9. After the encounter with the officer, District personnel shall promptly take written notes of all interactions with the officer. The notes shall include the following items:

Parental Notification of Immigration-Enforcement Actions

District personnel must receive consent from the student's parent or guardian before a student can be interviewed or searched by any officer seeking to enforce the civil immigration laws at the school, unless the officer presents a

valid, effective warrant signed by a judge, or presents a valid, effective court order.

District personnel shall immediately notify the student's parents or guardians if a law-enforcement officer requests or gains access to a student for immigration-enforcement purposes, unless such access was in compliance with a judicial warrant or subpoena that restricts the disclosure of the information to the parent or guardian.

Responding to the Detention or Deportation of a Student's Family Member

The District shall encourage that families and students have and know their emergency phone numbers and know where to find important documentation, including birth certificates, passports, Social Security cards, doctors' contact information, medication lists, lists of allergies, etc., which will allow them to be prepared in the event that a family member is detained or deported.

The District shall permit students and families to update students' emergency contact information as needed throughout the school year, and provide alternative contacts if no parent or guardian is available.

The District shall ensure that families may include the information of an identified trusted adult guardian as a secondary emergency contact in case a student's parent or guardian is detained.

The District shall communicate to families that information provided within the emergency cards will only be used in response to specified emergency situations, and not for any other purpose.

In the event a student's parent/guardian has been detained or deported by federal immigration authorities, the District shall use the student's emergency card contact information and release the student to the person(s) designated as emergency contacts. Alternatively, the District shall release the student into the custody of any individual who presents a Caregiver's Authorization Affidavit on behalf of the student. The District shall only contact Child Protective Services if the District personnel are unsuccessful in arranging for the timely care of the child through the emergency contact information that the school has, a Caregiver's Authorization Affidavit, or other information or instructions conveyed by the parent or guardian.

Those policies must be translated in the student's primary language if at least 15 percent of the students enrolled in the school speak a single primary language other than English.

The District shall notify parents and guardians of their children's right to a free public education, regardless of immigration status or religious beliefs. This information shall include information related to the "Know Your Rights" immigration enforcement established by the Attorney General. The District shall inform students who are victims of hate crimes of their right to report such crimes.

The District shall also train teachers, staff, and personnel to ensure that they are aware of their legal duty to take reasonable steps to eliminate a hostile environment and respond to any incidents of harassment based on the actual or perceived characteristics noted above. Such training should, at minimum, provide agency personnel with the skills to do the following:

1. Discuss the varying immigration experiences among members of the student body and school community;
 2. Discuss bullying-prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims;
 3. Identify the signs of bullying or harassing behavior;

 - e. District staff's response to the officer's request
 - f. Any further action taken by the officer
 - g. A photo or copy of any documents presented by the officer
10. Provide a copy of these notes and associated documents collected from the officer to the district's legal counsel or other designated district official

The Superintendent or designee shall also email the Bureau of Children's Justice in the California Department of Justice (BCJ@doj.ca.gov) regarding any attempt by a law enforcement officer to access a school site or a student for immigration enforcement purposes.

Responding to the Detention or Deportation of Student's Family Member

The Superintendent or designee shall encourage students and their families to update their emergency contact information as needed throughout the school year and to provide alternative contacts, including an identified trusted adult guardian, in case a student's parent/guardian is detained or is otherwise unavailable. The Superintendent or designee shall notify students' families that information provided on the emergency cards will only be used in response to specific emergency situations and not for any other purpose.

The Superintendent or designee shall also encourage all students and families to learn their emergency phone numbers and be aware of the location of important documentation, including birth certificates, passports, social security cards, physicians' contact information, medication lists, lists of allergies, and other such information that would allow the students and families to be prepared in the event that a family member is detained or deported.

In the event that a student's parent/guardian is detained or deported by federal immigration authorities, the Superintendent or designee shall release the student to the person(s) designated in the student's emergency contact information or to any individual who presents a caregiver's authorization affidavit on behalf of the student. The Superintendent or designee shall only contact child protective services if district personnel are unable to arrange for the timely care of the student by the person(s) designated in the emergency contact information maintained by the school or identified on a caregiver's authorization affidavit.

The Superintendent or designee shall notify a student whose parent/guardian was detained or deported that the student continues to meet the residency requirements for attendance in a district school, provided that the parent/guardian was a resident of California and the student lived in California immediately before he/she moved out of state as a result of the parent/guardian's departure. (Education Code 48204.4)

The Superintendent or designee may refer a student or his/her family members to other resources for assistance, including, but not limited to, an ICE detainee locator, legal assistance, or the consulate or embassy of the parent/guardian's country of origin.

Policy 5145.2: Freedom Of Speech/Expression

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 11/01/2007

The Board of Trustees believes that free inquiry and exchange of ideas are essential parts of a democratic education. The Board respects students' rights to express ideas and opinions, take stands on issues, and support causes, even when such speech is controversial or unpopular.

On-Campus Expression

Students shall have the right to exercise freedom of speech and of the press including, but not limited to, the use of bulletin boards; the distribution of printed materials or petitions; the wearing of buttons, badges, and other insignia; and the right of expression in official publications. (Education Code 48907)

Student expression on district or school Internet web sites and online media shall generally be afforded the same protections as in print media.

Students' freedom of expression shall be limited only as allowed by Education Code 48907, 48950, and other applicable state and federal laws.

Students are prohibited from making any expressions or distributing or posting any materials that are obscene, libelous, or slanderous. Students also are prohibited from making any expressions that so incites students as to create a clear and present danger of the commission of unlawful acts on school premises, the violation of school rules, or substantial disruption of the school's orderly operation. (Education Code 48907)

The use of "fighting words" or epithets is prohibited in those instances where the speech is abusive and insulting, rather than a communication of ideas, and the speech is used in an abusive manner in a situation that presents an actual danger that it will cause a breach of the peace.

School officials shall not engage in prior restraint of material prepared for official school publications except insofar as the content of the material violates the law. (Education Code 48907)

The Superintendent or designee shall not discipline any high school student solely on the basis of speech or other communication that would be constitutionally protected when engaged in outside of school, but may impose discipline for harassment, threats, or intimidation unless constitutionally protected. (Education Code 48950)

Off-Campus Expression

A student shall be subject to discipline for off-campus expression, including expression on off-campus Internet web sites, when such expression poses a threat to the safety of other students, staff, or school property, or substantially disrupts the educational program. The Superintendent or designee shall document the impact the expression had or could be expected to have on the school program.

Regulation 5145.2: Freedom Of Speech/Expression

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 11/01/2007

School-Sponsored Publications

Students shall have the right to exercise freedom of speech and of the press in official school publications, except for expression that is obscene, libelous, slanderous, or so incites students as to create a clear and present danger of the commission of unlawful acts on school premises, the violation of lawful school regulations, or the substantial disruption of the orderly operation of the school. (Education Code 48907)

Official school publications includes material produced by students in journalism, newspaper, yearbook, or writing classes and distributed to the student body either for a fee or free. (Education Code 48907)

Each principal shall develop a school publications code outlining the responsibility of student journalists, editors, and publication advisors.

All student submissions shall be held to professional standards of English and journalism. (Education Code 48907)

If the principal considers material submitted for publication to violate Education Code 48907, he/she shall notify the student, without undue delay, and give specific reasons why the submitted material may not be published. Absent extraordinary circumstances, such notice should be given in sufficient time to allow the student time to either modify the material or to seek review of the principal's determination from the Superintendent or designee. Prior to any restriction of student speech, school officials shall consider any feasible alternative options to restricting the speech.

To the extent that the principal or designee believes that the school and district should be disassociated from a particular idea or opinion, the principal may require student articles to include disclaimers.

Distribution of Printed Materials and Petitions by Students

The principal or designee may provide bulletin boards on which students and student organizations may post materials of general interest. Students also may post or distribute handbills, leaflets, and other printed material, whether produced within or outside of the school. Students may collect signatures on petitions concerning school or nonschool issues.

Printed materials or petitions may be distributed only:

1. Before or after school or during lunch time
2. In locations that do not obstruct the normal flow of traffic within the school or at entrances

No student shall use coercion to induce any other student or person to accept printed matter or to sign a petition. No funds shall be collected for any material distributed.

Clothing, Buttons, and Badges

Buttons, badges, armbands, and clothing bearing slogans or sayings may be worn unless their message falls into the categories prohibited by law and Board policy. No employee shall interfere with this practice on the grounds that the message may be controversial or unpopular with students or faculty.

Policy 5145.3: Nondiscrimination/Harassment

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 05/01/2020

Philosophy

Students have the fundamental right to a safe and secure environment. Students and parents place their trust in school officials to take all reasonable steps to provide a setting that is free of humiliation, intimidation and threat. Accordingly, the district and staff shall not tolerate any incidents of unlawful discrimination, including harassment, intimidation, or bullying. To this end, the administration has the duty to implement programs that encourage students to behave with civility and common decency, and to establish and enforce codes of conduct that hold students accountable should they violate this policy.

Definitions

For purposes of this policy, harassment consists of verbal or physical conduct relating to an individual's race, color, religion, ancestry, nationality, national origin, immigration status, ethnicity, ethnic group identification, marital or parental status, pregnancy, physical or mental disability, age, economic status, sex, sexual orientation, gender, gender identity, gender expression, genetic information, religion, marital status, pregnancy, parental status, physical or mental disability, or any other legally protected category or association with a person or group with one or more of these actual or perceived characteristics when:

1. The harassing conduct is sufficiently severe, persistent or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity or creates an intimidating, threatening or abusive educational environment; or
2. The harassing conduct has the purpose or effect of substantially or unreasonably interfering with an individual's academic performance; or
3. The harassing conduct otherwise adversely affects an individual's learning opportunities.

