

Pacific Grove Middle School Cal-Am Grant Landscape Plan

- General Notes**
 - 1) Site prep to include removal of top vegetation layer, import of topsoil, and finish grading.
 - 2) Soil Prep to include amending planting holes with organic soil amendment.
 - 3) Planting of 910 one-gallon native plants on 4 foot spacing. Include hand watering 3 times following initial installation.
 - 4) Each Island will have a quick connect water source for watering by hand (installed by District). It's anticipated that hand watering will be needed for the first summer as plants are being established.
 - 5) Spread 3"-4" of wood chip mulch over entire area after planting.
