SUBJECT: Acceptance of Quarterly Treasurer's Report

**DATE:** September 1, 2022

PERSON(S) RESPONSIBLE: Song Chin-Bendib, Assistant Superintendent for Business Services

### **RECOMMENDATION:**

The Administration recommends that the Board accept the Quarterly Treasurer's Report for the quarter ending June 30, 2022.

# **BACKGROUND:**

Government Code 53646 requires that a quarterly report be made to the Board to identify the investments within which the District's funds are maintained until needed for expenditures. The District pools its revenues with other districts in the County and deposits them with the Monterey County Treasurer. The Treasurer in turn invests these funds in the various instruments identified in the attached report.

### **INFORMATION:**

As indicated in the attached Treasurer's Report, the current investment portfolio is "in compliance with all applicable provisions of state law and the adopted investment policy, and contains sufficient liquidity to meet all projected outflows over the next six months". The portfolio is currently returning an annualized yield of **0.71%**. This is compared to .40% last quarter.

### FISCAL IMPACT:

None.

#### Legistar File Number: 22-706

July 26, 2022

Introduced: 7/13/2022

Version: 1

Current Status: Agenda Ready Matter Type: General Agenda Item

a. Receive and Accept the Treasurer's Report of Investments for the Quarter Ending June 30, 2022; and

b. Receive and Approve the Treasurer's Investment Policy for FY 2022-2023; and

c. Renew the Delegation of Investment Authority to the Treasurer-Tax Collector pursuant to California Government Code 53607.

#### **RECOMMENDATION:**

a. Receive and Accept the Treasurer's Report of Investments for the Quarter Ending June 30, 2022; and

b. Receive and Approve the Treasurer's Investment Policy for FY 2022-2023; and

c. Renew the Delegation of Investment Authority to the Treasurer-Tax Collector pursuant to California Government Code 53607.

#### SUMMARY:

Government Code Section 53646 (b) (1) states the Treasurer may submit a quarterly report of investments. The attached exhibits provide a narrative portfolio review of economic and market conditions that support the investment activity during the April-June period, the investment portfolio position by investment type, and the investment portfolio by maturity range.

The Treasurer also reviews the Monterey County Investment Policy annually and has recommended updates for Board approval. Two updates this year consist of the addition of a new section defining socially responsible investment considerations and a revision of the Gift section to align it with the State Political Reform Act and the Treasurer's Conflict of Interest Code. Finally, annual Board delegation of investment authority to the Treasurer-Tax Collector is being requested as prescribed by Government Code sections 53607 and 53646.

#### **DISCUSSION:**

The U.S. economy during this period was characterized by the following factors: high inflation, a strong labor market, depressed consumer confidence, and growing potential for an economic recession.

The Federal Reserve continues to tighten monetary policy through aggressive interest rate increases to battle persistent inflation. The investment portfolio follows all applicable provisions of state law and the adopted Investment Policy and contains sufficient liquidity to meet all projected outflows over the next six months. Market value pricings were obtained through resources such as Bloomberg LLP, US Bank, and live-bid pricing of corporate securities.

#### **OTHER AGENCY INVOLVEMENT:**

A monthly report of investment transactions is provided to the Board of Supervisors as required per Government Code section 53607.

#### FINANCING:

The investment portfolio contains sufficient liquidity to meet all projected expenditures over the next six months. Investment earnings in the General Fund are expected to fall below the CAO's FY 2021-22 budget due to significantly lower yields on investments purchased during the COVID-19 Pandemic.

#### BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

This recommendation supports the Administration initiative by providing transparency and accountability in the management of County funds in the Treasurer's investment portfolio.

**SUBJECT:** Consolidated Application for Federal Funding, Part 1

**DATE:** September 1, 2022

PERSON(S) RESPONSIBLE: Buck Roggeman, Director of Curriculum and Special Projects

#### **RECOMMENDATION:**

The District Administration recommends the Board approve the 2022-23 Consolidated Application for Funding, Part 1 as presented.