For the purposes of this policy, bullying occurs when a student is intimidated by verbal, written, or physical conduct or actions by one or more persons, as defined in Board Policy 5131.3. Bullying includes assault; extortion; oral or written threats; teasing; putdowns; name-calling; threatening looks, gestures, or actions; cruel rumors; false accusations; social isolation; and hazing, which is defined as ritualistic behavior that subjects persons to abusive or humiliating tasks and ridicule. Intimidation refers to actions that would inflict or attempt to inflict fear, humiliation, or injury.

Application

This policy shall apply to all academic programs and extracurricular activities, including school- sponsored events away from school and while traveling to and from any school activity.

The Board of Education prohibits unlawful discrimination, including harassment, intimidation, or bullying of any student by any employee, student or other person in the district. Staff shall be alert and immediately responsive to any individual's conduct, which may interfere with a student's ability to participate in or benefit from school services, activities or privileges. Upon witnessing an act of unlawful discrimination, including harassment, intimidation, or bullying, staff members are expected to immediately intervene, unless intervention would pose a threat to the staff member's safety. All incidents of unlawful discrimination, including harassment, intimidation, or bullying are to be reported to the school principal for investigation.

Any student who feels that he/she is being or has been subjected to unlawful discrimination, including harassment, intimidation, or bullying shall immediately report the incident to a school employee. Any student who has witnessed unlawful discrimination, including harassment, intimidation, or bullying is expected to immediately report the incident to a school employee. Parents and/or guardians, on behalf of their child, are similarly expected to immediately report incidents of unlawful discrimination, including harassment, intimidation, or bullying to the principal. A school employee to whom a complaint is made shall report it to the principal or designee immediately. If the alleged offender is the principal or designee, the person reporting the complaint shall report the incident to the Superintendent or designee. Any student who retaliates against another for reporting unlawful discrimination, including harassment, intimidation, or bullying may be subject to disciplinary action as defined in this policy.

In addition, the student, parent, or employee may file a formal complaint with the Superintendent or designee in accordance with the district's uniform complaint procedures (BP 1312.3).

Investigation

An investigation shall be conducted by school district officials or by a third party designated by the school district. The investigation shall include interviews of all students directly involved and contact with the parent(s) of the involved students. The investigation may include interviews with students, parents, and staff; review of school records; and identification of parent and family issues.

In determining whether alleged conduct constitutes a violation of this policy, the investigator should consider the surrounding circumstances, the nature of the behavior, past incidents or continuing patterns of behavior, the relationships between the parties involved and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. The investigation will be completed thoroughly and as soon as practicable.

The administration shall take appropriate steps to protect the privacy of accusers and/or victims and to assure that they are not subjected to retaliation for making a complaint.

Disciplinary Action/Intervention

Any student who engages in unlawful discrimination, including harassment, intimidation, or bullying will be subject to disciplinary action and/or intervention including, but not limited to, warning, counseling, parent contact, detention, restriction of activities, exclusion, suspension, involuntary transfer, and expulsion (BP 5144). Depending on the severity of the incident, the principal may also take additional steps to ensure student safety. These may include, but are not limited to, implementing a safety plan; separating and supervising the students involved; providing staff support for students; and developing a supervision plan with the parents. Any employee who permits or engages in harassment or bullying may be subject to disciplinary action including, but not limited to, warning, suspension, transfer, and dismissal. Consequences shall be commensurate with the findings of the investigation. Any student or employee who engages in unlawful discrimination, including harassment, intimidation, or bullying of a student may also be subject to criminal prosecution.

Documentation

The Superintendent or designee shall maintain a record of reported cases of unlawful discrimination, including harassment, intimidation, or bullying to enable the district to monitor, address and prevent repetitive harassing behavior in its schools.

Communication Of Policy

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the District's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. The Superintendent or designee shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the educational program. The Superintendent or designee shall report his or her findings and recommendations to the Board after each review. Each school site administrator shall be responsible for implementing programs that are designed to promote positive social interactions and to inform students of their rights and responsibilities under this policy.

School Discipline Plans shall prohibit unlawful discrimination, including harassment, intimidation, or bullying. All parents and/or guardians will receive a copy of the School Discipline Plan upon registering their child at any school site in the District. Students in grades 6 through 12 will also receive a copy of the School Discipline Plan each year. School Discipline Plans shall be articulated among the district's schools sites to encourage consistent and developmentally appropriate application of this policy.

Measures to Prevent Discrimination

To prevent unlawful discrimination, including discriminatory harassment, intimidation, retaliation, and bullying, of students at district schools or in school activities and to ensure equal access of all students to the educational program, the Superintendent or designee shall implement the following measures:

1. Publicize the district's nondiscrimination policy and related complaint procedures, including the coordinator/compliance officer's contact information, to students, parents/guardians, employees, volunteers, and the general public by posting them in prominent locations and providing easy access to them through district-supported communications
2. Post the district's policies and procedures prohibiting discrimination, harassment, student sexual harassment, intimidation, bullying, and cyberbullying, including a section on social media bullying that includes all of the references described in Education Code 234.6 as possible forums for social media, in a prominent location on the district's web site in a manner that is easily accessible to parents/guardians and students (Education Code 234.6)
3. Post the definition of sex discrimination and harassment as described in Education Code 230, including the rights set forth in Education Code 221.8, in a prominent location on the district's web site in a manner that is easily accessible to parents/guardians and students (Education Code 234.6)
4. Post in a prominent location on the district web site in a manner that is easily accessible to parents/guardians and students information regarding Title IX prohibitions against discrimination based on a student's sex, gender, gender identity, pregnancy, and parental status, including the following: (Education Code 221.6, 221.61, 234.6)

 - iii. A web link to the OCR complaints form and the contact information for the office, including the phone number and email address for the office
 - d. A link to the Title IX information included on the California Department of Education's (CDE) web site
5. Post a link to statewide CDE-compiled resources, including community-based organizations, that provide support to youth who have been subjected to school-based discrimination, harassment, intimidation, or bullying and to their families. Such resources shall be posted in a prominent location on the district's web site in a manner that is easily accessible to parents/guardians and students. (Education Code 234.5, 234.6)
 6. Provide to students a handbook that contains age-appropriate information that clearly describes the district's nondiscrimination policy, procedures for filing a complaint, and resources available to students who feel that they have been the victim of any such behavior.
 7. Annually notify all students and parents/guardians of the district's nondiscrimination policy, including its responsibility to provide a safe, nondiscriminatory school environment for all students. The notice shall inform students and parents/guardians that they may request to meet with the compliance officer to determine how best to accommodate or resolve concerns that may arise from the district's implementation of its nondiscrimination policies. The notice shall also inform all students and parents/guardians that, to the extent possible, the district will address any individual student's interests and concerns in private.
 8. Ensure that students and parents/guardians, including those with limited English proficiency, are notified of how to access the relevant information provided in the district's nondiscrimination policy and related complaint procedures, notices, and forms in a language they can understand.
- If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning nondiscrimination shall be translated into that language in accordance with Education Code 234.1 and 48985. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.
9. Provide to students, employees, volunteers, and parents/guardians age-appropriate training and/or information regarding the district's nondiscrimination policy; what constitutes prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying; how and to whom a report of an incident should be made; and how to guard against segregating or stereotyping students when providing instruction, guidance, supervision, or other services to them. Such training and information shall include details of guidelines the district may use to provide a discrimination-free environment for all district students.
 10. At the beginning of each school year, inform school employees that any employee who witnesses any act of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, against a student is required to intervene if it is safe to do so. (Education Code 234.1)
 11. At the beginning of each school year, inform each principal or designee of the district's responsibility to provide appropriate assistance or resources to protect students from threatened or potentially discriminatory behavior and ensure their privacy rights.

Enforcement of District Policy

The Superintendent or designee shall take appropriate actions to reinforce BP 5145.3 - Nondiscrimination/Harassment. As needed, these actions may include any of the following:

1. Removing vulgar or offending graffiti
2. Providing training to students, staff, and parents/guardians about how to recognize unlawful discrimination, how to report it or file a complaint, and how to respond
3. Disseminating and/or summarizing the district's policy and regulation regarding unlawful discrimination

4. Consistent with laws regarding the confidentiality of student and personnel records, communicating to students, parents/guardians, and the community the school's response plan to unlawful discrimination or harassment
5. Taking appropriate disciplinary action against students, employees, and anyone determined to have engaged in wrongdoing in violation of district policy, including any student who is found to have filed a complaint of discrimination that the student knew was not true

Process for Initiating and Responding to Complaints

Students who feel that they have been subjected to unlawful discrimination described above or in district policy are strongly encouraged to immediately contact the compliance officer, principal, or any other staff member. In addition, students who observe any such incident are strongly encouraged to report the incident to the compliance officer or principal, whether or not the alleged victim files a complaint.

Any school employee who observes an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, or to whom such an incident is reported shall report the incident to the compliance officer or principal within a school day, whether or not the alleged victim files a complaint.

Any school employee who witnesses an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When a report of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, is made to or received by the principal or compliance officer, the principal or compliance officer shall notify the student or parent/guardian of the right to file a formal complaint in accordance with AR 1312.3 - Uniform Complaint Procedures or, for complaints of sexual harassment that meet the federal Title IX definition, AR 5145.71 - Title IX Sexual Harassment Complaint Procedures. Once notified verbally or in writing, the compliance officer shall begin the investigation and shall implement immediate measures necessary to stop the discrimination and ensure that all students have access to the educational program and a safe school environment. Any interim measures adopted to address unlawful discrimination shall, to the extent possible, not disadvantage the complainant or a student who is the victim of the alleged unlawful discrimination.

Any report or complaint alleging unlawful discrimination by the principal, compliance officer, or any other person to whom a report would ordinarily be made or complaint filed shall instead be made to or filed with the Superintendent or designee who shall determine how the complaint will be investigated.

Issues Unique to Intersex, Nonbinary, Transgender and Gender-Nonconforming Students

Gender identity of a student means the student's gender-related identity, appearance, or behavior as determined from the student's internal sense, whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

Gender expression means a student's gender-related appearance and behavior, whether stereotypically associated with the student's assigned sex at birth. (Education Code 210.7)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.

Intersex student means a student with natural bodily variations in anatomy, hormones, chromosomes, and other traits that differ from expectations generally associated with female and male bodies.

Nonbinary student means a student whose gender identity falls outside of the traditional conception of strictly either female or male, regardless of whether or not the student identifies as transgender, was born with intersex traits, uses gender-neutral pronouns, or uses agender, genderqueer, pangender, gender nonconforming, gender variant, or such other more specific term to describe their gender.

Transgender student means a student whose gender identity is different from the gender assigned at birth.

The district prohibits acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, or that have the purpose or effect of producing a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment, regardless of whether the acts are sexual in nature. Examples of the types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with the student's gender identity
2. Disciplining or disparaging a student or excluding the student from participating in activities, for behavior or appearance that is consistent with the student's gender identity or that does not conform to stereotypical notions of masculinity or femininity, as applicable
3. Blocking a student's entry to the restroom that corresponds to the student's gender identity
4. Taunting a student because the student participates in an athletic activity more typically favored by a student of the other sex
5. Revealing a student's gender identity to individuals who do not have a legitimate need for the information, without the student's consent
6. Using gender-specific slurs
7. Physically assaulting a student motivated by hostility toward the student because of the student's gender, gender identity, or gender expression

The district's uniform complaint procedures (AR 1312.3) or Title IX sexual harassment procedures (AR 5145.71), as applicable, shall be used to report and resolve complaints alleging discrimination against intersex, nonbinary, transgender, and gender-nonconforming students.

Examples of bases for complaints include, but are not limited to, the above list, as well as improper rejection by the district of a student's asserted gender identity, denial of access to facilities that correspond with a student's gender identity, improper disclosure of a student's gender identity, discriminatory enforcement of a dress code, and other instances of gender-based harassment.

To ensure that intersex, nonbinary, transgender, and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. Right to privacy: A student's intersex, nonbinary, transgender, or gender-nonconforming status is the student's private information. The district shall develop strategies to prevent unauthorized disclosure of students' private information. Such strategies may include, but are not limited to, collecting or maintaining information about student gender only when relevant to the educational program or activity, protecting or revealing a student's gender identity as necessary to protect the health or safety of the student, and keeping a student's unofficial record separate from the official record.

The district shall only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student's physical or mental well-being. In any case, the district shall only allow disclosure of a student's personally identifiable information to employees with a legitimate educational interest as determined by the district pursuant to 34 CFR 99.31. Any district employee to whom a student's intersex, nonbinary, transgender, or gender-nonconforming status is disclosed shall keep the student's information confidential. When disclosure of a student's gender identity is made to a district employee by a student, the employee shall seek the student's permission to notify the compliance officer. If the student refuses to give permission, the employee shall keep the student's information confidential, unless the employee is required to disclose or report the student's information pursuant to this administrative regulation, and shall inform the student that honoring the student's request may limit the district's ability to meet the student's needs related to the student's status as an intersex, nonbinary, transgender, or gender-nonconforming student. If the student permits the employee to notify the compliance officer, the employee shall do so within three school days.

As appropriate given the student's need for support, the compliance officer may discuss with the student any

need to disclose the student's intersex, nonbinary, transgender, or gender-nonconformity status or gender identity or gender expression to the student's parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and desire assistance in doing so.

2. **Determining a Student's Gender Identity:** The compliance officer shall accept the student's assertion of gender identity and begin to treat the student consistent with that gender identity unless district personnel present a credible and supportable basis for believing that the student's assertion is for an improper purpose.
3. **Addressing a Student's Transition Needs:** The compliance officer shall arrange a meeting with the student and, if appropriate, the student's parents/guardians to identify and develop strategies for ensuring that the student's access to educational programs and activities is maintained. The meeting shall discuss the intersex, nonbinary, transgender, or gender-nonconforming student's rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student's access to facilities and to academic or educational support programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the compliance officer shall identify specific school site employee(s) to whom the student may report any problem related to the student's status as an intersex, nonbinary, transgender, or gender-nonconforming individual, so that prompt action can be taken to address it. Alternatively, if appropriate and desired by the student, the school may form a support team for the student that will meet periodically to assess whether the arrangements for the student are meeting the student's educational needs and providing equal access to programs and activities, educate appropriate staff about the student's transition, and serve as a resource to the student to better protect the student from gender-based discrimination.
4. **Accessibility to Sex-Segregated Facilities, Programs, and Activities:** When the district maintains sex-segregated facilities, such as restrooms and locker rooms, or offers sex-segregated programs and activities, such as physical education classes, intermural sports, and interscholastic athletic programs, students shall be permitted to access facilities and participate in programs and activities consistent with their gender identity. To address any student's privacy concerns in using sex-segregated facilities, the district shall offer available options such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in the locker room separated by a curtain or screen, or use of the locker room before or after the other students. However, the district shall not require a student to utilize these options because the student is intersex, nonbinary, transgender, or gender-nonconforming. In addition, a student shall be permitted to participate in accordance with the student's gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. A student's right to participate in a sex-segregated activity in accordance with the student's gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.
5. **Student Records:** Upon each student's enrollment, the district is required to maintain a mandatory permanent student record (official record) that includes the student's gender and legal name.

A student's legal name as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed with proper documentation. A student's gender as entered on the student's official record required pursuant to 5 CCR 432 shall only be changed with written authorization of a parent/guardian having legal custody of the student. (Education Code 49061)

However, when proper documentation or authorization, as applicable, is not submitted with a request to change a student's legal name or gender, any change to the student's record shall be limited to the student's unofficial records such as attendance sheets, report cards, and school identification.

6. **Names and Pronouns:** If a student so chooses, district personnel shall be required to address the student by a name and the pronoun(s) consistent with the student's gender identity, without the necessity of a court order or a change to the student's official district record. However, inadvertent slips or honest mistakes by district personnel in the use of the student's name and/or consistent pronouns will, in general, not constitute a violation of this administrative regulation or the accompanying district policy.
7. **Uniforms/Dress Code:** A student has the right to dress in a manner consistent with the student's gender identity, subject to any dress code adopted on a school site.

The Board of Trustees desires to promote effective communication between the school and the home and to keep parents/guardians informed regarding educational programs, school operations, and the legal rights of students and their parents/guardians. The Superintendent or designee shall send parents/guardians all notifications required by law and any other notifications the Superintendent or designee believes will promote parental understanding and involvement.

Notice of the rights and responsibilities of parents/guardians as specified in Education Code 48980 shall be sent at the beginning of each academic year and may be provided by regular mail, in electronic form when so requested by the parent/guardian, or by any other method normally used by the district for written communication with parents/guardians. (Education Code 48981)

No activity specified in Education Code 48980 shall be undertaken with respect to any particular student unless the student's parent/guardian has been informed of such action through the annual notification or other separate special notification. Such notice shall state the activity that will be undertaken and the approximate date on which the activity will occur. (Education Code 48983-48984)

The annual notification shall include a request that the parent/guardian sign the notice and return it to the school or, if the notice is provided in electronic format, that the parent/guardian submit a signed acknowledgment of receipt of the notice to the school. The parent/guardian's signature is an acknowledgment of receipt of the information but does not indicate that consent to participate in any particular program has been given or withheld. (Education Code 48982)

Whenever a student enrolls in a district school during the school year, the student's parents/guardians shall be given all required parental notifications at that time.

Notifications shall be presented in an understandable and uniform format and, to the extent practicable, in a language that parents/guardians can understand.

Whenever 15 percent or more of the students enrolled in a district school speak a single primary language other than English, as determined from the California Department of Education census data collected pursuant to Education Code 52164, all notices sent to the parent/guardian of any such student shall, in addition to being written in English, be written in the primary language, and may be responded to either in English or the primary language. (Education Code 48981, 48985)

Whenever an employee learns that a student's parent/guardian is unable to understand the district's printed notifications for any reason, the employee shall inform the principal or designee, who shall work with the parent/guardian to establish other appropriate means of communication.

Policy 5145.7: Sexual Harassment

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 10/01/2020

The Board of Trustees is committed to maintaining a safe school environment that is free from sexual harassment of students by anyone at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment. The definition of "sexual harassment" under District policy, as well as under Title IX of the Education Amendments of 1972 ("Title IX") is described below. The administrative regulation used to process a known allegation of sexual harassment will depend upon the nature of the alleged conduct and if that alleged conduct meets the definition of sexual harassment under Title IX.

Sexual Harassment Under District Policy

"Sexual harassment" under District policy means unwelcome sexual advances, unwanted requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature made against another person of the same or opposite sex in the educational setting, under any of the following conditions: (Education Code 212.5; 5 CCR 4916).

1. Submission to the conduct is explicitly or implicitly made a term or condition of a student's academic status or progress.
2. Submission to or rejection of the conduct by a student is used as the basis for academic decisions affecting the student.
3. The conduct has the purpose or effect of having a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment.
4. Submission to or rejection of the conduct by the student is used as the basis for any decision affecting the student regarding benefits and services, honors, programs, or activities available at or through any district program or activity.

Sexual harassment also includes nonconsensual touching and cyber sexual bullying, as defined and prohibited by the California Penal Code and Education Code.

"Nonconsensual touching," as defined in Penal Code 243.4, means touching another person's intimate part against that person's will. "Touch" means direct physical contact or contact through the clothing of either person. "Intimate part" means sexual organ, anus, groin, or buttocks of any person, or the breast of a female.

"Cyber sexual bullying," as defined in Education Code 48900(r)(2)(A)(iii), means electronic dissemination of or solicitation or incitement to electronically disseminate a sexually explicit image or recording, by a student to another student or to school personnel, that causes the student to be in fear of harm, or a substantially detrimental effect on the student's physical or mental health, or the student's ability to benefit from the educational environment.