#### **BACKGROUND:**

The Consolidated application is used by the California Department of Education to distribute categorical funds and collect fiscal information. The filing of Part 1 declares the district's intention to participate in the specified categorical programs listed below and to follow the guidelines and requirements of each program. Additionally, the California Department of Education uses Part 1 to collect data and determine fiscal allocations for programs such as Title I Part A, Title II Teacher quality and Title III Limited English Proficient, and Title IV part A Student Support and Academic Enrichment . Information such as the percentage of low income and limited English proficient students listed in the School Student Counts provides eligibility and ranking information for each site within the district.

#### **INFORMATION:**

The Consolidated application must be reviewed by the District English Learner Advisory Committee (DELAC). Per Title 5 of the California Code of Regulations Section 11308, if the district has more than 50 language learners the district must establish a DELAC and involve them in the application for funding for programs that serve English Learners. The DELAC met and approved the application. A copy of the application is attached.

To receive ESSA (Every Student Succeeds Act) funding for 2022-2023, the local education agency must certify the 2022-2023 application for funding in the consolidated application webpage and provide the date when the application was approved by the Board of Trustees.

This year, we can apply for Title III money because our expected allocation of funds is greater than \$10,000.

1.	Title I Part A (Basic Grant)	\$167,452
2.	Title II Part A (Teacher Quality)	\$ 34,671
3.	Title III English Learner Student Program	\$ 11,269
4.	Title IV (Student Support and Academic Grant)	\$ 10,000

FISCAL IMPACT: The total Federal entitlement for 2022-2023 is projected to be \$223,392.

### 2022–23 LCAP Federal Addendum Certification

#### **CDE Program Contact:**

Local Agency Systems Support Office, LCAPAddendum@cde.ca.gov, 916-323-5233

#### **Initial Application**

To receive initial funding under the Every Student Succeeds Act (ESSA), a local educational agency (LEA) must have a plan approved by the State Educational Agency on file with the State. The LCAP, in conjunction with the Addendum and the ConApp, serve to meet the requirements of the ESSA LEA Plan.

In order to initially apply for funds, the LEA must certify that the current LCAP has been approved by the local governing board or governing body of the LEA. As part of this certification, the LEA agrees to submit the LCAP Federal Addendum, that has been approved by the local governing board or governing body of the LEA, to the California Department of Education (CDE) and acknowledges that the LEA agrees to work with the CDE to ensure that the Addendum addresses all required provisions of the ESSA programs for which they are applying for federal education funds.

#### **Returning Application**

If the LEA certified a prior year LCAP Federal Addendum Certification data collection form in the Consolidated Application and Reporting System, then the LEA may use in this form the same original approval or adoption date used in the prior year form.

The District Administration recommends the Board review and approve the contract for services with Open Parachute Social Emotional Curriculum and Pacific Grove Middle School (PGMS).

As a result of stakeholder input regarding the SEL Smartie goals, Open Parachute was identified as a strong social emotional curriculum that would be delivered during weekly advisory classes. This program strengthens and expands the Character Strong curriculum in teaching ways for students to deal with anxiety, stress, peer pressure and depression.

#### FISCAL IMPACT:

The contract is to be paid by the CalHope one-time funds of \$55,000. This program is in support of the PGMS SMARTIE goals in support of student social emotional health.

# **Qualitative & Quantitative** Data Reports

Every lesson in the Open Parachute program contains an Exit Ticket for students. This provides teachers with ongoing data on the learning engagement and wellbeing of their students. There are also in-built research measures that schools can elect to use, that capture information on wellbeing outcomes across the school/district.

Your leadership team will be provided with data from Open Parachute about the utilization of the program by your schools, and the impacts for students and teachers.

Open Parachute is shaped and informed by the student and teacher feedback that we receive. This helps us continue to make new content and resources that are relatable to students and accessible for teachers.