Examples of types of conduct which are prohibited in the district and which may constitute sexual harassment include, but are not limited to:

1. Unwelcome leering, sexual flirtations, or propositions
2. Unwelcome sexual slurs, epithets, threats, verbal abuse, derogatory comments, or sexually degrading descriptions
3. Graphic verbal comments about an individual's body or overly personal conversation
4. Sexual jokes, derogatory posters, notes, stories, cartoons, drawings, pictures, obscene gestures, or computer-generated images of a sexual nature
5. Spreading sexual rumors
6. Teasing or sexual remarks about students enrolled in a predominantly single-sex class
7. Massaging, grabbing, fondling, stroking, or brushing the body

8. Touching an individual's body or clothes in a sexual way
9. Impeding or blocking movements or any physical interference with school activities when directed at an individual on the basis of sex
10. Displaying sexually suggestive objects
11. Sexual assault, sexual battery, or sexual coercion
12. Electronic communications containing comments, words, or images described above

Any prohibited conduct that occurs off-campus or outside of school-related or school-sponsored programs or activities will be regarded as sexual harassment in violation of district policy if it has a continuing effect on or creates a hostile school environment for the complainant-victim of the conduct.

Sexual Harassment Under Title IX

Some sexual harassment prohibited by District policy, as described above, may also be prohibited under Title IX. Under Title IX, sexual harassment toward a student means conduct on the basis of sex that satisfies at least one of the following:

1. An employee conditioning the provision of an aid, benefit, or service of the district on the student-victim's participation in unwelcome sexual conduct.
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the district's educational program or activity.
3. Sexual assault, dating violence, domestic violence, or stalking as defined in (20 U.S.C. 1092 or 34 U.S.C. 12291.)

Sexual assault means actual or intentional physical sexual acts against a person without consent that may include: rape, rape and seduction, sodomy, lewd and lascivious acts, oral copulation, sexual penetration, sexual battery, and sexual assault, as defined under Education Code 48900(n) and Penal Code 261, 266c, 286, 288, 288a, 289 and 243.4.

Dating violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. (34 U.S.C. 12291(a)(10).)

Domestic violence means felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws. (Ed. Code, § 48900, subd. (n).)

Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to: (A) fear for his or her safety or the safety of others; or (B) suffer substantial emotional distress. (34 U.S.C. 12291(a)(30).)

"Without consent" or "against that person's will" may include: force, duress, violence, fear of immediate harm, or one's inability to consent.

Reporting Allegations of Sexual Harassment

The district strongly encourages any student who believes they are being or have been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who have experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact their teacher, the principal, one of the district's Title IX coordinators, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district Title IX coordinator. Once notified, the principal, coordinator or designee shall take the steps to investigate and address the

allegation, as specified in the appropriate administrative regulation. Supportive measures should be offered to the complainant-victim and respondent, as deemed appropriate.

Notice and Instruction Related to District Policy on Sexual Harassment

The Superintendent or designee shall inform students and parents/guardians of the district's sexual harassment policy by disseminating it through parent/guardian notifications, publishing it on the district's website, and including it in the student and staff handbooks.

The district shall also create a poster that notifies students of the district's sexual harassment policy, and display the poster in a prominent and conspicuous location in the main administrative building or other area where notices of district rules, regulations, procedures, and standards of conduct are posted, in each bathroom and locker room on campus.

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. All district staff shall be trained regarding the district policies that prohibit sexual harassment of students.

Complaint Processes

Title IX Complaints:

If the alleged conduct, if taken to be true, meets the definition of sexual harassment under Title IX (as defined above), the complaint or allegation shall be investigated or otherwise resolved in accordance with the procedures outlined in Title IX and AR 5145.71 - Title IX Sexual Harassment Complaint Procedures. This determination shall be made by a district Title IX coordinator. If a complaint does not rise to the level of sexual harassment under Title IX, it may need to be formally dismissed pursuant to Title IX and AR 5145.71.

All Other Sexual Harassment Complaints:

If the alleged conduct, even if taken to be true, is sexual in nature but does not meet the definition of sexual harassment under Title IX, the complaint or allegation shall be investigated or otherwise resolved in accordance with law and district procedures specified in AR 1312.3 - Uniform Complaint Procedures. This determination shall be made by a district Title IX coordinator.

Disciplinary Actions

Upon completion of an investigation of a sexual harassment complaint, whether the investigation followed AR 1312.3 or AR 5145.71, any student found to have engaged in sexual harassment or sexual violence in violation of this policy and/or Title IX shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall be subject to disciplinary action, up to and including termination in accordance with law and the applicable collective bargaining agreement.

Record-Keeping

In accordance with law, the Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools. Record-keeping requirements for complaints that fall under Title IX are detailed in AR 5145.71 - Title IX Sexual Harassment Complaint Procedures.

Regulation 5145.7: Sexual Harassment

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 10/01/2020

Reporting Process

Any student or parent/guardian who believes a student has been subjected to sexual harassment by another student, an employee, or any third party, or who has witnessed an incident of possible sexual harassment, is strongly encouraged to report the incident to their teacher, the principal, one of the district's Title IX coordinators, or any other available school employee and/or to submit a complaint pursuant to AR 1312.3 - Uniform Complaint Procedures or AR 5145.71 - Title IX Sexual Harassment Complaint Procedures.

Within one school day of receiving such a report/complaint, or within one school day of observing an incident of sexual harassment involving a student, the school employee shall forward the complaint/report, or prepare and forward a written description of a verbal report or observation, to the principal or a Title IX coordinator identified herein. The employee shall take these actions, whether or not the alleged victim submits a complaint and regardless of the alleged victim's request for confidentiality. The Title IX coordinator will be responsible for assessing a victim's request for confidentiality, and will only initiate the Title IX Sexual Harassment Complaint Process - AR 5145.71 against the victim's wishes if doing so is not clearly unreasonable in light of the known circumstances.

If a report or complaint of sexual harassment is initially submitted to the principal, the principal shall forward the report or complaint to a Title IX coordinator that same day, or as soon as is reasonably possible.

In any case of sexual harassment involving the principal, Title IX coordinator or designee, or any other person to whom the incident would ordinarily be reported, the report/complaint may instead be submitted to the Superintendent or designee who shall determine who will investigate the complaint.

When a verbal or informal report of sexual harassment is submitted, the principal and/or Title IX coordinator shall inform the student or parent/guardian of their right to file a formal written complaint in accordance with applicable district complaint procedures. As detailed in AR 5145.71, if the alleged conduct meets the definition of sexual harassment under Title IX, the Title IX coordinator must notify the student-victim of this right. If a complainant-victim refuses to reduce their complaint to writing in accordance with AR 1312.3 or AR 5145.71, the Title IX coordinator or designee shall reduce the verbal complaint to writing and may initiate an investigation into the verbal allegations pursuant to AR 1312.3 or AR 5145.71.

Title IX Coordinators

The district designates the following individuals as the employees responsible for coordinating its efforts to comply with Title IX of the Education Amendments of 1972, as well as to oversee, investigate, and/or resolve sexual harassment complaints processed under AR 1312.3 - Uniform Complaint Procedures and AR 5145.71 - Title IX Sexual Harassment Complaint Procedures.

The Title IX Coordinator may be contacted at:

Billie Mankey
Director II, Human Resources 435 Hilcrest Ave.
Pacific Grove, CA 93950 (831) 646-6507
bmankey@pgusd.org

Supportive Measures and Response Pending Investigation

When an incident of sexual harassment is reported, the Title IX coordinator or designee, in consultation with the coordinator, shall determine whether supportive measures are necessary during and pending the result of an investigation to stop the alleged discrimination and ensure that all students have access to the educational program and a safe school environment.

Supportive measures will be implemented on a case by case basis and shall be offered to both complainants and respondents, as appropriate. Any supportive measures adopted to address alleged sexual harassment, or related retaliation shall, be designed to preserve equal access to the district's educational program or activity without unreasonably burdening the other involved party. The supportive measures shall remain in place until the Title IX

coordinator determines that they are no longer necessary.

Supportive measures may include, but are not limited to, counseling, course-related adjustments, modifications of class schedules, academic support, mutual restrictions on contact, increased security, and monitoring of certain areas of the campus. All supportive measures shall be implemented in accordance with law and Board policy. Such actions shall be considered even when a student chooses to not file a formal complaint or the sexual harassment occurs off school grounds or outside school-sponsored or school-related programs or activities.

Complaint Investigation and Resolution

The Title IX coordinator or designee shall contact the complainant (who is the victim of alleged misconduct) and investigate and resolve the complaint in accordance with law and district procedures. The Title IX coordinator will determine, based on the allegations and how sexual harassment is defined under Title IX and district policy, whether the complaint should be processed in accordance with AR 1312.3 - Uniform Complaint Procedures or AR 5145.71 - Title IX Sexual Harassment Complaint Procedures. Complaints that are filed but do not meet the definition of sexual harassment under Title IX may need to be formally dismissed pursuant to AR 5145.71.

When a report or complaint of sexual harassment involves off-campus conduct that was outside a district program or activity, the Title IX coordinator, or a designee who has consulted with the Title IX coordinator, shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If the Title IX coordinator or designee determines that a hostile environment may be created, the complaint shall be investigated and resolved, as is deemed appropriate under the circumstances. At a minimum, supportive measures will be offered to the victim.

In investigating a sexual harassment complaint, evidence of past sexual relationships of the victim shall not be considered, except to the extent that such evidence may relate to the victim's prior relationship with the respondent.

If sexual harassment is found following an investigation, the Title IX coordinator, or designee in consultation with the coordinator, shall take prompt action to stop the sexual harassment, prevent recurrence, and address any continuing effects.

Notifications

A copy of the district's sexual harassment policy and regulation shall:

1. Be included in the notifications that are sent to parents/guardians at the beginning of each school year (Education Code 48980; 5 CCR 4917)

7. Be included in any handbook provided to students, parents/guardians, employees, or employee organizations (34 CFR 106.8)

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. Notice regarding which acts and behaviors constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
 2. A clear message that students do not have to endure sexual harassment under any circumstance
 3. Encouragement to report observed incidents of sexual harassment even when the alleged victim of the harassment has not complained
 4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
 5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to respond to harassment, prevent recurrence, and address any continuing effect on students, in a manner deemed appropriate by a Title IX coordinator
 6. Information about the district's procedures for investigating complaints and the person(s) to whom a report of sexual harassment should be made
 7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
 8. A clear message that, when needed, the district will implement supportive measures to ensure a safe school environment for a student who is the complainant-victim of sexual harassment, and the respondent. Supportive measures will be designed to restore or preserve equal access to the district's educational program or activity without unreasonably burdening the other involved party.

Regulation 5145.71: Title IX Sexual Harassment Complaint Procedures

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 10/01/2020

Sexual Harassment Under Title IX

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 ("Title IX") alleging that a student was subjected to one or more of the following forms of sexual harassment (34 CFR 106.30):

1. A district employee conditioning the provision of a district aid, benefit, or service on the student's participation in unwelcome sexual conduct
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the district's education program or activity
3. Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291

Sexual assault means actual or intentional physical sexual acts against a person without consent that may include: rape, rape and seduction, sodomy, lewd and lascivious acts, oral copulation, sexual penetration, sexual battery, and sexual assault, as defined under Education Code 48900(n) and Penal Code 261, 266c, 286, 288, 288a, 289 and 243.4.

Dating violence means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. (34 U.S.C. 12291(a)(10).)

Domestic violence means felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws. (Ed. Code, § 48900, subd. (n).)

Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to: (A) fear for his or her safety or the safety of others; or (B) suffer substantial emotional distress. (34 U.S.C. 12291(a)(30).)

"Without consent" or "against that person's will" may include: force, duress, violence, fear of immediate harm, or one's inability to consent.

The district shall respond to allegations of sexual harassment that, if true, meet the definition of sexual harassment under Title IX, when the alleged conduct occurs in the school's education program or activity, and against a person in the United States. "Education program or activity" includes locations, events, or circumstances over which the school exercised substantial control over both the respondent and the context in which the sexual harassment occurs.

All other sexual harassment complaints or allegations, brought by or on behalf of students, shall be investigated and resolved in accordance with AR 1312.3 - Uniform Complaint Procedures.

The determination of whether the allegations meet the definition of sexual harassment under Title IX shall be made by a district Title IX coordinator.

Reporting and Filing a Formal Complaint of Sexual Harassment Under Title IX

Upon receiving such a report, the Title IX coordinator shall promptly meet with the complainant. The Title IX coordinator shall listen to the complainant's concerns, and inform the complainant of the process for filing a formal complaint, and their right to file or not file a formal complaint. The Title IX coordinator shall also discuss supportive measures with the complainant, and explain that supportive measures will be available regardless of whether a formal complaint is filed.

A "formal complaint" under Title IX means a document filed by a complainant (who must be the victim of the alleged conduct, or their parent/guardian) or signed by a district Title IX coordinator alleging sexual harassment against a

respondent and requesting that the district investigate the allegation. At the time of filing a formal complaint, the complainant must be participating in or attempting to participate in the district's educational program or activity.

A formal complaint, with the complainant's physical or digital signature, may be filed with the Title IX coordinator, using the contact information listed in AR 5145.7 - Sexual Harassment, in person, by mail, by email, or by any other method authorized by the district. (34 CFR 106.30)

Even if the alleged victim chooses not to file a formal complaint, a Title IX coordinator shall file a formal complaint in situations in which a safety threat exists. In addition, the Title IX coordinator may file a formal complaint in other situations, as permitted under the Title IX regulations, including as part of the district's obligation to not be deliberately indifferent to known allegations of sexual harassment. In such cases, the Title IX coordinator does not become a party to the case, and the victim will receive notices as required by the Title IX regulations at specific points in the complaint process.

The Superintendent or designee shall ensure that the Title IX coordinator, investigator, decision-maker, or a facilitator of an informal resolution process do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent, and that such persons receive training in accordance with 34 CFR 106.45. (34 CFR 106.45)

Supportive Measures

Upon receipt of a report of Title IX sexual harassment, even if a formal complaint is not filed, the Title IX coordinator shall promptly contact the complainant-victim to discuss the availability of supportive measures which are nondisciplinary, nonpunitive, and do not unreasonably burden the other party. Supportive measures shall be designed to restore or preserve equal access to the district's educational program or activity without unreasonably burdening the other party, protect the safety of all parties or the district's educational environment; and to deter sexual harassments. Such measures may include, but are not limited to, counseling, course-related adjustments, modifications of class schedules, academic support, mutual restrictions on contact, increased security, and monitoring of certain areas of the campus. The Title IX coordinator shall consider the complainant's wishes with respect to supportive measures. (34 CFR 106.30, 106.44) Supportive measures, including those detailed herein, shall also be offered to the respondent upon receipt of a formal complaint.

Emergency Removal from School

The district is prohibited from disciplining a student for alleged sexual harassment under Title IX until a full Title IX investigation has been completed. (§106.44, subd. (a).) However, on an emergency basis, the district may remove a student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations, and provides the student with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student cannot modify a student's rights under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

Mandatory and Discretionary Dismissals of Title IX Complaints

The Title IX Coordinator shall dismiss a formal complaint if the alleged conduct would not constitute sexual harassment as defined in 34 CFR 106.30, even if proved. The Title IX coordinator shall also dismiss any complaint wherein the alleged conduct did not occur in the district's education program or activity, did not occur against a person in the United States, or wherein the complainant was not participating or attempting to participate in the educational program at the time the complaint was filed. The Title IX coordinator may dismiss a formal complaint if the complainant notifies the district in writing that the complainant would like to withdraw the complaint or any allegations in the complaint, the respondent is no longer enrolled or employed by the district, or sufficient circumstances prevent the district from gathering evidence sufficient to reach a determination with regard to the complaint. (34 CFR 106.30(a), 34 CFR 106.45)

Upon dismissal, the Title IX coordinator shall promptly, and simultaneously to the parties, send written notice of the dismissal and the reasons for the dismissal. (34 CFR 106.45) Both parties have the right to appeal a dismissal in accordance with the appeal procedures set forth below.

If a complaint is dismissed on the grounds that the alleged conduct does not constitute sexual harassment as defined in 34 CFR 106.30, or on another appropriate basis, the allegations may still be addressed pursuant to BP/AR 1312.3 - Uniform Complaint Procedures or other district policies and procedures, as is deemed appropriate under the circumstances.

Informal Resolution Process

When a formal complaint of sexual harassment is filed, the district may offer an informal resolution process, such as mediation, at any time prior to reaching a determination regarding responsibility. The district shall not require a party to participate in the informal resolution process or to waive the right to an investigation and adjudication of a formal complaint. (34 CFR 106.45)

The district may facilitate an informal resolution process provided that the district: (34 CFR 106.45)

1. Provides the parties with written notice disclosing the allegations, the requirements of the informal resolution process, the right to withdraw from the informal process and resume the formal complaint process, and any consequences resulting from participating in the informal resolution process, including that records will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process
3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student

Formal Complaint Process

Written Notice

If a formal complaint is filed, the Title IX coordinator shall provide the known parties (complainant and respondent) with written notice of the following: (34 CFR 106.45)

1. The district's complaint process, including any informal resolution process
2. The allegations potentially constituting sexual harassment with sufficient details known at the time, including the identity of parties involved in the incident if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident if known. Such notice shall be provided with sufficient time for the parties to prepare a response before any initial interview

If, during the course of the investigation, new Title IX allegations arise about the complainant or respondent that were not included in the initial notice, the Title IX coordinator shall provide notice of the additional allegations to the parties.

3. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the complaint process
4. That the parties may have an advisor of their choice who may be, but is not required to be, an attorney, and that the parties will have the ability to inspect and review evidence brought forth during the course of the investigation
5. That the parties are prohibited from knowingly making false statements or knowingly submitting false information during the complaint process
6. That there is a presumption that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance/complaint procedure

The above notice may also include the name of the investigator, facilitator of an informal process, and decision-maker. If at any time a party has concerns regarding conflict of interest or bias regarding any of these persons, the party shall immediately notify a district Title IX coordinator.

Investigation Procedures

During the investigation process, the district and/or the district's designated investigator shall: (34 CFR 106.45)

1. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence
2. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence
3. Provide the parties with the same opportunities to have others present during any grievance/complaint proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney
4. Not limit the choice or presence of an advisor for either the complainant or respondent in any meeting or grievance/complaint proceeding, although the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings as long as the restrictions apply equally to both parties
5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate
6. Send in an electronic format or hard copy to both parties and their advisors, if any, any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint, and provide the parties at least 10 days to submit a written response for the investigator to consider prior to the completion of the investigative report
7. Objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence, and determine credibility in a manner that is not based on a person's status as a complainant, respondent, or witness
8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the determination of responsibility, send to the parties and their advisors, if any, the investigative report in an electronic format or a hard copy, for their review and written response

After sending the investigative report to the parties and before reaching a determination regarding responsibility, the decision-maker, who will not be the Title IX coordinator or investigator assigned to the matter, shall afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party.

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence are offered to prove that someone other than the respondent committed the conduct alleged by the complainant or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Privacy rights of all parties to the complaint shall be maintained in accordance with applicable state and federal laws.