# Research Backed

Open Parachute is evidence-based and research-informed. Our lessons integrate exercises taken from best practices in:

Cognitive Behavioral Therapy

Dialectical Behavioral Therapy

Acceptance & Commitment Therapy

Narrative Therapy These psychological traditions are thoroughly backed by research and have demonstrated effectiveness as interventions that assist youth with the development of important cognitive skills such as emotional awareness, resilience and mental health literacy (James et al. 2015, Bjørnsen et al. 2017, Martinez et al. 2021).

These skills can help youth to process adverse experiences and lead to improvements in the quality of their mental health (Feldman et al. 2009). In alignment with research on youth interventions, the Open Parachute lessons are directly informed by the developmental abilities and socio-emotional challenges faced at the different ages and stages of K-12 students (Nation et al. 2003).

Open Parachute also continually engages in program development research, and schools can elect to participate in our in-depth analyses of the student, teacher, and school culture impacts of using our resources in your setting.

# Professional Development & Wellness for Teachers

Open Parachute provides participating schools with easily accessible and time effective wellness and professional development training for teachers. These resources focus on the development of skills aimed to help teachers overcome common professional challenges such as stress or student resistance in the classroom.

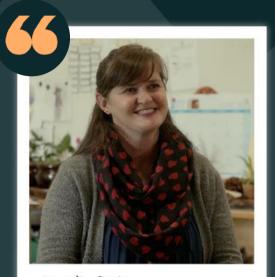

We know time is a precious resource for teachers. Our skillsfocused learning is provided in 10-minute video-based teacher well-being lessons and training activities that can be accessed from anywhere and completed either individually or in a group setting.

# **Teacher Training Content**

Samantha Dunlop Teacher for 20 years

"I did the first 3 modules of the teacher wellbeing program in the staff room and then I noticed that teachers were finishing it up on their own and I think that was a really great way to start...if you as a teacher can connect to it then it's much easier to talk about it in your classroom."

# Parent Education & Resources

Open Parachute also provides participating schools with access to a library of caregiver education resources and content.

To facilitate parent and caregiver involvement, families are provided with information that offers an overview of the Open Parachute lessons and what students are learning within the program.

The online resources provide caregivers with access to their own health and wellness content that aligns with the tools their children are learning in class. These video-based caregiver resources are organized by age group and cover diverse topics such as bullying, addiction, and social media. They are taught skills for building resilience and mental health skills in their child. so that students are also receiving reinforcement on this learning from home. Caregivers are provided access to the full library of content regardless of the age of their child.

Taura Berg Director of Student Services

"As a parent, I have been able to take what I have learned from the Open Parachute lessons to interact with my own children. I feel like I can competently and confidently respond to the challenges my children are facing in their lives right now."

Dr Daniel To District Principal "We were looking for a resource that really works for all of our schools and hits on a multitude of issues rather than a different resource for every issue...We want to have a resource that covers the breadth of everything but also the depth as well, which is why we chose Open Parachute...This sort of response and the research behind it is the best resource that we can give to students and families."

hope lutheran

Taura Berg

Director of Student Services

"The online format makes it easy for educators to access quickly and easily. The video-based content is appealing to both teachers and students. The personal stories shared by students are engaging and credible. Having the kid's ages in the videos similar to the students who are viewing them allows for students to see themselves and connect with the content in a real and meaningful way."

**Dr. Karen A. Tesik** Executive Director of Pupil Personnel Services

"Open Parachute was the tool we were looking for to help us engage with our students about their thoughts and feelings. This peer-based learning approach has improved student engagement in discourse focused on the critical understanding of issues related to mental health."

**SUBJECT:** Public Hearing of Resolution No. #1092 Regarding Sufficiency of Instructional Materials for Fiscal Year 2022-2023

**DATE:** September 1, 2022

PERSON(S) RESPONSIBLE: Buck Roggeman, Director Curriculum and Special Projects

**RECOMMENDATION:** The District Administration recommends that the Board hold a public hearing of the Resolution No. #1092 Regarding Sufficiency of Instructional Materials for fiscal year 2022-2023.