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

Written Decision

The decision-maker shall issue, and simultaneously provide to both parties, a written decision as to whether the respondent is responsible for the alleged conduct. (34 CFR 106.45)

The written decision shall be issued within 60 calendar days of the receipt of the complaint. The timeline may be temporarily extended for good cause with written notice to the complainant and respondent of the extension and the reasons for the action. (34 CFR 106.45)

In making this determination, the decision-maker shall use the "preponderance of the evidence" standard for all formal complaints of sexual harassment. The same standard of evidence shall be used for formal complaints against students as for complaints against employees. (34 CFR 106.45)

The written decision shall include the following: (34 CFR 106.45)

1. Identification of the allegations potentially constituting sexual harassment as defined in 34 CFR 106.30
2. A description of the procedural steps taken from receipt of the formal complaint through the written decision, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held if the district includes hearings as part of the grievance/complaint process
3. Findings of fact supporting the determination
4. Conclusions regarding the application of the district's code of conduct to the facts
5. A statement of, and rationale for, the result as to each allegation, including a decision regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's educational program or activity will be provided by the district to the complainant
6. The district's procedures and permissible bases for the complainant and respondent to appeal

The written decision shall also comply with the requirements outlined in the uniform complaint procedures for the issuance of an investigation report and appeal rights, as is necessary and required under the law.

Appeals

Either party may appeal the district's decision or dismissal of a formal complaint or any allegation in the complaint, if the party believes that a procedural irregularity affected the outcome, new evidence is available that could affect the outcome, or a conflict of interest or bias by the Title IX coordinator, investigator(s), or decision-maker(s) affected the outcome. If an appeal is filed, the district shall: (34 CFR 106.45)

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties
2. Ensure that the decision-maker(s) for the appeal is trained in accordance with 34 CFR
3. 106.45 and is not the same decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator
4. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome
5. Issue a written decision describing the result of the appeal and the rationale for the result
6. Provide the written decision simultaneously to both parties

An appeal must be filed in writing within 10 calendar days of receiving the notice of dismissal of a Title IX complaint or a written determination, stating the grounds for the appeal and including any relevant documentation in support of the appeal. Appeals submitted after this deadline are not timely and shall not be considered. A written decision on the appeal shall be provided to the parties within 20 calendar days from the receipt of the appeal.

Either party has the right to file a complaint with the U.S. Department of Education's Office for Civil Rights.

Remedies

When a determination of responsibility for sexual harassment has been made against the respondent, the district shall provide remedies to the complainant. Such remedies may include the same individualized services described above in the section "Supportive Measures," but need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent. (34 CFR 106.45)

Corrective/Disciplinary Actions

The district shall not impose any disciplinary sanctions or other actions against a respondent, other than supportive measures as described above in the section "Supportive Measures," until the complaint procedure has been completed and a determination of responsibility has been made. (34 CFR 106.44)

For students in grades 4-12, discipline for sexual harassment may include suspension and/or expulsion. After the completion of the complaint procedure, if it is determined that a student at any grade level has committed sexual assault or sexual battery at school or at a school activity off school grounds, the principal or Superintendent shall immediately suspend the student and shall recommend expulsion. (Education Code 48900.2, 48915)

Other actions that may be taken with a student who is determined to be responsible for sexual harassment include, but are not limited to:

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education of the student regarding the impact of the conduct on others
4. Positive behavior support
5. Referral of the student to a student success team
6. Denial of participation in extracurricular or cocurricular activities or other privileges as permitted by law

When an employee is found to have committed sexual harassment or retaliation, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

Record-Keeping

The Superintendent or designee shall maintain for a period of seven years a record of the following:

For formal complaints, the district shall maintain record of each Title IX investigations of sexual harassment, including any determinations of responsibility, any audio or audiovisual recording and transcript if applicable, any disciplinary sanctions imposed, any remedies provided to the complainant, any appeal or informal resolution and the results therefrom, and responses made pursuant to 34 CFR 106.44. (34 CFR 106.45)

Where a Title IX allegation was reported, regardless of whether or not a formal complaint was filed, the district shall maintain a record of any actions, including supportive measures, taken in response to a report or formal complaint, or why it is reasonable that no supportive actions were taken, why the district's response was not deliberately indifferent, and the measures taken that were designed to restore or preserve equal access to the education program or activity.

The Superintendent or designee shall also maintain for a period of seven years all materials used to train the Title IX Coordinator, investigator(s), decision-maker(s), and any person who facilitates an informal resolution process. The district shall make such training materials publicly available on its web site, or if the district does not maintain a web site, available upon request by members of the public. (34 CFR 106.45)

Hate-motivated behavior is any behavior intended to cause emotional suffering, physical injury, or property damage through intimidation, harassment, bigoted slurs or epithets, force or threat of force, or vandalism motivated in part or in whole by bias or hostility toward the victim's real or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Government Code 11135, or Penal Code 422.55.

The Superintendent or designee shall collaborate with regional programs and community organizations to promote an environment where diversity is celebrated and hate-motivated behavior is not tolerated. Such collaborative efforts shall focus on the development of effective prevention strategies and response plans, provision of assistance to students affected by hate-motivated behavior, and/or education of students who have perpetrated hate-motivated acts.

The district shall provide students with age-appropriate instruction that:

1. Includes the development of social-emotional learning

Policy 5146: Married/Pregnant/Parenting Students

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 12/01/2018

The Board of Trustees recognizes that responsibilities related to marriage, pregnancy, or parenting and related responsibilities may disrupt a student's education and increase the chance of a student dropping out of school. The Board therefore desires to support married, pregnant, and parenting students to continue their education, attain strong academic and parenting skills, and promote the healthy development of their children.

The district shall not exclude or deny any student from any educational program or activity, including any class or extracurricular activity, solely on the basis of the student's pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery. In addition, the district shall not adopt any rule concerning a student's actual or potential parental, family, or marital status that treats students differently on the basis of sex. (Education Code 221.51, 230; 5 CCR 4950; 34 CFR 106.40)

The Superintendent or designee shall annually notify parents/guardians at the beginning of the school year of the rights and options available to pregnant and parenting students under the law. In addition, pregnant and parenting students shall be notified of the rights and options available to them under the law through annual school year welcome packets and through independent study packets. (Education Code 222.5, 48980)

For school-related purposes, a student under the age of 18 years who enters into a valid marriage shall have all the rights and privileges of students who are 18 years old, even if the marriage has been dissolved. (Family Code 7002)

Education and Support Services for Pregnant and Parenting Students

Pregnant and parenting students shall retain the right to participate in the regular education program or an alternative education program. The classroom setting shall be the preferred instructional strategy unless an alternative is necessary to meet the needs of the student and/or the student's child.

Any alternative education program, activity, or course that is offered separately to pregnant or parenting students, including any class or extracurricular activity, shall be equal to that offered to other district students. A student's participation in such programs shall be voluntary. (Education Code 221.51; 5 CCR 4950)

If required for students with any other temporary disabling condition, the Superintendent or designee may require a student, based on pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery, to obtain certification from a physician or nurse practitioner indicating that the student is physically and emotionally able to continue participation in the regular education program or activity. (Education Code 221.51; 5 CCR 4950; 34 CFR 106.40)

To the extent feasible, the district shall provide educational and related support services, either directly or in collaboration with community agencies and organizations, to meet the needs of pregnant and parenting students and their children. Such services may include, but are not limited to:

1. Child care and development services for the children of parenting students on or near school site(s) during the school day and during school-sponsored activities
2. Parenting education and life skills instruction
3. Special school nutrition supplements for pregnant and lactating students pursuant to Education Code 49553, 42 USC 1786, and 7 CFR 246.1-246.28
4. Health care services, including prenatal care
5. Tobacco, alcohol, and/or drug prevention and intervention services
6. Academic and personal counseling
7. Supplemental instruction to assist students in achieving grade-level academic standards and progressing toward graduation

Absences

Pregnant or parenting students may be excused for absences for medical appointments and other purposes specified in BP/AR 5113 - Absences and Excuses.

A student shall be excused for absences to care for a sick child for whom the student is the custodial parent. A note from a physician shall not be required for such an absence. (Education Code 48205)

Parental Leave

A pregnant or parenting student shall be entitled to eight weeks of parental leave in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant. Such leave may be taken before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction. The Superintendent or designee may grant parental leave beyond eight weeks if deemed medically necessary by the student's physician. (Education Code 46015; 34 CFR 106.40)

The student, if age 18 years or older, or the student's parent/guardian shall notify the school of the student's intent to take parental leave. No student shall be required to take all or part of the parental leave. (Education Code 46015)

When a student takes parental leave, the attendance supervisor shall ensure that absences from the regular school program are excused until the student is able to return to the regular school program or an alternative education program. A pregnant or parenting student shall not be required to complete academic work or other school requirements during the period of the parental leave. (Education Code 46015)

Following the leave, a pregnant or parenting student may elect to return to the school and the course of study in which the student was enrolled before taking parental leave or to an alternative education option provided by the district. Upon return to school, a pregnant or parenting student shall have opportunities to make up work missed during the leave, including, but not limited to, makeup work plans and reenrollment in courses. (Education Code 46015)

When necessary to complete high school graduation requirements, the student may remain enrolled in school for a fifth year of instruction, unless the Superintendent or designee makes a finding that the student is reasonably able to complete district graduation requirements in time to graduate by the end of the fourth year of high school. (Education Code 46015)

Accommodations

When necessary, the district shall provide accommodations to enable a pregnant or parenting student to access the educational program.

A pregnant student shall have access to any services available to other students with temporary disabilities or medical conditions. (34 CFR 106.40)

The school shall provide reasonable accommodations to any lactating student to express breast milk, breastfeed an infant child, or address other needs related to breastfeeding. A student shall not incur an academic penalty for using any of these reasonable accommodations, and shall be provided the opportunity to make up any work missed due to such use. Reasonable accommodations include, but are not limited to: (Education Code 222)

1. Access to a private and secure room, other than a restroom, to express breast milk or breastfeed an infant child
2. Permission to bring onto a school campus a breast pump and any other equipment used to express breast milk
3. Access to a power source for a breast pump or any other equipment used to express breast milk
4. Access to a place to store expressed breast milk safely
5. A reasonable amount of time to accommodate the student's need to express breast milk or breastfeed an infant child

Complaints

Any complaint alleging discrimination on the basis of pregnancy or marital or parental status, district noncompliance with the requirements of Education Code 46015, or district noncompliance with the requirement to provide reasonable accommodations for lactating students shall be addressed through the district's uniform complaint procedures in accordance with 5 CCR 4600-4670 and BP/AR 1312.3 - Uniform Complaint Procedures. A complainant who is not satisfied with the district's decision may appeal the decision to the California Department of Education (CDE). If the district or CDE finds merit in an appeal, the district shall provide a remedy to the affected student. (Education Code 222, 46015; 5 CCR 4600- 4670)

Program Evaluation

The Superintendent or designee shall periodically report to the Board regarding the effectiveness of district strategies to support married, pregnant, and parenting students, which may include data on student participation in district programs and services, academic achievement, school attendance, graduation rate, and/or student feedback on district programs and services.

Policy 5147: Dropout Prevention

Status: DRAFT

Original Adopted Date: Pending | **Last Revised Date:** 08/01/2014

The Board of Trustees expects all students to remain in school until graduation in order to acquire critical knowledge and skills and be prepared for postsecondary education and/or employment. The Superintendent or designee shall identify factors that impede student success in school and shall implement integrated, systemic support and strategies that address dropout prevention and promote timely intervention and recovery.

The Superintendent or designee, in collaboration with community agencies and organizations as appropriate, shall develop districtwide and schoolwide strategies that support regular school attendance for all students. Dropout prevention strategies shall include efforts to provide a safe and positive learning environment that engages and motivates students, encourages students' connectedness to the schools, offers meaningful educational opportunities, and promotes student health and well-being.

In addition, the Superintendent or designee shall develop strategies to provide targeted support to individual students who are at risk of dropping out of school. Students may be identified based on indicators such as chronic absenteeism, truancy, or tardiness; below-grade-level academic achievement as evidenced by student assessment results and/or teacher evaluations; and personal, social, health, or economic circumstances that may affect student performance and behavior in school.

Strategies to support students at risk of dropping out of school may include, but are not limited to:

1. Meetings and/or home visits with the student and parent/guardian to identify and address barriers to the student's success and inform them of the state's compulsory education law
2. Individualized instruction that responds to the needs and unique learning styles of students
3. Supplemental instruction during or outside the school day that is designed to help students overcome academic deficiencies
4. Enrollment in alternative or specialized educational programs
5. Assistance locating employment or work-based learning opportunities which link classroom learning with real-world experiences
6. Academic guidance and personal counseling services
7. Referral to a student success team, school attendance review board, or other team that addresses persistent attendance problems
8. Referral to school and/or community support services, such as a student assistance program, health services, social services, a substance abuse program, and other resources
9. Continued monitoring of student attendance
10. Employment of qualified outreach consultants to perform duties related to dropout identification, prevention, intervention, and recovery as assigned

The strategies may be incorporated into the district's local control and accountability plan and linked to district goals for student engagement, school climate, and student achievement.

The Superintendent or designee shall ensure that employees are trained to support at-risk students and are prepared to implement intervention strategies or to make appropriate referrals to support services.

When a student leaves school prior to the end of a school year, or when a student successfully completed the prior school year but did not begin attending the next grade or school that he/she was expected to attend or had pre-registered to attend, the Superintendent or designee shall make efforts to determine whether the student has dropped out or has transferred to another educational setting. The Superintendent or designee may contact the student's parents/guardians to verify school enrollment and, if necessary, shall implement intervention and recovery efforts.

The Superintendent or designee shall annually report to the Board on measures of student engagement, including school attendance rates, chronic absenteeism rates, middle school and high school dropout rates, and high school graduation rates. The Board shall monitor district progress in increasing student retention in school and may require revisions in district plans and strategies as needed.

Program Components

The district's child care and development program shall include the following components:

1. The use of a developmental profile reflecting each child's physical, cognitive, social, and emotional development to plan and conduct developmentally and age appropriate activities (Welfare and Institutions Code 10209.5; 5 CCR 18272)

Program staff shall complete the developmental profile for each child who is enrolled in the program for at least 10 hours per week and for any child with disabilities regardless of the number of hours enrolled. The profile shall be completed within 60 days of enrollment and at least once every six months thereafter for children of all ages. (Welfare and Institutions Code 10209.5; 5 CCR 18270.5, 18272)

2. An educational program that complies with 5 CCR 18273, including the provision of services that are developmentally, linguistically, and culturally appropriate and inclusive of children with special needs
3. A staff development program which complies with 5 CCR 18274
4. Parent/guardian involvement and education that comply with 5 CCR 18275 and include an orientation, at least two individual conferences per year, meetings with program staff, an advisory committee, participation in daily activities, and information regarding their child's progress
5. A health and social services component that complies with 5 CCR 18276 and includes referrals to appropriate community agencies as needed
6. A community involvement component that complies with 5 CCR 18277
7. As applicable, a nutrition component that ensures children in the program are provided nutritious meals, beverages, and snacks that meet state and federal standards and have access to drinking water throughout the day, including meal times (Health and Safety Code 1596.808; 5 CCR 18278; 42 USC 1766)
8. Programs that promote age-appropriate structured and unstructured opportunities for physical activity and that limit the amount of time spent in sedentary activities to an appropriate level
9. An annual plan for program evaluation which conforms with the state's system and includes a self-evaluation, parent/guardian survey, and environment rating scale (5 CCR 18270.5, 18279, 18280)

Health and Safety

When a child enrolls or reenrolls in a licensed child care program, the center shall provide the child's parent/guardian with written information on the risks and effects of lead exposure, blood lead testing recommendations and requirements, and options for obtaining blood lead testing, including any state or federally funded programs that offer free or discounted tests. (Health and Safety Code 1596.7996)

If a licensed child care center is located in a building that was constructed before January 1, 2010, the center shall have its drinking water tested for lead contamination every five years following an initial test conducted between

January 1, 2020 and January 1, 2023. The center shall notify the parents/guardians of enrolled children of the requirement to test a facility's drinking water and of the test results. If notified of elevated lead levels, the center shall immediately make inoperable and cease using the fountains and faucets where elevated lead levels may exist and shall obtain a potable source of water for children and staff at that location. (Health and Safety Code 1597.16)

Staffing

The district's child care and development program shall maintain at least the minimum adult-child and teacher-child ratios specified in Welfare and Institutions Code 10275.5 and 5 CCR 18290-18292 based on the ages of the children served.

All persons employed at a licensed district child care center and all volunteers who provide care and supervision to children at such a center shall be immunized against influenza, pertussis, and measles. If they meet all other requirements for employment or volunteering, as applicable, but need additional time to obtain and provide immunization records, they may be employed or volunteer conditionally for a maximum of 30 days upon signing and submitting a written statement attesting that they have been immunized as required. In addition, employees and volunteers shall receive an influenza vaccination between August 1 and December 1 of each year. A person shall be exempt from these requirements only under any of the following circumstances: (Health and Safety Code 1596.7995)

1. The person submits a written statement from a licensed physician declaring either that immunization is not safe because of the person's physical condition or medical circumstances or that the person has evidence of current immunity to influenza, pertussis, and measles.
2. In the case of the influenza vaccine, the person submits a written declaration declining the vaccination.
3. In the case of the influenza vaccine required during the first year of employment or volunteering, the vaccine is not timely because the person was hired after December 1 of the previous year and before August 1 of the current year.

Documentation of the required immunizations or exemptions from immunization shall be maintained in the employee's personnel file. (Health and Safety Code 1596.7995)

In addition to the above immunization requirements, teachers employed in a licensed child care center shall present evidence of a current tuberculosis clearance and meet other requirements specified in Health and Safety Code 1597.055. (Health and Safety Code 1597.055)

Eligibility and Enrollment

The district's subsidized child care and development services may be available to infants and children through 12 years of age and to individuals with disabilities through 21 years of age in accordance with their individualized education program and Welfare and Institutions Code 10213.5. (Welfare and Institutions Code 10213.5, 10273; 5 CCR 18089, 18407, 18422)

To participate in the district's subsidized child care program, families shall document both an eligibility basis and need for care as follows: (Welfare and Institutions Code 10271 and 10271.5)

1. The family is eligible for subsidized services on the basis of being a current aid recipient, income eligible, or homeless and/or the family's children are recipients of child protective services or have been identified as being or at risk of being abused, neglected, or exploited.
2. The family has a need for child care based on either of the following:
 - a. The parents/guardians are participating in vocational training leading directly to a recognized trade, paraprofession, or profession; are engaged in an educational program for English language learners or to attain a high school diploma or general educational development certificate; are employed or seeking employment; are seeking permanent housing for family stability; or are incapacitated
 - b. The child is identified by a legal, medical, or social services agency, the district liaison for homeless students, a Head Start program, or an emergency or transitional shelter as being a recipient of protective services, as being or at risk of being neglected, abused, or exploited, or as being homeless

The Superintendent or designee shall consult the county's centralized eligibility list, when available, or shall maintain a district waiting list in accordance with admission priorities. As vacancies occur, applicants shall be contacted in order of their priority. (5 CCR 18106)

First priority for enrollment shall be given to neglected or abused children who are recipients of child protective services, or children who are at risk of being neglected or abused, upon written referral from a legal, medical, or social services agency. If unable to enroll a child in this category, the district shall refer the child's parent/guardian to local resource and referral services so that services for the child can be located. (Welfare and Institutions Code 10271)

Second priority for enrollment shall be given to families, regardless of the number of parents in the home, who are income eligible, as defined in Welfare and Institutions Code 10271.5. Families with the lowest gross monthly income in relation to family size shall be admitted first. If two or more families are in the same priority in relation to income, the family that has a child with disabilities shall be admitted first or, if there is no child with disabilities, the family that has been on the waiting list for the longest time shall be admitted first. (Welfare and Institutions Code 10271 and 10271.5)

The district shall allow eligible children 11-12 years of age to combine enrollment in a before-school or after-school program with subsidized child care services during the time that the before-school or after-school program does not operate. Children 11-12 years of age, except for children with disabilities, shall be eligible for subsidized child care services only for the portion of care needed that is not available in a before-school or after-school program. (Welfare and Institutions Code 10273)

After all children eligible for subsidized services have been enrolled, the district may enroll other children in accordance with the priorities established by the Board of Trustees .