**BACKGROUND:** State Education Code Section 60119 and Assembly Bill 831, Chapter 118, Statutes of 2005, which took effect July 26, 2005, requires that the Governing Board hold a public hearing and make a determination, through the adoption of a resolution, as to whether each pupil in each school in the District has sufficient textbooks or instructional materials, or both, in each subject, that are consistent with the content and cycles of the State curriculum frameworks and adoption cycles.

If the Governing Board determines that there are insufficient textbooks or instructional materials, or both, the Governing Board shall provide information to classroom teachers and to the public setting forth, for each school in which there is insufficiency, the percentage of pupils who lack sufficient standards-aligned textbooks or instructional materials in each subject area and the reasons that each pupil does not have sufficient textbooks or instructional materials.

The Board is required to comply with this requirement, the Instructional Materials Funding Realignment Program (IMFRP) even though it is not directly funded by the State of California.

#### **INFORMATION:**

The District is continually in the process of updating its textbooks and providing instructional materials to meet the requirements of the State curriculum frameworks, content standards, and adoption cycles. At any time, there may be a need for additional revenues to update aging or damaged textbooks and provide additional or replacement instructional materials.

In January 2014, the State Board of Education approved programs for adoption in grades TK-8, Algebra 1 and Integrated Math 1. In November 2015, the state Board of Education approved English Language Arts and English Language Development programs for adoption in grades TK-8.

For the 2014-2015 school years, Superkids by Zaner-Blozer for grades TK-2 aligned to the English Language Arts California Content Standards. Glencoe Biology, a program aligned to the Next Generation Science Standards and the Literacy Standards of the California Content Standards was adopted and implemented for 2014-2015. In 2015-2016 The California Edition of Big Ideas Math by Houghton Mifflin Harcourt was adopted for grades 6-8 as the core math curriculum. In 2016-2017 the High school math department adopted The California Edition of Big Ideas Math as their core math program for Integrated Math 1, Integrated Math 2, and Integrated Math 3. Benchmark Advance, an English Language

Arts and English Language Development program, was adopted for grades 3-5. In 2017-2018 the middle school English department adopted StudySync from McGraw Hill, an English Language Arts/English Language Development program. My Math by McGraw Hill was adopted for grades TK-5 aligned to the Common Core State Standards for Math in 2014-2015. However for the 2019-2020 school years, the board adopted a new math program SWUN for grades TK-5th grades replacing My Math.

In September of 2013, the State Board of Education adopted the Next Generation Science Standards. State approved NGSS aligned curriculum did not become available until the spring of 2019. In grades TK-5, a committee of teachers piloted Stemscopes and chose this curriculum. However the decision to adopt and implement this new science program was put on hold due to the COVID pandemic. The district purchased Mystery Science, an online curriculum that teachers will continue to use this school year. The middle school adopted Elevate Science by Savvas Publishing for the 2021-2022 school year. Most recently, the Board approved the adoption of Studies Weekly Social Studies curriculum in Spring 2022 for students in grades TK-5.

It is appropriate to find at this time that the District has provided sufficient textbooks and instructional materials for all students consistent with the State Curriculum Frameworks and adoption cycles. The total cost for textbooks expenditures was \$179,170.82. The district does not receive any additional money for the purchase of instructional materials.

# **<u>RECOMMENDATION</u>**:

The Administration recommends that the Board review and approve the attached plan for expenditure of funds for the Arts, Music, and Instructional Materials Discretionary Block Grant.

# BACKGROUND:

On June 30, 2022, Governor Newsom signed the 2022-23 State Budget into law. The final Budget is comprised of a \$242.2 billion in General Fund resources with a \$7.8 billion projected surplus. The Department of Finance has not released a per ADA number yet, but School Services of California (SSC) estimated it to be about \$675 per ADA.