The district's decision to approve or deny services shall be communicated to the parent/guardian through a written Notice of Action mailed or delivered within 30 days from the date the application is signed by the parent/guardian. (5 CCR 18094, 18118)

Upon establishing eligibility for services, a family shall be eligible for and shall receive services for not less than 12 months before having the family's eligibility or need recertified and shall not be required to report changes to income or other changes for at least 12 months. However, a family establishing eligibility on the basis of income shall report any increases in income that exceed the threshold for ongoing income eligibility specified in Welfare and Institutions Code 10271.5, and the family's ongoing eligibility shall be recertified at that time. At any time a family may voluntarily report income or other changes, which shall be used, as applicable, to reduce the family's fees, increase the family's services, or extend the period of eligibility before recertification. (Welfare and Institutions Code 10271)

The Superintendent or designee shall mail or deliver a Notice of Action to a parent/guardian at least 14 calendar days before any intended change in services, including, but not limited to, an increase or decrease in fees, an increase or decrease in the amount of services, or termination of services, due to any of the following circumstances: (5 CCR 18095, 18119)

1. A determination made during recertification or the update of the application that the need or eligibility requirements are no longer being met or the fee or amount of service needs to be modified
2. Failure of the parent/guardian to document the family's need or eligibility after the district requested such documentation in writing
3. An indication by the parent/guardian that the service is no longer wanted
4. The death of a parent/guardian or child
5. The conclusion of a limited-term agreement, provided that the parent/guardian has been informed in writing of the date that the services would terminate

The Superintendent or designee shall establish and maintain a basic data file for each family receiving child care and development services containing the completed and signed application for services, documentation used to determine the child's eligibility and need, and copies of all Notices of Action. (5 CCR 18081, 18095)

Fees and Charges

Except when offering a program that is prohibited by law from charging any fees, the Superintendent or designee may charge fees for services according to the state fee schedule, the actual cost of services, or the maximum daily/hourly rate specified in the contract, whichever is least. (Welfare and Institutions Code 10260, 10270, 10290, 10291, 10436; 5 CCR 18078, 18108-18110)

However, for the 2021-22 fiscal year, family fees shall not be collected as specified in Welfare and Institutions Code 10290.

No fee shall be charged to a family that is receiving CalWORKS cash aid, an income-eligible family whose child is enrolled in a part-day California State Preschool Program, or a family whose income level, in relation to family size, is less than the first entry in the fee schedule. (Education Code 8253; Welfare and Institutions Code 10291; 5 CCR 18110)

In addition, any family receiving child care on the basis of having neglected or abused children who are recipients of child protective services, or children who are at risk of being neglected or abused, upon written referral from a legal, medical, or social services agency, may be exempt from these fees for up to 12 months. (Welfare and Institutions Code 10271 and 10291)

Fees shall be assessed at initial enrollment and reassessed when a family is recertified or experiences a change in status. Fees shall be considered delinquent after seven days from the date that fees are due. Parents/guardians shall be notified in the event that fees are delinquent. If a reasonable plan for payment of the delinquent fees has not been provided by the parents/guardians, services shall be terminated if all delinquent fees are not paid within two weeks of such notification. Parents/guardians shall receive a copy of the district's regulations regarding fee collection at the time of initial enrollment into the program. (Welfare and Institutions Code 10290; 5 CCR 18082, 18114, 18115)

The Superintendent or designee shall establish a process that involves parents/guardians in determining whether to require parents/guardians to provide diapers. This process shall also be used to determine whether and how much to charge parents/guardians for field trip expenses, within the limit specified in law. A child shall not be denied participation in a field trip due to the parent/guardian's inability or refusal to pay the fee, and no adverse action shall be taken against a parent/guardian for that inability or refusal. (Welfare and Institutions Code 10292)

Disenrollment

When necessary due to a reduction in state reimbursements, families shall be disenrolled from subsidized child care and development services in the following order: (Welfare and Institutions Code 10272.5)

1. Families with the highest income in relation to family size shall be disenrolled first.
2. If two or more families have the same income ranking, children without disabilities who have been enrolled in child care services the longest shall be disenrolled first. After all children without disabilities have been disenrolled, children with disabilities shall be disenrolled, with those who have been enrolled in child care services the longest being disenrolled first.
3. Families whose children are receiving child protective services or are at risk of neglect, abuse, or exploitation, regardless of family income, shall be disenrolled last.

Health Examination and Immunizations

Prior to or within six weeks of enrollment, a child enrolling in a child care center shall obtain a physical examination and evaluation and receive age-appropriate immunizations. (Welfare and Institutions Code 10271)

The requirement for a physical examination and evaluation shall be waived if a parent/guardian submits a letter stating that such examination is contrary to the parent/guardian's religious beliefs. (Welfare and Institutions Code 10271)

A child may be exempted from the immunization requirements only if: (Health and Safety Code 120335)

1. A licensed physician indicates that immunization is not safe due to the physical condition or medical circumstances of the child.

A medical exemption shall be submitted using the standardized medical exemption certification form developed by California Department of Public Health and transmitted using the California Immunization Registry. The request shall include, but not be limited to, a description of the medical basis for which the exemption for each individual immunization is sought and whether the medical exemption is permanent or temporary, including the date upon which a temporary medical exemption will expire. A temporary exemption shall not exceed one year. (Health and Safety Code 120372)

2. The parent/guardian submitted a letter or affidavit prior to January 1, 2016 stating that such examination is contrary to the parent/guardian's personal beliefs. An exemption from immunization granted for personal beliefs is effective only until the next grade span (i.e., birth through preschool, grades K-6, and grades 7-12).

If there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child shall be temporarily excluded from the child care and development program until it is determined that the child is not suffering from that contagious or infectious disease. (Welfare and Institutions Code 10271)

Attendance

Sign-in and sign-out sheets shall be used daily for all children for attendance accounting purposes. Attendance records shall include verification of excused absences, including the child's name, date(s) of absence, specific reason for absence, and signature of parent/guardian or district representative. (5 CCR 18065, 18066)

Absences shall be excused for the following reasons:

1. Illness or quarantine of the child or of the parent/guardian (Welfare and Institutions Code 10213.5)
2. Family emergency (Welfare and Institutions Code 10213.5)

A family emergency shall be considered to exist when unforeseen circumstances cause the need for immediate action, such as may occur in the event of a natural disaster or when a member of the child's immediate family dies, has an accident, or is required to appear in court.

3. Time spent with a parent/guardian or other relative as required by a court of law (Welfare and Institutions Code 10213.5)
4. Time spent with a parent/guardian or other relative which is clearly in the best interest of the child (Welfare and Institutions Code 10213.5)

An absence shall be considered to be in the best interest of the child when the time is spent with the child's parent/guardian or other relative for reasons deemed justifiable by the program coordinator or site supervisor.

Except for children who are recipients of child protective services or are at risk of abuse or neglect, excused absences in the best interest of the child shall be limited to 10 days during the contract period. (5 CCR 18066)

Any absence due to a reason other than any of those stated above, or without the required verification, shall be considered an unexcused absence. After three unexcused absences during the year, the program coordinator or site supervisor shall notify the child's parent/guardian. Children who continue to have excessive unexcused absences may be removed from the program at the discretion of the program coordinator in order to accommodate other families on the waiting list for admission.

Parents/guardians shall be notified of the policies and procedures related to excused and unexcused absences for child care and development services. (5 CCR 18066)

Rights of Parents/Guardians

At the time a child is accepted into a licensed child care and development center, the child's parent/guardian or authorized representative shall be notified of the rights specified in 22 CCR 101218.1, including, but not limited to, the right to enter and inspect the child care facility and the right to be informed, upon request, of the name and type of association to the center of any adult who has been granted a criminal record exemption. (Health and Safety Code 1596.857; 22 CCR 101218.1)

The written notice of parent/guardian rights also shall be permanently posted within the facility in a location accessible to parents/guardians. Notwithstanding these rights, access to the facility may be denied to an adult whose behavior presents a risk to children present in the facility or to noncustodial parents/guardians when so requested by the responsible parent/guardian. (Health and Safety Code 1596.857)

In addition, if a parent/guardian disagrees with any district action to deny a child's eligibility for subsidized child care services, disenroll the child due to a funding shortage, increase or decrease fees, increase or decrease the amount of services, terminate services, or otherwise change the level of services, the parent/guardian may file a request for a hearing with the Superintendent or designee within 14 calendar days of the date the Notice of Action was received. Within 10 calendar days of receiving the request for a hearing, the Superintendent or designee shall notify the parent/guardian of the time and place of the hearing, which, to the extent possible, shall be convenient for the parent/guardian. (5 CCR 18120)

The hearing shall be conducted in accordance with the procedures specified in 5 CCR 18120 by a district administrator who is at a staff level higher in authority than the staff person who made the contested decision. Within 10 calendar days after the hearing, the district administrator shall mail or deliver a written decision to the parent/guardian. If the parent/guardian disagrees with the written decision, the parent/guardian may, within 14 calendar days, appeal the decision to the CDE. (5 CCR 18120-18122)

Records

The Superintendent or designee shall maintain records of enrollment, attendance, types of families served, income received from all families participating in the district's child care and development program, and any other records required under the state contract.