The estimated amount for Pacific Grove USD is \$1,038,935. The funds are *one-time* and not ongoing.

Allowable uses for this one-time block grant:

Management Team has met to review the attached spending plan and each site administrator has met with their teaching staff to come up with requests based on priority.

Governing Board must approve an expenditure plan at a public meeting. If the expenditure plan needs to be amended, a revised spending plan can be presented to the Board in the future.

**<u>FISCAL IMPACT</u>**: The estimated revenue of \$1,038,935 which CDE has granted a Resource code of 6762 but has not released a validation table for processing.

SUBJECT:	Contract with Frontline Education for The Implementation of Time & Attendance
	Module

**DATE:** September 1, 2022

PERSON(S) RESPONSIBLE:	Song Chin-Bendib, Assistant Superintendent for Business
	Services

# **RECOMMENDATION:**

The District Administration recommends the Board review and approve the contract with Frontline Education for the implementation of Time & Attendance module.

# **BACKGROUND:**

Frontline Education "Frontline" is a leading provider of school administrative software for the K-12 education community and offers various modules. Three years ago, Frontline acquired ESCAPE, a financial system used by the Pacific Grove USD and all the districts within Monterey County. The District is currently utilizing Frontline for employee evaluations and absences/substitute management. The Time & Attendance module will add another feature for employees to use which interfaces with ESCAPE.

# **INFORMATION:**

Time & Attendance will enable a more efficient way to manage employee time tracking for payroll. The integration will improve payroll process and save time with the ability to capture employee extra (substitute, extra duty, over time, etc) hours electronically to eliminate error-prone processes like paper time sheets and duplicate data entry.

The initial contract for 2022-23 is \$6,962.61:

- \$3,972.61 Time & Attendance, unlimited usage for internal employees
- \$2,990 one-time implementation cost

The contract will commence on September 14, 2022 and ends June 30, 2023. The recurring annual cost thereafter will be \$5,000, an amount which has been negotiated down.

SUBJECT: Presentation of Pacific Grove Middle School's Social Emotional Learning Goals/Targets

**DATE:** September 1, 2022

PERSON(S) RESPONSIBLE: Sean Roach, Pacific Grove Middle School Principal

# **RECOMMENDATION:**

The District Administration recommends the Board participate in learning about the Social Emotional SMARTIE goals that will be utilized as a guide for the use of the Pacific Grove Middle School's (PGMS) CalHope and Chapman Grant money.

# **BACKGROUND:**

This is an additional layer of Social Emotional goal setting intended for creating, tracking, and gauging the effectiveness of the programs and services paid for by the PGMS CalHope and Chapman Grant money.

# **INFORMATION:**

This presentation is a mandated component of CalHope Grant participation.

# FISCAL IMPACT:

This is of no cost to PGUSD. PGMS received the two grants totaling \$90,000 in one-time monies. These SMARTIE goals will be used as a guide to help with the decision making and implementation of programs and services to support student social emotional health.

# PGMS Smartie SEL Goals

# <u>Priority 1 – Schoolwide SEL will Support an Equitable Environment that Empowers</u> <u>All Students to Achieve their Potential</u>

The results of the school climate survey in May (time-bound) will demonstrate a 15% increase in positive responses (measurable) from students and families, and gains will occur among all identified demographic groups (inclusive, equitable). By end of year (time-bound), teachers who have received targeted classroom support will reduce office disciplinary referrals by 30% compared to last year (specific, measurable). Progress monitoring will be utilized to inform efforts in real time and allow for adjustments to practice immediately. These surveys will be conducted in the first month of the school year and again in the spring. The surveys will include the Olweus Bullying Survey, Core SEL Survey and the summative California Healthy Kids Survey (measures).

# Priority 2 – Teaching and Practicing SEL Competencies will Foster Empathy, Acceptance and Respect

By the end of school year 2022-23 (time-bound, attainable), all school staff will receive training and apply core practices and language from an evidence-based SEL program: Character Strong and Open Parachute curricula (specific, measurable), which will be selected over the course of the present school year using feedback from staff, families and students (inclusive) in pilot classrooms. Feedback will be disaggregated by subgroup to ensure that the selected program is a strong fit for all students (equitable). These curriculums will be delivered weekly during our 45 minute Advisory Period.

<u>Priority 3 – By Integrating SEL into Schoolwide Practices and Instruction</u> We Will Teach Skills and Facilitate Opportunities for Students to Contribute to Positive Change By the end of school year 2022-23 (time-bound, attainable), student representatives from each advisory class will meet bimonthly and provide input and focus on SEL and community service (specific, measurable). These student-led initiatives will be shared with staff and include input from staff, families, and students and will be differentiated by grade level (inclusive, equitable).

# What we want to see PGMS become-stakeholder input

<u>Question</u>: are we still looking into that Keenan type training for students about mental health risk factors self-care?

<u>Idea:</u> I would love to see fidgets or sensory tools and some classrooms including wiggle seats for our students.

<u>Idea</u>: Bringing in films like "Angst" and "Like" and watching schoolwide followed by discussion

Vision Statement Ideas: Love to see increased empathy and acceptance as a goal

<u>Question:</u> Is Character Strong the SEL program PGMS is going to use? It appears the grant is asking for those details? Is PGMS considering an additional SEL program to add in?

<u>Idea:</u> Consider a leadership group made up of a mix of students that focuses primarily on events and messages which promote equity, inclusion, diversity, etc. Have several staff members also attend this meeting to ensure the group is organizing itself with the above examples in mind.

<u>Question:</u> Does PGMS have a way to measure the success of these programs? A beginning and end poll for each school year?

What's currently happening to works towards improved SEL:

- Character Strong/ Advisory
- CHILL Friday games
- Occasional teachers vs. students games

<u>What's missing:</u> (some due to COVID)

- Assemblies to help create a united identity of our school
- Assemblies (even if outside) to watch kids perform in their element (i.e. play, chorus, music, in-person talent show)
- Student-generated "newsletter" to help create that identity
- Common school-wide practices such as keeping an agenda as a daily practice (common practices help reinforce a school-identity)
- Common language/mantras used by all teachers (i.e. "Here at PGMS, we <u>push</u> <u>through, even when things get hard."</u>) (We kind of have that with the Growth Mindset.)
- Maybe in the Video Bulletin, there could be a mindful moment (meditate on a quote for 1 minute with nice music maybe as an option to the pledge?) Entire school at Forest Grove currently does Mindfulness, so half of students are already used to such a habit.
- School-buddy or mentorship program for incoming 6th graders? Maybe paired Advisory classes, so once a month, the pairs get together to do an activity together or reflect together?
- Sensitivity training towards non-white people, students from foreign countries, and people with disabilities especially after an incident, rather than consequences occuring in isolation with the single student only.

- Organize a 'Wellness Fair' with a variety of local self care, stress management, nutrician, mindfulness specialists to share their stuff.
- Staff connection program. Meaning, when a student is depressed or suffering from anxiety that student has staff members who connect with them personally. Staff members can use that student as a helper or just have a weekly check-in. These personal interactions are so important for a student who doesn't feel like they matter. Students can choose their helpers, staff would agree to make the connection.
- Weekly wellness booth or center? Each week offer a SEL topic, activity, and/or information about something SEL related. Have something special offered, food, music?, so that it attracts students.
- Quarterly public speakers on SEL topics. Have students write something on this topic in one of their classes to connect the two and have reflection time.
- Video bulletin, have different students from different backgrounds volunteer to talk about themselves in a short video, where they are from, who they are, their culture, etc. what it's like to be them in the world. Could be called a 'PGMS Student Highlight' video.
- Would it be possible to open the gym in the morning for an optional quiet reflection time, calming music, meditation video? The library is this place for many but perhaps it would be cool to have a quiet place in the school that is easily accessible for students and has an adult present. Students can choose to read, be still, listen to the mindful moment...?
- Ask leadership to take a deeper look at their activities and create programs or activities that focus on inclusion
- Mentorship program/ Upstander program, something that involves students learning about micro-aggression and what to do if they are observers of this behavior
- Can we ask teachers to volunteer an additional SEL lesson per week, could be integrated into what they are already teaching, and use these teachers' classes as a way to assess our SEL program?

SUBJECT: Pacific Grove High School Pool Modifications, Maintenance & Spares

**DATE:** September 1, 2022

PERSON(S) RESPONSIBLE: Jon Anderson, Director of Facilities and Transportation

### **RECOMMENDATION:**

The District Administration recommends the Board review the Pacific Grove High School (PGHS) pool presentation and discuss options for consideration.

# **BACKGROUND:**

The PGHS pool has had an unfortunate series of closures in recent years. This presentation will go over a plan to proactively avoiding lengthy closures through system modification, scheduled maintenance, and an inventory of essential spare parts.

### **INFORMATION:**

A considerable amount of funding will be needed to support and implement this plan.

### FISCAL IMPACT:

TBD.

SUBJECT: Summer School Review 2022

**DATE:** September 1, 2022

PERSON(S) RESPONSIBLE: Buck Roggeman, Director Curriculum and Special Projects

### **RECOMMENDATION:**

The District Administration recommends the Board receive the review about Summer School 2022.

# **BACKGROUND:**

Pacific Grove Unified School District has historically offered a summer school program for students. The program serves three groups of students. Secondary students who enroll in credit recovery courses to make up for non-passing grades, elementary general education students who benefit from continued instruction during the summer, and special education students throughout the district who participate in the PGUSD's extended school year program. In 2021, the elementary summer school classes became an extension of the reading intervention program in place at both elementary schools to help mitigate learning gaps resulting from the pandemic.

### **INFORMATION:**

In 2022, PGUSD's summer school program continued the model established last summer with three distinct programs in operation. The elementary general education program focused on reading intervention; the secondary credit recovery program allowed students to make up classes they failed during the school year, and PGUSD offered its extended school year (ESY) to special education students who have ESY as part of their individualized education program.

**Elementary Summary -** The purpose of the reading intervention program was twofold: prevent backsliding during summer and help students show growth when they reported to school in the fall. The attached document contains enrollment numbers and the most current data we have for growth.

**Secondary Credit Recovery Summary -** The secondary credit recovery program had a goal of improving both the percentage of students passing one course and the percentage of students passing two courses compared to the 2021 results. The program showed magnificent growth in these areas as shown in the attached document.

**Special Education Extended School Year Summary** – PGUSD provides an extended school year for students with mild to moderate and moderate to severe disabilities. This year's program served 47 students in preschool through the transition program.

Credit and commendation needs to be given to our dedicated summer school certificated and classified staff who served our student population. In addition, outstanding leadership was shown by Secondary Principal Doctor Larry Haggquist and Elementary/ESY Principal Clare Davies.

# FISCAL IMPACT:

No fiscal impact. Program operated within the approved budget.

**DATE:** September 1, 2022

PERSON(S) RESPONSIBLE: Ralph Gómez Porras, Superintendent

### **RECOMMENDATION:**

The Administration recommends that the Board review the list of future agenda items and direct Administration to add items to the list and/or schedule items for a particular agenda.

#### **BACKGROUND:**

Board Bylaw 9322 states in part that "Any member of the public or any Board member may request that a matter within the jurisdiction of the Board be placed on the agenda of a regular meeting. The request [from a member of the public] must be .... submitted to the Superintendent or designee with supporting documents and information ..."

### **INFORMATION:**
